1 (In open court.)

2 COURTRROOM DEPUTY: All rise. The United States
3 District Court for the Eastern District of New York is now in
4 session. The Honorable Raymond J. Dearie is now presiding.

5 (Honorable Raymond J. Dearie takes the bench.)

6 COURTRROOM DEPUTY: Calling criminal cause for jury
7 trial in Docket No. 10-CR-0019, *United States of America*
8 *against Abid Naseer*.

9 Counsel, please note your appearances for the
10 record.

11 MS. AHMAD: For the United States of America,
12 Assistant United States Attorney Zainab Ahmad Celia Cohen, and
13 Michael Canty.

14 Good morning, your Honor.

15 MR. NASEER: James E. Neuman legal advisor for Abid
16 Naseer.

17 Good morning, your Honor.

18 THE COURT: Good morning. Please be seated.

19 (Defendant enters the courtroom at 9:46 a.m.)

20 THE COURT: I thought I'd come out and see if there
21 are any preliminary matters. I believe everyone's here with
22 the jurors, so we should be ready to go at the appointed hour.

23 Anything anybody wants to take up before we begin?

24 MS. AHMAD: Your Honor, the only thing we wanted to
25 take up was the subject of our motion filed on Sunday, the

Colloquy

4

1 15th.

2 We intend to describe in the opening statement the
3 document that we're seeking to admit. We do not intend to
4 make any description of the events that led to its retrieval
5 and we wanted to understand from your Honor if you felt that
6 the document would be admitted and, therefore, that we could
7 make that representation.

8 THE COURT: Well, I'm not going to make a final
9 ruling because Mr. Naseer has not had an opportunity to reply
10 or respond. But I will permit to you make those references in
11 your opening statement you proceed at your peril, of course.

12 MS. AHMAD: Thank you, Judge.

13 THE COURT: Anything, Mr. Naseer.

14 MR. NASEER: Yes, sir. I have not received the
15 documents, actually in form of disks.

16 THE COURT: Which document is that, sir?

17 MR. NASEER: That is the Bates number one, sorry,
18 February the -- February the 13th, 2015, Page 1257.

19 MS. AHMAD: We sent Mr. Naseer a disk of those
20 documents but I have paper copies that I can give him right
21 now.

22 THE COURT: Please. They're not being offered at
23 the moment, Mr. Naseer. You'll have an opportunity
24 to -- assuming there's an objection, I don't know if there is
25 going to be an objection.

Colloquy

5

1 MR. NASEER: There is there will be an objection.

2 THE COURT: I'm sorry.

3 MR. NASEER: There is going to be an objection.

4 THE COURT: Well, even before reading that you know
5 that huh? Okay. Fair enough.

6 We will give you an opportunity to voice your
7 objection when the Government offers those documents.

8 MR. NASEER: Okay.

9 THE COURT: Anything else?

10 MR. NASEER: Sir, yesterday, Mr. Neuman booked a
11 legal visit to visit with me at MDC and I wasn't allowed to
12 see Mr. Neuman and I was having a problem leaving the unit at
13 MDC. The staff member at MDC would not allow me to go
14 downstairs to see Mr. Neuman and I documented the issue and I
15 addressed it to the department concerned and I received a
16 reply. We did not resolve the issue.

17 THE COURT: What is the issue?

18 MR. NASEER: Sir, does the Court mind if I produce
19 the documents?

20 THE COURT: Do you have a copy for the Government?
21 If not, we'll take it.

22 (A brief pause in the proceedings was held.)

23 MR. NEUMAN: He does not have copies.

24 THE COURT: We'll make copies.

25 (A brief pause in the proceedings was held.)

Colloquy

6

1 THE COURT: So I just skimmed through it very
2 quickly. So the problem is before you can leave the unit you
3 have to undergo a pat down.

4 MR. NASEER: That's correct, sir.

5 THE COURT: By female officers?

6 MR. NASEER: Well, the general procedure is that
7 every inmate has to go through a pat down, sir. And I
8 requested for religious reasons that a male officer could be
9 provided and they do accommodate that on all occasions. But
10 the officer mentioned in the request has a specific issue with
11 the patting down Muslim inmates. She will not allow me to
12 leave the unit unless I get patted down by her.

13 THE COURT: I understand your concern, the
14 frustration, I hope you understand mine. Can you deal with
15 this, please?

16 MS. AHMAD: Yes, your Honor.

17 This is the first we've heard of it but we'll call
18 the MDC at the lunch break.

19 THE COURT: We're going to resolve that issue for
20 you, Mr. Naseer. If it persists you let me know.

21 MR. NASEER: Appreciate it, sir.

22 THE COURT: Anything else?

23 MR. NASEER: Nothing, Judge.

24 THE COURT: How long do you expect to be in your
25 opening?

Colloquy

7

1 MS. COHEN: About 20 minutes your Honor.

2 THE COURT: Mr. Naseer, how long do you expect to be
3 in your opening?

4 MR. NASEER: Ten minutes, sir.

5 THE COURT: Stand at ease. See you in ten minutes.

6 (A recess in the proceedings was taken.)

7 THE COURT: Good morning, everyone. Please be
8 seated.

9 I understand there are some that cannot access the
10 courtroom. I'm told the staff is working on some sort of an
11 overflow facility which may take a few minutes to get
12 operational. Otherwise, we're ready to proceed.

13 As is the routine, as soon as the jury enters, I'm
14 going to ask the parties whether the jury is satisfactory.
15 That's a routine question we put to everyone before the jury
16 is sworn.

17 COURTROOM DEPUTY: Judge Dearie, we're all set.

18 THE COURT: Bring them in.

19 (A brief pause in the proceedings was held.)

20 THE COURT: All rise.

21 (Jury enters courtroom at 10:04 a.m.)

22 THE COURT: Good morning, everybody. If the jury
23 with remain standing. Everyone else please be seated.

24 Is the jury satisfactory to the Government?

25 MS. AHMAD: It is, your Honor.

Preliminary Instructions

8

1 THE COURT: And to the defense?

2 MR. NASEER: Yes, sir.

3 THE COURT: Swear the jury, please.

4 COURTROOM DEPUTY: Please raise your right hand.

5 (Jury panel sworn by the courtroom deputy.)

6 THE JURY: (Collectively) Yes.

7 COURTROOM DEPUTY: Thank you. Please have a seat.

8 THE COURT: Thanks again, ladies and gentlemen, for
9 braving the elements. I know some of you come apparently some
10 distance and we're very grateful that you made the extra
11 effort to get here on a crummy day in February on time so we
12 can get started. As I said, we're going to do everything we
13 can to make good use of your time and we will not keeping you
14 waiting.

15 So then we're about to begin the trial.

16 I have a few very preliminary instructions for you
17 to repeat. It's been some time since we spoke on Friday and
18 one of your colleagues wasn't here at that time. Our
19 schedule, generally, is either 9:30 or 10:00 in the morning
20 till, approximately, 5:00. On most days, you will be on your
21 way -- if not every day -- you'll be on your way home by 5:00.
22 It's a rare exception that we may go any time beyond the
23 5:00 o'clock hour.

24 We'll take a midmorning break, a midafternoon break
25 so everybody can relax and be comfortable. If, at any time,

Preliminary Instructions

9

1 you're distracted or uncomfortable regardless of the schedule
2 raise your hand, we'll attend to the problem. You are the
3 critical and sole judges of the facts and you need to be able
4 to undertake this responsibility without any distraction of
5 any sort so don't be shy about that.

6 We'll take, of course, a lunch break at about 12:30
7 for about, we'll, an hour, hour and five minutes depending
8 upon the weather. So that's our schedule. If there's any
9 change, you'll know it as soon as I do, all right? I don't
10 anticipate any changes, but if there are, you will know the
11 schedule as soon as I do.

12 I notice a number of you, if not all of you, have
13 entered the courtroom bearing legal pads presumably for note
14 taking. I have just a few comments about note taking and by
15 saying this I don't mean to discourage you in any sense of the
16 word. Just be aware that when you take notes they are by
17 definition incomplete.

18 We all know from our school days that some of us are
19 better note takers than others. Some of us were borrowers,
20 some of us were lenders. So if you take notes their for your
21 use, not to be borrowed or lent at any time during the course
22 of the proceedings. We have a record, a verbatim record, of
23 every word that's said in the courtroom. So, if during the
24 course of your deliberations, you need to refresh your
25 recollection we'll resort to the trial record, of course. So

Preliminary Instructions

10

1 if you take notes they're for your use only. Please bear that
2 in mind.

3 If you take notes, at the end of the day,
4 Ms. Mulqueen will give you an envelope, each of you an
5 envelope. Put the notes in the envelope, seal it, sign over
6 the flap, give it to Ms. Mulqueen and she will deposit those
7 notes in the safe overnight and return them to you first thing
8 the following working morning.

9 So, again, I just admonish you about note taking
10 only because it bears having in mind that there are
11 limitations to it and I don't mean do discourage it in any
12 sense of the word.

13 So we begin, then, the trial of this case. You've
14 heard very little about it either in the course of our
15 questionnaire, which do you dutifully filled out, or briefly
16 during our individual interviews. So there are certain things
17 that I'll tell you now that will help you understand what is
18 about to unfold.

19 Some of you are returning veterans to jury service,
20 a number of you are not, so there are some similarities as to
21 what you might expect from your TV viewing and so forth but
22 this is not going to be what you see on TV by any stretch of
23 the imagination.

24 Where to begin? I begin with the most serious
25 point, the only point. You are here to administer justice

Preliminary Instructions

11

1 according to the law and the evidence with complete fairness
2 and impartiality without any bias, prejudice, or sympathy for
3 or against the Government or the defendant, Mr. Naseer.

4 You've just taken an oath to do that, a very serious oath.

5 In just a few minutes, when I finish these brief
6 instructions, the attorneys will have an opportunity to make
7 an opening statement. The attorneys, I should say the,
8 Government's attorney and Mr. Naseer will have an opportunity
9 to offer opening statements. What is said by the attorneys or
10 Mr. Naseer is not evidence. It's critical that you understand
11 that.

12 What is said is not evidence, it's sort of a preview
13 of what each expects the evidence may or may not prove and
14 they may alert you to certain issues that they think will be
15 before you at the conclusion of the trial when you retire for
16 your deliberations.

17 The case is based on an indictment, there's a word
18 you've heard before. It's important that you understand what
19 an indictment is and maybe even more important what it is not.
20 It's an accusation in writing, nothing more. It's not
21 evidence of a thing. It is entitled to no weight in your
22 consideration of the evidence. All right?

23 Mr. Naseer has pled not guilty. The Government has
24 the burden, then, of proving his guilt beyond a reasonable
25 doubt with respect to each of the three charges. I'm not

Preliminary Instructions

12

1 going to review the charges presumably you will hear something
2 about that during the course of the opening statements.

3 Now, the purpose of the trial is simply to determine
4 whether or not the Government meets this burden of proof. The
5 defendant does not have to prove his innocence, quite the
6 contrary. The defendant is presumed to be innocent of the
7 accusations in the indictment and that presumption of
8 innocence remains with him throughout the trial.

9 After the opening statements, again, which are not
10 evidence, we will begin immediately with the introduction of
11 the Government's evidence in support of the charges. When
12 that phase of the case is completed, and the Government rests
13 its case, the defendant may present evidence but, again, I
14 emphasize he is not required to do so.

15 The burden is on the Government to prove every
16 element of each offense beyond a reasonable doubt. The law
17 never imposes on a defendant in a criminal case the burden of
18 calling any witnesses or, for that matter, introducing any
19 evidence at all. And once the evidentiary phase of the case
20 is over, you'll then hear from the Government and from
21 Mr. Naseer what we call summations or closing arguments.

22 And, again, what will be said during this phase of
23 the case is not evidence, they will present to you the
24 contentions of the parties, invite you to draw or perhaps not
25 draw certain inferences and so forth.

Preliminary Instructions

13

1 But what they say is not evidence because the burden
2 of proof remains at all times on the Government. The
3 Government begins this phase with its closing argument then
4 Mr. Naseer will be given an opportunity to give his closing
5 arguments and then the Government will have the chance to give
6 a brief rebuttal.

7 I will then instruct you on the law that governs
8 this case and you will immediately retire for your
9 deliberations.

10 You have a tremendously important task as jurors.
11 If that is not apparent to you now, I assure you folks it will
12 very quickly become so. You are here to determine the facts.
13 Our constitution gives the defendant a right to have you as
14 members of the community decide the facts and you alone are
15 the judges of the facts. I have no authority; I have no
16 power.

17 I will try to preside impartially, of course, and
18 not to express any opinion concerning the facts. If I say
19 anything at any time that gives you the impression that I have
20 an opportunity, first of all, I have no such opinion. And,
21 second of all, disregard whatever you believe to be my view.
22 My view doesn't count, all right?

23 As sole judges of the facts, you must determine
24 which of the witnesses you believe, what testimony you accept,
25 and what weight or significance to attach to the testimony of

Preliminary Instructions

14

1 a particular witness.

2 Now, a little tutorial and forgive me if you already
3 know this but you are going to hear from time to time
4 objections. Unlike television, you are not going to hear
5 speeches, you may just hear the word "objection." You may
6 hear a brief phrase like "leading" or "hearsay," or something
7 of that sort. You won't to hear speeches. I am then called
8 upon to apply the rules of evidence as I understand them as a
9 matter of law and make a judgment as to whether the objection
10 should be sustained, meaning, I agree with the party making
11 the objection or overruled meaning simply I don't.

12 The mere fact that the question is objected does not
13 give the answer, should I permit it, any special significance
14 I am applying the rules of evidence, all right? I'm not
15 making any judgment about the testimony of the witness, the
16 credibility of the witness and so forth.

17 In a perfect, pristine, world, every time there was
18 an objection that means there's a legal issue before me and
19 the legal issues are my department. I excuse the jury and
20 make my legal ruling. But for all the obvious practical
21 reasons we don't do that. I'm called upon to make a ruling,
22 I'll make my ruling but I'm not suggesting anything to you
23 about the testimony of the witness, the significance of the
24 question asked, or for that matter, the significance of any
25 response that may follow, okay. Bear that in mind.

Preliminary Instructions

15

1 Some of these things we say because jurors ask us at
2 times over the years when the trial is over and we chit-chat
3 with the jury if they choose to, some of the jurors like to do
4 that. They'll ask you questions, did you mean to suggest this
5 or suggest that? I don't mean to suggest a thing. All right?
6 So if you find yourself thinking in those terms, please,
7 ladies and gentlemen disregard it.

8 Now, you're not to consider anything you may have
9 read or heard about the case outside the courtroom either
10 during trial after trial, whatever. All right. You've just
11 taken an oath, a solemn oath, to decide this case based solely
12 on the evidence.

13 So what does that mean? If the morning newspaper
14 carries an account of this trial, turn your attention away
15 from it. I ask you to be vigilant. I ask you to be
16 responsible, all right? If you're listening to the morning
17 news or evening news on your television sets, or on your
18 computers, and something comes up that sounds like this case
19 turn your attention away from it. You know one thing, it may
20 be an account of the trial day. It may be accurate, it may be
21 inaccurate. Chances are, in my experience, it's a little of
22 both but it's not evidence. All this effort, all this time,
23 all this expense goes into bringing this matter before you as
24 judges of the facts, so you decide the case based only on the
25 evidence. Don't place that in jeopardy. Please, ladies and

Preliminary Instructions

16

1 gentlemen.

2 No statement, ruling, remark or comments I may make
3 during the course of the trial, once again, is intended to
4 indicate any of it as to how you should decide the case or
5 influence you in any way.

6 Now, at times, I may ask questions of a witness.
7 It's really more the exception than the rule as you'll soon
8 see, okay? Again, if I ask a question, it has no special
9 significance because the judge asks the question. The judge
10 may not have heard the answer. The answer may have included a
11 term that we hadn't heard before and I may ask the witness to
12 explain the term. The answer may be on its face incomplete or
13 ambiguous. Whatever the case may be, I am not sending signals
14 to you, ladies and gentlemen, if I put a question to the
15 witness. Please once again, do bear that in mind.

16 Finally, there are a few rules. You've heard some
17 of these already, at least most of you have, that I'm required
18 to impose on you and everybody else during the course of the
19 trial.

20 First, do not discuss the case either among
21 yourselves or with anyone else. All right? As I told most of
22 you Friday, "among yourselves," may sound a little
23 counterintuitive and strange because, after all, that's what
24 you're going to do. But you will discuss this case as a
25 deliberating jury. You won't discuss this case individually

Preliminary Instructions

17

1 until you've heard all of the evidence; you heard the
2 summations of the parties; you've heard my instructions. And
3 then, when all 12 deliberating jurors and no one else are
4 together in the jury room behind a closed door. At no other
5 time is there to be any discussion about the case.

6 Please ladies and gentlemen of the jury, be vigilant
7 and keep that carefully in mind. It takes some restraint
8 because you're sitting here all day. You're listening to
9 things. It's perfectly human reaction to want to chit chat
10 about that particularly to somebody who is sitting next to you
11 or taking the bus home with you. Whatever the case may be it
12 is critical that you not discuss this case until the
13 appropriate time.

14 Do not permit any other person to discuss the case
15 in your presence. And if anyone does, or attempts to do so,
16 you should bring that to the attention to the Court but not to
17 the attention of your colleagues on the jury. Ms. Mulqueen,
18 bring it to her attention and she will in turn bring it to
19 mine, okay. Very, very important.

20 And finally, as I think I've told you the other day,
21 once we've begun the trial to avoid any misunderstanding
22 whatsoever, once we're underway there is to be no discussion
23 of any kind with any of the parties, witnesses, and so forth.
24 We do that for all the obvious reasons. We don't want any
25 misunderstanding so don't be insulted when the elevator doors

Preliminary Instructions

18

1 open and there's an attorney or party standing there and you
2 get ignored. Whoever it is following the instructions that I
3 impose on them. So please, ladies and gentlemen, don't take
4 offense.

5 We have six alternate jurors. Ladies and gentlemen,
6 please pay very close attention. If one of our jurors is
7 called away on an unforeseen emergency or extended illness,
8 you'll be asked to step in and, of course, like any other
9 juror asked to deliberate at the conclusion of the trial.

10 Some of these instructions are so critical. The
11 other one that I repeat is: No independent investigations.
12 We're all curious. We've interrupted your lives, we imposed
13 ourselves on you, you've assumed perhaps the most solemn and
14 serious obligation to citizenship. Don't place that all in
15 jeopardy by getting online and running names or anything else
16 in the computer. It will undermine what we're doing here and
17 will be a very serious breach of your oath as jurors so
18 withstand the temptation.

19 Forgive my tone if I appear to be a little too
20 schoolmarmy but it is that important. And these instructions
21 are such that many of them I'll repeat every time we separate
22 that's how serious I take it all.

23 Thank you for your on-time arrival. We turn to the
24 United States Attorney for her opening statement.

25 MS. COHEN: Thank you, your Honor.

Opening Statement - Ms. Cohen

19

1 In 2008, the terrorist group, al-Qaeda, had a new
2 plan. A plan that they hoped would repeat the devastation of
3 9/11. They recruited operatives based in the United States
4 and Europe to conduct their terrorist attacks. People who had
5 passports or student visas and that allowed them to move
6 freely within the U.S. and Europe.

7 Al-Qaeda had been secretly training these western
8 operatives at their compounds in the tribal areas of Pakistan.
9 During those training sessions, they taught them how to fire
10 weapons, how to build bombs, how to cause the most casualties,
11 and how not to get caught.

12 And, in late 2008, al-Qaeda was ready to send those
13 operatives back to their homelands to do just that -- to bomb
14 their home cities in attacks that would kill hundreds of
15 innocent people and cause millions of dollars in economic
16 damage. Al-Qaeda and its operatives conspired to bomb three
17 cities: New York City, Manchester in England, and Copenhagen
18 in Denmark.

19 That man, the defendant, Abid Naseer, he was one of
20 those operatives. He was the leader of the Manchester cell.
21 The defendant, like the other western operatives, received
22 training in Pakistan. When he returned to Manchester from
23 receiving that training, he and his co-conspirators began
24 plotting their attack. During that time, the defendant kept
25 in touch with al-Qaeda through an operative who he called

Opening Statement - Ms. Cohen

20

1 Sohaib. The defendant sent coded e-mail messages to Shokaib
2 making it look like they were from a woman so that law
3 enforcement would not suspect the true purpose of those
4 e-mails.

5 And while he was in contact with al-Qaeda, the
6 defendant and his co-conspirators were plotting the attack.
7 They chose their target carefully, a shopping center, a
8 tourist area, a place that people would be out and about
9 shopping, dining, enjoying themselves. And in early
10 April 2009, the defendant told al-Qaeda that they were ready.
11 He sent an e-mail to Shokaib telling him when the attack was
12 to take place. It was set for Easter time, the casualties
13 would increase with tourists and vacationers.

14 What these men didn't know was that law enforcement
15 was on to them, they were watching them. Fortunately, just
16 days before the planned attack, the defendant and his
17 co-conspirators were arrested.

18 As for the other two parts of the conspiracy, three
19 al-Qaeda members living in the United States were plotting to
20 bomb the New York City subway. As for the Copenhagen cell
21 those operatives were plotting to bomb a newspaper that
22 published insulting cartoon images of the Prophet Mohamed.
23 Those plans were also stopped by law enforcement before the
24 operatives could carry out the attacks.

25 During the course of this trial, you will see the

Opening Statement - Ms. Cohen

21

1 similarities between those three plots. You will see they
2 were all connected that they were all part of one al-Qaeda
3 conspiracy.

4 Let's look closely at how the defendant led the
5 Manchester cell. The defendant and his co-conspirators were
6 all born in Pakistan in the northwest region where al-Qaeda
7 set up home base after 9/11. In 2006 and 2007, they were
8 dispatched by al-Qaeda to become westerners. Al-Qaeda sent
9 the defendant and his co-conspirators to England so that they
10 could assimilate and become familiar with its cities. The
11 defendant and his co-conspirators enrolled in university so
12 that they could have student visas that they would need to
13 emigrate to England.

14 Within a week of the defendant's arrival in England,
15 he dropped out of that university, but, of course, because he
16 had to be enrolled in some kind of school in order to keep the
17 student visa. He enrolled in a college in Manchester for an
18 English language skills class. A language that you will learn
19 he already spoke perfectly.

20 And the defendant's co-conspirators followed the
21 same pattern. They all dropped out of the university and
22 enrolled in that same college in Manchester. And while the
23 defendant was claiming to be studying, he went back to
24 Pakistan in September of 2008 for two months to receive
25 further training from al-Qaeda. And right before he went back

Opening Statement - Ms. Cohen

22

1 to Manchester, he set up a special e-mail account that he used
2 only to contact al-Qaeda.

3 The account, the e-mail account, was registered in a
4 fake woman's name. The name was Huma, the address was
5 humaonion@yahoo. He later set up a special e-mail account to
6 contact al-Qaeda also in a fake woman's name, Parveen. That
7 address was chippyparveen@yahoo. Why women's names? Because
8 they were less likely to attract attention. Less likely to be
9 monitored by law enforcement.

10 You are going to hear a lot about those two e-mails
11 accounts because those were the defendant's operational e-mail
12 accounts. He had other e-mail accounts that he used for his
13 personal business to e-mail but he never e-mailed anyone else
14 other than al-Qaeda from those two operational accounts.

15 Now, I mentioned that the defendant was in contact
16 with al-Qaeda through a leader called Shokaib. That al-Qaeda
17 leader was who the defendant was instructed to update on his
18 attack plans when he was in Pakistan.

19 Now, Shokaib had two operational accounts, two
20 operational e-mail accounts, both in women's names. One of
21 those accounts in the woman's named Sana was used to contact
22 the defendant and a member of the New York City subway plot.
23 Those were the only two people that that al-Qaeda contact ever
24 sent e-mails from that account.

25 As for Shokaib's other operational account, that was

Opening Statement - Ms. Cohen

23

1 used to contact a member of the Copenhagen plot. When you see
2 these e-mails, you will know that they are al-Qaeda's
3 operational accounts because everything in them related to
4 these bomb plots.

5 Now, because al-Qaeda did not want to get caught,
6 they trained its operatives in its trade craft, techniques to
7 avoid detection.

8 The first thing al-Qaeda insisted on was that no one
9 in al-Qaeda was to use his real name, they were to use an
10 alias. Not even during training in Pakistan were they to use
11 their real name. And you'll see that the defendant followed
12 that rule -- he never used his real name with Shokaib, he used
13 an alias.

14 And when al-Qaeda and its operatives sent e-mails,
15 they didn't read like regular e-mails. Al-Qaeda taught its
16 operatives to use code. You will learn the word "marriage" or
17 "wedding" was standard al-Qaeda code for the attack. And that
18 is the code that the defendant used in his e-mails to Shokaib.

19 And al-Qaeda also taught their operatives to use an
20 operational e-mail account that was solely used to contact
21 al-Qaeda just like the defendant did. And you will learn that
22 these al-Qaeda terrorists typically did not send e-mails from
23 computers that could be traced to them. Instead, they would
24 put their messages often on thumb drives and go to a public
25 place like an internet café where they would send the e-mails

Opening Statement - Ms. Cohen

24

1 from that, of course, was to avoid detection.

2 And the defendant followed that rule, too. You will
3 see that he never sent an e-mail to al-Qaeda from his home
4 computer. He never logged on to his home -- to his
5 operational e-mail accounts from his home computer. Instead,
6 he went to an Internet café where, conveniently, one of his
7 co-conspirators worked and that's where he sent his e-mails to
8 Shokaib.

9 Now, the defendant used his home computer for
10 everything else. He went on the Internet from it. He sent
11 e-mails from it. The defendant was careful, he knew that his
12 computer would be searched and he wanted nothing on there
13 related to al-Qaeda.

14 Now, during this time once the training and the
15 instructions were provided by al-Qaeda. They delegated to the
16 operatives the decision on where and when the attack would
17 take place and what bomb to use. You see, that was the whole
18 point of these western operatives. They knew the targets best
19 because they were living in the foreign cities; they knew how
20 to blend in. They could conduct reconnaissance to determine
21 the best targets. And they, unlike the al-Qaeda leaders
22 living in Pakistan, were able to move freely.

23 And you will see that from the defendant's actions.
24 You will see that he and his co-conspirators went to the
25 different target sites to determine where the attack would

Opening Statement - Ms. Cohen

25

1 take place. Mainly shopping centers. They were the ones
2 determining the attack location but they kept al-Qaeda
3 informed. You will see that the defendant sent e-mails to
4 Shokaib telling him about when his wedding, the attack, would
5 take place.

6 Now, the defendant also kept Shokaib updated on the
7 bomb that he was considering building. You see, al-Qaeda
8 trained their operatives to build several different types of
9 bombs based on materials that could easily be found in grocery
10 stores or beauty supply stores. But they left it up to the
11 operatives to choose which one to build based on what
12 materials they could most easily find. And the defendant kept
13 Shokaib updated on which bomb he was considering. Of course,
14 he talked about it in code. You will see that when the
15 defendant spoke about bombs with Shokaib, he used women's
16 names to describe them.

17 Now, with all this talk of marriage and women, the
18 defendant's e-mails make it look like he had an active love
19 life in January of 2009. He told Shokaib that he was getting
20 ready to choose which woman to marry, but what he meant was
21 which bomb. And he told Shokaib that after the engagement was
22 finalized there would be a huge party, a huge attack.

23 In April 2009, the defendant and the other members
24 of the Manchester cell made their decision. On April 1st,
25 they had a secret meeting where they finalized the attack

Opening Statement - Ms. Cohen

26

1 plans. Two days later, on April 3rd, the defendant told
2 al-Qaeda that they were ready. That afternoon, he carefully
3 drafted an e-mail to Shokaib. And in that e-mail message, he
4 told Shokaib that he was going to marry a woman named Nadia,
5 the type of bomb that he had decided on.

6 He told Shokaib the scheduled date for the attack
7 was to take place around the Easter Holiday and he called it
8 the Nikah, the Islamic religious wedding ceremony. He told
9 Shokaib to be ready between those dates, meaning, al-Qaeda
10 should be ready and that he wished Shokaib could be there to
11 enjoy the party, the explosion.

12 But, of course, the defendant couldn't send that
13 message from his home computer. He put it on the thumb drive
14 and he went to the Internet café where he met one of his
15 co-conspirators. He sat down at one of the one of the
16 Internet café computers, put the thumb drive in that computer,
17 which you will see here in evidence, and he sent the e-mail
18 message to Shokaib. And while he was sending that e-mail
19 message to inform al-Qaeda of the attack, he listened to
20 terrorists chants to get himself charged up and ready.
21 Terrorist chants about waging holy war and being a martyr and
22 looking forward to death in large numbers.

23 And right after the defendant sent that last e-mail,
24 he immediately began trying to cover up his tracks. He
25 deleted all of the e-mails to and from Shokaib. He tried to

Opening Statement - Ms. Cohen

27

1 wipe away all the evidence. The following day, the
2 defendant's co-conspirators made one last trip to the place
3 that they had decided on for the attack but the attack never
4 occurred because five days later, on April 8, 2009, the
5 defendant and his co-conspirators were arrested.

6 Now, for these actions, the defendant is charged
7 with a conspiracy to provide material support to a foreign
8 terrorist organization, in this case, al-Qaeda. And for
9 providing material support to al-Qaeda and for conspiracy to
10 use a destructive device.

11 Now, how will the Government prove our case to you?
12 We will prove to through physical evidence, through
13 documentary evidence, and through witness testimony. The very
14 first witness to take that stand will be one of the
15 defendant's co-conspirators who pled guilty to plotting an
16 attack on the New York City subway on behalf of al-Qaeda. His
17 name is Najibullah Zazi. Zazi will take the stand and he will
18 tell you how he kept al-Qaeda informed of his attack plans on
19 the very same e-mail address that the defendant used to
20 contact al-Qaeda.

21 Zazi will tell you how he met Shokaib in Pakistan
22 under a different alias. The defendant and Zazi were both
23 getting directions from the same al-Qaeda member at the same
24 e-mail address, the very same operational account. And Zazi
25 will tell you besides the fact that Shokaib only e-mailed the

Opening Statement - Ms. Cohen

28

1 defendant, Abid Naseer, and Najibullah Zazi from that e-mail
2 account. Those were the only two he ever sent e-mails to.

3 And Zazi will tell you that he, too, kept al-Qaeda
4 informed of his attack and which bomb he was going to use.
5 He, too, called the attack a wedding or his marriage. Zazi
6 will give you a window into how al-Qaeda operates, how the
7 defendant was similarly trained. He will tell you about how
8 he was trained. He will tell you about those training
9 sessions. How he was taught to fire weapons including rocket
10 propelled grenades and how to build bombs.

11 And you will get to see the notes that he took
12 during his bomb making training. And you are going to see
13 those e-mails I mentioned the ones that Zazi and the defendant
14 both received from Shokaib and the ones that he sent to him.
15 And you will see the e-mails that al-Qaeda also sent to the
16 Copenhagen plotters.

17 You will hear from a computer forensic witness who
18 examined the computers in the Internet café that the defendant
19 used as well as the other computers and he will show you how
20 we know it was the defendant who was logging into those
21 operational e-mail accounts, how he found traces of him
22 logging in and sending e-mails to Shokaib.

23 You are going to hear from surveillance officers,
24 members of the British security service also known as MI5 and
25 members of the Greater Manchester Police.

Opening Statement - Ms. Cohen

29

1 They will tell you how they began watching the
2 defendant and his co-conspirators from mid-March 2009 until
3 their arrest. They will tell you how they saw the defendant
4 and his co-conspirators visiting the attack sites, having
5 meetings with one another, and how they saw the defendant
6 going into the Internet café and logging on to those
7 computers.

8 One of those surveillance officers was there the day
9 the defendant sent that final e-mail to al-Qaeda. And
10 surveillance officers will also tell you how they saw the
11 defendant and his co-conspirators going in to beauty supply
12 stores and cosmetic stores, places where al-Qaeda trained them
13 that they could get materials to use to make a bomb.

14 You will also get to see photographs, photographs of
15 the defendant and his co-conspirators that they took of the
16 target sites and you will be able to tell that these
17 photographs are not tourist photographs but reconnaissance
18 photographs.

19 They show the defendant's co-conspirators in front
20 of the same chain stores over and over again on multiple days.
21 They show the entrances in and the exits of the stores and the
22 stores in the background, the targets, you will see that
23 they're mainly made of glass which would increase the
24 devastation.

25 Most of those photos were taken in August of 2008

Opening Statement - Ms. Cohen

30

1 just before the defendant left to go back to Pakistan for
2 further training and they were accessed again at that Internet
3 café just weeks before the final attack. The same Internet
4 café that the defendant sent his e-mails to al-Qaeda.

5 You are going to hear from a bomb expert who will
6 tell you how bombs can be made with homemade ingredients and
7 how al-Qaeda provides training on how to make those household
8 bombs. And he will tell you how Zazi's notes, the bomb making
9 notes are exactly on point. That if you follow those
10 directing your attention, you would cause a huge explosion.

11 You are going to hear from an al-Qaeda expert who
12 will tell you how al-Qaeda is structured, about its leaders,
13 how it conducts its operations, and the manner in which it
14 communicates.

15 Now, I have mentioned that the defendant and his
16 co-conspirators were members of al-Qaeda, communicated with
17 al-Qaeda, and took orders from them. But what I haven't
18 mentioned yet is that the defendant's plot, his terrorist
19 plot, went all the way to the top of al-Qaeda to none other
20 than Osama Bin-Laden. You will learn that from a letter. A
21 letter that you will see here that has never been shown in
22 public before. It was written by al-Qaeda's head of western
23 operations. Its purpose: To update its leader, Osama
24 Bin-Laden, on those western operations including the
25 defendant's Manchester cell, the New York City cell, and the

Opening Statement - Mr. Naseer

31

1 Copenhagen cell and to explain its vision for successful
2 operations.

3 You will see the chilling reminder in that letter to
4 Osama Bin-Laden that al-Qaeda's goal is to attack the infidels
5 in their home territory. At the end of this trial, you will
6 see that the defendant was a key member of al-Qaeda's
7 conspiracy, its conspiracy to send western operatives to
8 conduct its terrorist attacks. That he planned a scheme to
9 take innocent lives. That he was days away from placing a
10 bomb in a location that would cause mass casualties.

11 When you see all of the evidence and listen to the
12 testimony, we are confident that you will return a verdict of
13 guilty on all counts.

14 Thank you.

15 THE COURT: Thank you, Ms. Cohen.

16 Mr. Naseer.

17 MR. NASEER: Good morning, ladies and gentlemen of
18 the jury. Respected members of the jury.

19 My name is Abid Naseer. I'm the defendant in this
20 case who is representing himself. In the three counts that
21 the defendant is charged with the evidence at this trial will
22 prove that he is innocent of them. Evidence will be produced
23 about the defendant's use of Internet to which he accessed
24 Muslim dating websites and various chatrooms. Defendant used
25 a dating website for sole purpose of finding a wife in the

Opening Statement - Mr. Naseer

32

1 United Kingdom.

2 He used an account on a website called qiran.com
3 which is based in the United Kingdom. On this website, the
4 defendant's user name was "Dilaways." This account was
5 created, and its membership paid, in around December 2008 by
6 the defendant's friend who resides in Newcastle,
7 United Kingdom.

8 The defendant logged on to this website from
9 December 2008, approximately, until his arrest on April 8,
10 2009. Defendant met many females on this website. Defendant
11 met many females on this specific chat and other chatrooms of
12 Yahoo, MSN, and U.K. Chatterbox. On qiran.com, he met a
13 female named Wafa Khan whose testimony will be played before
14 the jury. The defendant and the lady mentioned met on
15 qiran.com in January 2009 and exchanged details of their
16 contacts. They both met in person on February the 2nd, 2009,
17 and their families met to discuss the defendant and Ms. Wafa
18 Khan's marriage on March 14, 2009.

19 This meeting between the two families took place in
20 London at Ms. Wafa Khan's address. From defendant's side, his
21 cousin, his cousin's wife, and their two children were
22 present. At Wafa Khan's address, defendant met along with his
23 family members with Ms. Khan's two sisters and her mother.

24 In terms of defendant's affiliation with any
25 terrorist organization, the evidence at trial will not show

Opening Statement - Mr. Naseer**33**

1 that the defendant is an al-Qaeda member. Similarly, he did
2 not send any coded messages or e-mails to al-Qaeda in
3 Pakistan. He also did not provide any help assistance or
4 personnel to this group at any time. At trial, the evidence
5 will display that the defendant has numerous e-mail addresses,
6 some of which registered to his name and some are created with
7 female names. This is usual and normal practice as multiple
8 e-mail addresses, specifically with female names, allows him
9 to chat online with other females who would not chat to a male
10 if they know his identity to be a male. It also allows him to
11 play pranks or make fun of his friends by pretending to be a
12 female.

13 Additionally, the evidence will reveal that
14 defendant was studying IT diploma prior to his arrest on
15 April 8, 2009. He has background in English literature and
16 computer science. He has to an extent good knowledge of
17 computer functions.

18 At trial, evidence will not show that the defendant
19 reviewed, downloaded or shared any Jihadi propaganda videos or
20 material. He has no extremist or Jihadi views.

21 The evidence at trial will show that he traveled to
22 Pakistan in 2008 to see his mother who had a bypass.

23 With regards to e-mails sent or received from
24 anybody by the defendant, all of them including any e-mails
25 saved, deleted, printed, are all of innocent nature and has no

Colloquy

34

1 malicious or ulterior motive.

2 Finally, at trial, the facts will clearly reveal
3 that the defendant has not received any keep of training from
4 al-Qaeda.

5 Thank you.

6 THE COURT: All right. Thank you, sir. First
7 witness.

8 MS. AHMAD: Your Honor, the Government calls
9 Najibullah Zazi.

10 THE COURT: I take it he is somewhere in the
11 vicinity of the courtroom.

12 MS. AHMAD: He is, your Honor, Mr. Nanry has gone to
13 get him.

14 MR. NEUMAN: Your Honor.

15 THE COURT: Yes, sir.

16 MR. NEUMAN: Is there going to be a delay? There
17 may be something we can discuss if there is a delay.
18 Otherwise, it can wait.

19 THE COURT: Have to do with the board?

20 MR. NASEER: At side bar. Only if there's going to
21 be a delay.

22 THE COURT: When do you expect him here?

23 MR. NASEER: He's in the building, your Honor, I
24 think he's downstairs, Mr. Nanry went to get him.

25 THE COURT: Why don't you come to the side bar.

4 MS. AHMAD: Your Honor, because the witness is in
5 WITSEC, in the marshals's custody.

6 THE COURT: I understand. This shouldn't come as a
7 surprise.

8 MS. AHMAD: They knew he was first.

9 THE COURT: What's up?

10 MR. NASEER: Sir, I will have an objection to
11 anything that is mentioned about 9/11. This case is not about
12 9/11, and if Mr. Zazi is to explain and describe his training
13 while in Pakistan, I will object to that as well because it
14 has no relevance. It does not describe defendant's conduct.

15 And also, if he describes the person of the e-mail
16 he was in contact with in Pakistan, I'll object to the point
17 where he says it is the same person that was in contact but he
18 was using different aliases.

19 THE COURT: All right. It's hard to make a ruling
20 out of context having just heard the opening statements. It
21 strikes me that there may well be some relevance to all this.
22 I am going to listen just like you are and when you object I

3 A Yes.

4 Q What was the purpose of your, Adis' and Zarein's trip to
5 Pakistan in 2008?

6 A My purpose or our purpose this time was to go to
7 Afghanistan to do jihad in Afghanistan and join Taliban.

8 Q What do you mean by jihad?

9 A Jihad is -- in Arabic translation in English would be a
10 fight, fight in the cause of God, in the cause of your
11 country, in the cause of your people.

12 Q And when you say "jihad" in this context, do you mean to
13 fight violently with weapons?

14 A Yes.

15 Q You said you were going to join the Taliban in
16 Afghanistan?

17 A It was our intention, yes.

18 Q And what is the Taliban?

19 A The Taliban are -- it used to be the Government of
20 Afghanistan in nineties.

21 MR. NASEER: Objection.

22 THE COURT: Overruled.

23 A Until 2001, when they were overthrown by the U. S.
24 Government.

25 BY MS. AHMAD:

N. Zazi - Direct/Ms. Ahmad

51

1 Q What activities was the Taliban engaged in in 2008, when
2 you planned to join them?

3 MR. NASEER: Objection.

4 THE COURT: I'm sorry. Who's voicing the objection?

5 MR. NASEER: (Raises hand.)

6 THE COURT: May I have the question back, please.

7 MS. AHMAD: Yes, your Honor.

8 BY MS. AHMAD:

9 Q What activities was the Taliban engaged in in 2008 when
10 you planned to go to join them?

11 THE COURT: Overruled.

12 Go ahead.

13 A They had opened an insurgency against the U. S., I mean,
14 fighting against the U. S. At that time.

15 BY MS. AHMAD:

16 Q And where geographically were they fighting against the
17 U.S.?

18 A It was in Afghanistan.

19 Q And what is your understanding of why the U. S. Was --
20 forces were present at that time in Afghanistan?

21 A At that time, I thought to -- or we were thinking that
22 they are unjustly now occupying Afghanistan. I knew that they
23 were there because of the 9-11.

24 MR. NASEER: Objection.

25 THE COURT: Overruled.

N. Zazi - Direct/Ms. Ahmad

52

1 Go ahead.

2 A That was long, you know, it was a long time before, you
3 know, in 2008, much time passed. So we thought it was
4 unjustly that they were Afghanistan.

5 BY MS. AHMAD:

6 Q Was it your understanding that the U.S. forces entered
7 Afghanistan after the attacks of 9-11?

8 A Yes.

9 Q Now, do you have an understanding today as to which group
10 was responsible for the attacks of 9-11?

11 A Yes, to my understanding, it is al-Qaeda that was
12 responsible for the 9-11.

13 Q And by 9-11, do you mean September 11, 2001?

14 A Yes.

15 Q What was the location of attack that day by al-Qaeda?

16 A It was the U. S. There was World Trade Center in New
17 York and also Washington, DC.

18 Q Now, at the time that 9-11 occurred, where were you
19 living?

20 A I was living in Flushing, Queens.

21 Q About how old were you?

22 A Around 16 years old.

23 Q What was your reaction, if any, to those attacks at that
24 time?

25 A At that time, my reaction was that the 9-11 was a huge

N. Zazi - Direct/Ms. Ahmad

53

1 event in the world history, tragic, and a very sorrowful
2 tragedy that happened in U.S. while I was in New York.

3 Q And what was your reaction to the U. S. Entering
4 Afghanistan immediately after 9-11 event?

5 A I really didn't have any like negative or positive
6 reaction to it because I was young, first of all. Second,
7 that I thought if 9-11 was, you know, by the Taliban or
8 al-Qaeda, I think they deserve to be attacked.

9 Q And did there come a time when your view on this point
10 changed that those groups deserved to be attacked by the
11 United States?

12 A Yes.

13 Q And around when did your views begin to change?

14 A I would say 2007.

15 Q And what caused your views to change, generally?

16 A There was a couple of things that happened at those time.
17 One was that I got more friendly with my friend, Adis
18 Medunjanin, which would start bringing me towards my religion.
19 And at the same time, I was getting a lot of videos from
20 internet and lectures from internet, scholars that start
21 changing my views.

22 Q When you say you were listening to lectures from scholars
23 on the internet, who were those scholars?

24 A I would introduced to a scholar called Anwar al-Awlaki
25 and Sheikh Faisal.

N. Zazi - Direct/Ms. Ahmad

54

1 Q Did you have an understanding of what group Anwar
2 al-Awlaki belonged to?

3 A Now I do. He belongs to AQAP. It means al-Qaeda in the
4 Arabic Peninsula.

5 Q How frequently did you listen to the lectures of Anwar
6 al-Awlaki?

7 MR. NASEER: Objection.

8 THE COURT: Overruled.

9 A I would say on daily basis, every day for hours.

10 BY MS. AHMAD:

11 Q How did you access those lectures?

12 A In the beginning, I was given CDs by my friends, and once
13 I -- to get to know Anwar al-Awlaki and Sheikh Faisal. I
14 bought an iPod and in it, I just put all the lectures and
15 stuff in it.

16 Q You bought an iPod, you said?

17 A Yes.

18 THE COURT: iPod or iPad?

19 THE WITNESS: iPod.

20 THE COURT: iPod. Okay.

21 BY MS. AHMAD:

22 Q Who was Sheikh Faisal?

23 A Sheikh Faisal, at that time, I knew he was Jamaican born
24 but living in England.

25 Q Now, when you listened to these lectures of Sheikh Faisal

N. Zazi - Direct/Ms. Ahmad

55

1 and Anwar al-Awlaki, did you listen to them alone or with
2 others?

3 A Majority of the time, I listen alone, but then with
4 others sometimes.

5 Q Can you describe for us the effect that these lectures
6 had on your thinking at that time?

7 A Yeah. Actually, you know, I start when I got friendly
8 with Adis. He was pulling me toward, you know, being more
9 religious person.

10 Q Uh-him (affirmative response).

11 A But when I start listening to these lectures, it changes
12 my mentality from just being a religious into a more militant,
13 more fighting and Mujahid kind of mentality that I should be
14 among those who are fighting the U. S. And U. S. Allies.

15 Q What you mean by Mujahid?

16 A A Mujahid is one who's fighting in the cause of God, in
17 the cause of his country and the cause of his people.

18 Q A person who is doing jihad?

19 A Yes.

20 Q I think you mentioned besides the lectures you began
21 listening to that you also started watching videos online, is
22 that right?

23 A Yes.

24 Q And who produced the videos online that you began to
25 watch?

N. Zazi - Direct/Ms. Ahmad

56

1 A Those videos a lot of them were coming from Iraq and the
2 groups from Iraq, al-Qaeda from Iraq and other groups from
3 Iraq and Afghanistan, Taliban and al-Qaeda from Waziristan.
4 The videos were mostly from them.

5 Q What did those videos that you were watching generally
6 depict?

7 A Depict fighting, fighting, car bombs, IEDs, firefight,
8 stuff like that.

9 Q Fighting against whom?

10 A Mostly, it was all U. S. And NATO allies.

11 Q Now, the al-Qaeda video that you mentioned, did they
12 contain comments by al-Qaeda leaders?

13 A There were, yes.

14 Q Did you become familiar with the al-Qaeda leaders through
15 these videos?

16 A Yes, to some degree.

17 Q I'd like to show you what's been marked for
18 identification as Government Exhibit 22.

19 THE CLERK: Just one second. Okay.

20 BY MS. AHMAD:

21 Q Do you recognize the individual in the photograph?

22 A I don't, the screen is off. The screen is off.

23 THE COURT: Maybe it's the screen.

24 THE CLERK: Is your screen on now, sir?

25 THE WITNESS: Yes. Yes. Thank you.

N. Zazi - Direct/Ms. Ahmad

57

1 A Yes, I do recognize him.

2 BY MS. AHMAD:

3 Q Who is this?

4 A This is Sheikh Osama bin Laden, the leader of al-Qaeda.

5 Q I would like to show you also what's been marked as
6 Government Exhibit 1011. Do you recognize that?

7 A Yes, I do.

8 Q What is this?

9 A This was -- this is the flag, this is the logo on their
10 flag, and sometime on their videos.

11 Q What do you mean by "their"?

12 A Al-Qaeda's flag in Afghanistan.

13 Q Do you recognize these images from the videos, the
14 al-Qaeda-produced videos that you watched?

15 A Yes, I do.

16 MS. AHMAD: Your Honor, the Government moves to
17 admit Government Exhibit 22 and 1011.

18 THE COURT: Any objection?

19 MR. NASEER: Objection.

20 THE COURT: I'm sorry?

21 MR. NASEER: Yes, sir.

22 THE COURT: To both?

23 MR. NASEER: Yes, sir.

24 THE COURT: The objections are overruled, 22 in
25 evidence, 1011 in evidence.

N. Zazi - Direct/Ms. Ahmad

58

1 MS. AHMAD: Thank you, your Honor.

2 BY MS. AHMAD:

3 Q Now, you mentioned Sheikh Osama bin Laden. What role did
4 you know Osama bin Laden to play in al-Qaeda at the time you
5 saw these videos in 2008?

6 A To my understanding, he was the leader of al-Qaeda, the
7 top leader.

8 Q Now, the videos that you watched, did you -- that were
9 produced by al-Qaeda and the Taliban, did they have an effect
10 on your thinking at this time?

11 A Yes, it was.

12 Q And what effect, if any, what effect did they have?

13 A The effect of that was that they're -- these videos was
14 a -- some kind of -- I'm not going to say a propaganda.
15 Everybody does it. But it was for us, they were like calling
16 us, that we need people like young guys to come and join us
17 and fight with us. So they were -- they were kind of pulling
18 us towards their -- toward their fighting.

19 Q When you say "us," who are you talking about?

20 A I would, here I would talk about myself, but also my
21 friends.

22 Q And your friends Adis and Zarein or other friends?

23 A No, Adis and Zarein.

24 Q Did you discuss your reactions to those videos and your
25 thoughts with Zarein and Adis?

N. Zazi - Direct/Ms. Ahmad

59

1 A Yes, I did.

2 Q Where did you -- where did you three have these
3 discussions generally?

4 A Most of the time, in the same neighborhood we used to
5 live. In the -- a car. In the mosque. Outside of the
6 mosque, in parks or walking around in, you know, in the
7 streets.

8 Q Was there a particular reason that you chose to talk
9 about these topics while outdoors or in a car as opposed to
10 indoor locations?

11 A Yes. You know, we would always believe there would be
12 microphones every where. The Government would, you know,
13 listen to our speech, our words, our talks if we talked in an
14 area where there's closed rooms or people around. So we
15 always choose the place where we could be alone.

16 Q And did you take any particular care when you were
17 discussing these topics to use or avoid certain terms?

18 A Yes. We sometime would -- not mentioning the whole name
19 of the groups or the fighting, you would sometime use hand
20 gesture or face expression, so that we know what we are
21 saying.

22 Q Did there come a time when you, Zarein and Adis decided
23 to travel abroad to conduct jihad?

24 A Yes.

25 Q And approximately when was that?

N. Zazi - Direct/Ms. Ahmad

60

1 A It was in 2008, the early part of 2008 that we decided
2 that we're going to go to Afghanistan and fight.

3 Q Why did you plan to go to Afghanistan as opposed to
4 another area to conduct jihad?

5 A We were -- we believed that Afghanistan was unjustly
6 taken from the Taliban and we should, you know, liberate our
7 country from the U. S., and bring back the, you know, similar,
8 the Government that Taliban had.

9 Q Did you discuss with Zarein and Adis whether being
10 Pashtun ethnically had any effect on your decision to fight
11 jihad in Afghanistan?

12 MR. NASEER: Objection.

13 THE COURT: Well, the question is, did you discuss
14 it.

15 I'll let you answer that yes or no.

16 THE WITNESS: Yes. It did have an effect on us
17 being a Pashtun and a Muslim from that area. It did have an
18 effect on us.

19 THE COURT: Why don't we take a short break, and
20 we'll break you in gently, ladies and gentlemen. Now, when we
21 break, I remind you, do not discuss the case. We'll resume in
22 about 12 minutes.

23 (Recess.)

24 THE COURT: All right. Before I leave the bench --
25 are we ready for the witness?

N. Zazi - Direct/Ms. Ahmad

61

1 (Witness leaves the stand.)

2 THE COURT: Let me just make two comments for your
3 enlightenment, perhaps, Mr. Naseer. I agree with you, this
4 cases not about 9-11. And although there may be inevitably
5 some passing references to it, we're not going to get into
6 9-11.

7 Otherwise, the general tenor of your objections
8 seems to focus on the background, which is what we're hearing
9 now of this man and his history, as we all understand it to
10 be. And I fully appreciate that you're not going to pretend
11 he's anything other than what he appears to be. So -- but if
12 I'm mistaken in that and you have some different approach,
13 maybe I'll reconsider these objections.

14 All right. We'll take ten minutes.

15 MR. NASEER: My last objection was for the reason
16 that what effect it had on other people.

17 THE COURT: Well, we're trying to get -- they're
18 trying to bring out his history. This is essentially his
19 history, how he became radicalized, according to the
20 Government, what prompted him to finally go to Pakistan and
21 Afghanistan and start training.

22 Is that essentially what it is?

23 MS. AHMAD: Yes, your Honor.

24 THE COURT: You're not going to challenge any of
25 that, I'm sure.

N. Zazi - Direct/Ms. Ahmad

62

1 MR. NASEER: But I believe that he can only testify
2 for himself and he cannot explain what effect it would have on
3 other people.

4 THE COURT: This is preliminary background purposes.
5 I permit it. I overruled the objection. I stand by the
6 ruling.

7 Ten minutes.

8 (Recess.)

9 THE COURT: Otherwise, let's go.

10 (Witness takes the stand.)

11 THE COURT: Let's go. Where is he?

12 THE CLERK: Bring him out.

13 (Defendant enters the courtroom.)

14 THE COURT: Okay.

15 THE CLERK: All rise.

16 (Jury enters.)

17 THE COURT: All right. Please be seated, everyone.

18 Ms. Ahmad, please continue.

19 MS. AHMAD: Thank you, your Honor.

20 BY MS. AHMAD:

21 Q I think when we broke, Mr. Zazi, we were discussing your
22 Zarein and Adis' decision to fight jihad in Afghanistan?

23 A Yes.

24 Q And can you tell us what effect, if any, being Pashtun
25 had on your decision to fight in Afghanistan?

N. Zazi - Direct/Ms. Ahmad

63

1 A You know, as a Pashtun and our people who speaks that and
2 from that region, they've been fighting for I would say they
3 been like as warriors for hundreds of years, and Pashtun
4 always defend their honor, their country, their land.

5 So as myself as a Pashtun, it does have a lot of
6 effect on me to defend my country, my tribe, my province. So
7 being Pashtun did have a lot of effect on me.

8 Q Did you, Zarein and Adis eventually formalize your
9 decision to conduct jihad?

10 A Yes, we did.

11 Q How did you formalize it?

12 A Us three when we used to talk about, you know, people --
13 guys who are fighting in Afghanistan, like the Mujahideen
14 groups in Afghanistan and Iraq, we would talk about it, and
15 sometimes we would talk about Qur'an and about lectures.

16 So eventually, we decided just by talking about it.
17 It wouldn't do anything, it wouldn't change the facts that,
18 you know, as a Mujahid or as a Muslim that we defend our
19 countries. We just talk about it, but we're not actually
20 doing any actions toward it. So we decided that just being on
21 the sideline, we should rather join and go fight.

22 Q Did you -- was there an occasion where you all decided,
23 you all verbalized out loud that you're going to do that?

24 A Yes, we did.

25 Q And where was that?

N. Zazi - Direct/Ms. Ahmad

64

1 A That was, we were in driveway of our mosque, our local
2 mosque. I believe we were in a car. And when the discussion
3 came, after the discussion we decided, we made an oath that we
4 going to go to Afghanistan and fight and join the Taliban.

5 Q Did you eventually make good on that oath and start
6 planning to go to Afghanistan to join the Taliban?

7 A Yes, we did.

8 Q And when, approximately, was that?

9 A I think it was somewhere in March that we decided that
10 we're going to go to Afghanistan and it took five, six months
11 or five months that we took preparation for the trip.

12 Q Were you planning to ever come back from Afghanistan?

13 A No, our intention was never to come back to U. S.

14 Q Why?

15 A The reason we knew that it once we go to Afghanistan, and
16 we come under U. S. Rather that we left U. S. And joined the
17 Taliban, we would never be allowed to come back. So for that
18 reason, we decided that we would never come back.

19 Q You felt like you would never be allowed to come become
20 by whom?

21 A By the U. S. Government, if you ever tried to come back,
22 we were going to be arrested and put in a jail.

23 Q Now, did you plan to travel directly to Afghanistan or to
24 some other place first?

25 A No, our plan was that we go to Pakistan first, and then

N. Zazi - Direct/Ms. Ahmad

65

1 from Pakistan we go to Afghanistan.

2 Q Who bought the tickets for the three of you to go to
3 Pakistan?

4 A I did. The tickets, I bought the tickets.

5 Q You did you pay for all three?

6 A Yes, I did.

7 Q How did you get the money to pay for all three?

8 A At that time, I was working and at the same time, I --
9 because my intention was never to come back to U. S., I also
10 maxed out my credit cards.

11 Q So when you maxed out your credit cards, you're saying
12 you spent all the way to the limit on them?

13 A I did.

14 Q Did you ever intend to pay that money back?

15 A No. I was never planning to come back, so I had no
16 intention to pay it back.

17 Q Because you thought you wouldn't get caught?

18 A That's the reason.

19 Q What did you spend that money on?

20 A I bought a lot of electronics like games, laptops,
21 cameras. I bought jewelry, clothes, maybe the tickets also
22 included in it.

23 Q What were you planning to do with the jewelry,
24 electronics, cameras and et cetera that you purchased?

25 A I had -- you know, my intention was that I would keep

N. Zazi - Direct/Ms. Ahmad

66

1 some and give some to the Taliban, because I used to watch
2 videos, so I knew that they need cameras and I bought good
3 cameras. So my intention was to give some to the Taliban and
4 some to myself or give it, you know, sell it or give it as a
5 gift.

6 Q Did you get any cash advances from these credit cards?

7 A I did get some cash advances.

8 Q In total, how high a bill would you say you racked up on
9 those credit cards before you left?

10 A I think it's close to \$50,000.

11 Q Did you, Zarein and Adis discuss what you would tell your
12 families about your trip to Afghanistan?

13 A Yes, we did have a discussion on that, too.

14 Q What did you decide to tell your family?

15 A You know, for me because I had a wife in Pakistan, and
16 Zarein had a wife in Afghanistan, it was easy. So I told my
17 family that I'm going to visit my wife.

18 Q And do you know what Zarein and Adis told their families,
19 did they tell you what -- what their plan was?

20 MR. NASEER: Objection.

21 THE COURT: I have to hear the whole question.

22 BY MS. AHMAD:

23 Q Did they tell you what they told their families?

24 THE COURT: Just a yes or no, please.

25 THE WITNESS: Yes.

N. Zazi - Direct/Ms. Ahmad

67

1 THE COURT: Next question?

2 BY MS. AHMAD:

3 Q Now, did you, Zarein and Adis -- let me ask you this.

4 When you were planning to leave to conduct jihad, did you have
5 any concerns about getting caught?

6 A Yes, we did have some concern that we might get caught,
7 but, you know, we had a plan for that, too.

8 Q What was your plan to avoid getting caught?

9 A Our plan was that because I have a wife in Pakistan,
10 Zarein had wife in Afghanistan, we had -- and previously we
11 had traveled to Pakistan, it was easy for us that to say that
12 our plan is to go to Pakistan to visit my wife and visit his
13 own wife.

14 For Adis, we had a plan that he's going to go with
15 us to Pakistan to look for a wife. You know, to have a Muslim
16 woman from Pakistan. So that was our plan that we going to
17 stick to it.

18 Q Did you take any other steps besides coming up with these
19 cover stories to minimize the risk that you would get caught
20 before you departed?

21 A Yes. We took some measure for this security. It was
22 that we going to have a round trip ticket for Adis. We were
23 going to have a short visa from the Pakistani consulate, so
24 the consulate would not ask a lot of questions. Those were
25 the things -- and have a, you know, decent clothes that -- for

N. Zazi - Direct/Ms. Ahmad

68

1 traveling, not to be suspicious of three young man, you know,
2 going for some other reason than visiting their family.

3 Q What do you mean by decent clothes?

4 A Wear clothes like a normal person, normal person who is
5 trying to visit his family, nice and shiny, brand-new clothes.

6 Q You also mentioned that you decided to buy Adis a round
7 trip ticket as a security precaution?

8 A Yes, we did.

9 Q Now, was Adis actually intending to return to the U. S.?

10 A No, he was not.

11 Q So why was buying a round trip -- why did you decide to
12 buy him a round trip ticket?

13 A The reason was that in case if he come under, you know,
14 some kind of surveillance or we would be asked, it would be
15 easier to be explain that he's coming back in a matter of a
16 month and that he's not trying to stay over a month. So that
17 was the reason.

18 Q Did you want to buy -- did you intend to buy a round trip
19 tickets for yourself and Zarein?

20 A Our initial intention was not just one way, but then
21 eventually bought round trips for ourself too.

22 Q Why did you end up buying round trip?

23 A The prices of the tickets were only like a hundred dollar
24 off from the original price one way, so I decided to pay a
25 hundred dollars extra, so we can have the round trips, too.

N. Zazi - Direct/Ms. Ahmad

69

1 Q I think you mentioned visas, now, did the three of you
2 all needs visas to travel to Pakistan?

3 A Yes.

4 Q And how long of a visa did you and Zarein obtain?

5 A I had a three months visa, and I believe Zarein had a
6 three months visa too.

7 Q What was the length of the visa that Adis obtained?

8 A Just for a month.

9 Q Why did Adis get a shorter visa than you two?

10 A We wanted to have a, you know, one month visa, so this
11 way the consulate of Pakistan would not ask a lot of questions
12 about he's want to go or why he's staying so long. So for
13 that reason, we say the shorter, the better.

14 Q And what was the approximate date that you all traveled
15 to Pakistan?

16 A I think it was in summer in August.

17 Q Of what year?

18 A 2008.

19 Q Did you bring anything with you other than your personal
20 belongings?

21 A Yes, I did.

22 Q What was that?

23 A I brought with myself the electronics that I, you know,
24 got from credit cards, laptops, cameras, memory cards, my
25 iPod, laptop, my personal laptop, the jewelries and little bit

N. Zazi - Direct/Ms. Ahmad

70

1 cash.

2 Q Where did you leave from?

3 A We flew from Newark Airport from New Jersey.

4 Q What airline did you fly on?

5 A We got tickets from Qatar Airline.

6 Q And where did you arrive in Pakistan, what city?

7 A Peshawar.

8 Q Now, when you were at Newark before you departed, did the
9 three of you ever any encounter with law enforcement?

10 A Yes, we did. We did have some, you know, encounter with
11 law enforcement.

12 Q Can you tell us what happened?

13 A We were asking the, when we get to the airport, we were
14 trying to get the seats together, because the trip is almost
15 20 hours trip. So we wanted to sit together. We asked the
16 person who was giving us the boarding pass. I believe they
17 called the police, that these young guys with beards are
18 trying to sit together. So in the airport when we are waiting
19 for the, you know, to be boarded to the airline, two police
20 officers showed up and they took us to the side and start
21 asking us some question.

22 Q Did those officers interview you separately or all three
23 together?

24 A No, they interview us separately.

25 Q And what did you tell the officers during your interview?

N. Zazi - Direct/Ms. Ahmad

71

1 A I told the officer that I, my wife is in Peshawar. I've
2 been to Peshawar many times. So this trip of mine is the
3 purpose seeing her.

4 Q Is that true?

5 A Some of it, of course, was true that I wanted to see my
6 wife, but at the same time my intention was to go to
7 Afghanistan and fight.

8 Q Did you later discuss with Zarein and Adis what they told
9 the interviewing officers?

10 A Yes.

11 Q What did they tell them?

12 A They asked Zarein the same questions. Zarein said the
13 same thing, that he was going to see her wife, his wife in
14 Afghanistan.

15 MR. NASEER: Objection.

16 THE COURT: Overruled.

17 A And Adis was, Adis told the officer what he told me, that
18 he was going to Pakistan to find a Muslim wife, Muslim, you
19 know, wife in Pakistan and he's going with us, you know, like
20 he was going to stay with me.

21 BY MS. AHMAD:

22 Q Were those statements entirely true?

23 A No, they were not.

24 Q Was that part of the plan you devised in order to avoid
25 getting caught?

N. Zazi - Direct/Ms. Ahmad

72

1 A Yes.

2 Q Now, when you arrived in Peshawar, where did you go?

3 A Myself and my friends, we all went to my uncle's house,
4 Lal Muhammed.

5 Q Who else was at the house besides your uncle?

6 A Couple other uncles from Canada, my cousin, Amanullah, my
7 other female cousins.

8 Q Now, your cousin, Amanullah, how exactly are you related
9 to him?

10 A He is my actual cousin, first cousin and he was -- he
11 came with us in 1999. My father brought him as his son. So
12 that's one relationship we have.

13 Q So when you say us "with us," you mean your family?

14 A My family brought him as a son. My father raise him in
15 U. S. As his son.

16 Q Did your father state on immigration paperwork that
17 Amanullah was his son?

18 A He put that on the immigration papers.

19 Q What was the reason for lying about Amanullah's relation
20 to your family?

21 A The reason was that my father want to give him a chance
22 to his family and to him that when he grew up, grows up, he
23 will would be able to work and sustain himself and his family
24 from U. S.

25 Q Would Amanullah have been able to emigrate with your

N. Zazi - Direct/Ms. Ahmad

73

1 family if your father had been honest about his being a nephew
2 rather than his son?

3 A I don't think it would be possible.

4 Q Now, when you arrived at your uncle's house in Peshawar,
5 what was your plan?

6 A Our plan was that we would travel from there to
7 Afghanistan, from my -- Peshawar to Afghanistan, where we
8 wanted to join the group that we had already planned to go.

9 Q And were you, Adis and Zarein planning to go together to
10 Afghanistan or separately?

11 A Initially, we were all planning to go together, but then
12 in Peshawar, I decided to stay a little longer with my wife
13 and with my family. My grandmother was sick at that time, so
14 I told them that if you guys go, and I'll come back two, three
15 weeks later.

16 Q Did they eventually depart for Afghanistan?

17 A They did.

18 Q Did you help them?

19 A I helped them to the bus station.

20 Q And after you put them on the bus, when was the next time
21 you heard from them?

22 A Later that afternoon, they called me. Zarein called me
23 and that's when I heard from him.

24 Q What did Zarein say in that conversation?

25 A On that conversation, he said that he's going to tell me

N. Zazi - Direct/Ms. Ahmad

74

1 the story later, but that moment, he needed a address of the
2 place where we living to the taxi driver, so he could come
3 back to the house where I was stationed.

4 Q Meaning your uncle's house?

5 A Yes.

6 Q Did Zarein and Adis arrive back to your uncle's house the
7 same day they left for Afghanistan?

8 A Yes.

9 Q What did they tell you when they got there about why did
10 they come back?

11 A They said that when they were departed from the station
12 that I was there with, just few miles, couple miles from there
13 was a -- there as borderline between the tribal area and where
14 the Peshawar City is. They say there was fighting going on
15 between the local Pakistan Taliban and army, and so the police
16 stopped their car and suspected them of being a spy because
17 Adis was white and couldn't speak Pashto.

18 MR. NASEER: Objection.

19 THE COURT: Go ahead.

20 A So, you know, the police start to suspect him of being
21 foreign intelligence spies, and, you know, from that point of
22 view they were trying to take these two of my friends to the
23 normal police station which is located further in Peshawar.

24 BY MS. AHMAD:

25 Q So the Pakistani police suspected Zarein and Adis of

N. Zazi - Direct/Ms. Ahmad

75

1 being foreign spies?

2 A That's what they told me.

3 Q And what happened when the police took Zarein and Adis on
4 the way to the police station?

5 A What happened was that in the pickup of the police car,
6 Adis and Zarein were in the back. Adis, my friend, started
7 reciting Qur'an in arabic, and when the police officer heard
8 him reciting Qur'an, he realized -- the police realized that
9 he's not a spy. In reality, he was a Mujahid.

10 MR. NASEER: Objection.

11 A A fighter who wants to go to Afghanistan.

12 THE COURT: Yes. Sustain the objection.

13 Next question?

14 BY MS. AHMAD:

15 Q I think you mentioned the Qur'an, Mr. Zazi. Can you tell
16 us what the Qur'an is?

17 A Qur'an is our holy book that was revealed to Prophet
18 Mohammed, Sallallahu Alaihi Wasallam.

19 Q After he recited the Qur'an, did the police let Zarein
20 and Adis go?

21 A Yes, they did.

22 Q And so, given this setbacks in getting to Afghanistan,
23 did you, Zarein and Adis try to come up with a new plan to get
24 there?

25 A Yes, we did.

N. Zazi - Direct/Ms. Ahmad

76

1 Q Did you seek anyone's help?

2 A Yes.

3 Q Whose help?

4 A There was two of our cousin work, our third cousin, you
5 know. I don't have the exact relationship-wise to say his
6 relation with us, but it's very close relative, and also my
7 cousin, Amanullah, who bought -- give us some help to, you
8 know, for Afghanistan.

9 Q What help did Amanullah give you?

10 A Amanullah, what he did was he went to a mosque and the
11 imam of the mosque of our local mosque, he give him help. I
12 mean, actually he asked him if he could -- if he could help
13 us, and he send a message to us that he would be willing to
14 help.

15 Q So what did the imam say that he would be willing to do
16 for you?

17 A He say that he will introduce us, my friends to a person
18 who would be willing to help us.

19 MR. NASEER: Objection.

20 THE COURT: Overruled.

21 Go ahead.

22 BY MS. AHMAD:

23 Q And did the imam, in fact, introduce to you such a
24 person?

25 A He did.

N. Zazi - Direct/Ms. Ahmad

77

1 Q And tell us about that meeting you had with that person.

2 A We told -- the person or the imam?

3 Q The person, to whom the imam introduced you.

4 A The imam told us that he's not his first choice, the
5 first day that we met him. He said the choice that he wanted
6 to meet, you know, us, was not available. So he would be here
7 tomorrow, but the first person we talked to him about who we
8 were and where we came from and what is our intention at the
9 moment was.

10 Q Okay. So if I understood you correctly, the imam wanted
11 to introduce you to two people, but the first person who was
12 available was not actually his first choice?

13 A Yes.

14 Q Okay. So tell us about that meeting, though. What did
15 you tell that person you three were intending to do?

16 A We told him that we came from United States, and we were
17 planning to go to Afghanistan and to do jihad, and we tried to
18 go to Afghanistan, but we failed. So if you could help us to
19 get to Afghanistan, and that's what we are looking from you.

20 Q What did he say in response?

21 A He say that he's willing to help us. He's willing to
22 take us, and, you know, he assured us that he has helped other
23 people before -- before us, and he mentioned some names.

24 MR. NASEER: Objection.

25 A And one of the person that he mentioned was from -- a

N. Zazi - Direct/Ms. Ahmad

78

1 person from U. S. Who was captured in Afghanistan before --
2 after 9-11, after 2001. You know, said that he also -- his
3 group also helped him. So he give us the assurance that he
4 would be willing to help us to get to Afghanistan.

5 BY MS. AHMAD:

6 Q Who was that person who, this individual who he had
7 previously helped get to Afghanistan?

8 A He mentioned the name of John Walker Lindh, from U.S.

9 Q Now, did you, Zarein and Adis decide there and then to
10 accept the help that this man was offering or not?

11 A We had -- we had no objection to it, but because the imam
12 said that he would be, he's going to give us the second
13 person, the next day. So we went back to the imam and we told
14 him that we saw the guy and I think he's okay, but we will
15 also meet your first choice.

16 Q So the second person you met was, in fact, the imam's
17 first choice?

18 A Yes.

19 Q Did you eventually meet that man?

20 A Yes, the next day.

21 Q What was his name?

22 A His name is Zahid, and his real name is Ahmad, but when
23 he --

24 MR. NASEER: Objection.

25 THE COURT: To what?

N. Zazi - Direct/Ms. Ahmad

79

1 MR. NASEER: The real names, sir.

2 THE COURT: Overruled.

3 Go ahead.

4 A His real name was Ahmad, but the first time that we met
5 him, he introduced himself as Zahid.

6 BY MS. AHMAD:

7 Q And can you us describe the man? What do you prefer to
8 call -- what did you usually call him, Zahid or Ahmad?

9 A I called him only Zahid.

10 Q Okay. So can you describe what Zahid looked like?

11 A Zahid was in his twenties, mid-twenties, Pashtun, had a
12 short beard, little stutter in his language. That's about it.

13 THE COURT: I assume you've given the reporters a
14 list of these names?

15 MS. AHMAD: I have, your Honor.

16 THE COURT: Go ahead.

17 BY MS. AHMAD:

18 Q All right. Now, when you met with Zahid, what did you
19 tell him your goal was?

20 A We -- I told him that we came from United States, and I
21 have a green card from U. S. I'm planning to, you know, go to
22 Afghanistan and do jihad over there.

23 Q What did he say in response?

24 A In response, he said that he's -- like he's trustworthy.
25 He's going to help us. He's going to take us to Waziristan

N. Zazi - Direct/Ms. Ahmad

80

1 EXAMINATION BY

2 MS. AHMAD:

3 (Continuing.)

4 Q And where is Waziristan?

5 A Waziristan is the tribal area in Pakhtunkhwa Province of
6 Pakistan.

7 Q Did you understand Zahid to be a member of al-Qaeda?

8 A When he said that, I had a feeling that he is part of
9 al-Qaeda.

10 Q Now, I think you've told us a little bit with what Ahmed
11 Zahid looked like.

12 Can you tell us, approximately, how would he was?

13 A At that time, he was in mid-20s. 25, 24, 26, somewhere
14 there.

15 Q And decides his work or al-Qaeda, did he do anything else
16 or was he a student at all?

17 A He was a student he mentioned that he's a student in
18 college.

19 Q And what languages did you speak with Zahid?

20 A I spoke to him in English and also in Pashto.

21 Q Did you, Zarein, and Adis decide to take Zahid up on his
22 offer to introduce you to al-Qaeda?

23 A We did took that offer.

24 Q And what plans did you make with Zahid?

25 A The plan was that we decided to go with him and we told

N. Zazi - Direct/Ms. Ahmad

82

1 him what happened with the first guy we met. They introduced
2 us. We also told him that what happened in our first attempt
3 to go to Afghanistan that how it failed. So we ask him if he
4 could help us he say, yes, he would. So after that, you know,
5 he give us the assurance and gave us some time to prepare for
6 the travel.

7 Q And was he planning to take all three of you to
8 Waziristan together or separately?

9 A No. In our first meeting, he said that he would take
10 each one of us separately. But because the first time was
11 failed, and we were a little confused, so we decided that this
12 time we're not going to separate. We're going to go
13 altogether.

14 Q And did you, in fact, go altogether?

15 A Yes, we did.

16 Q You said it took a couple days from your first meeting
17 with Zahid.

18 Did Zahid tell you he needed a couple of days or did
19 you guys want a couple of days?

20 A He said give us some time so I could prepare or arrange
21 the travel from here to Waziristan. He took the days.

22 Q Zahid wanted the time to prepare?

23 A Yes.

24 Q And did you see him again a couple of days later?

25 A Yes.

N. Zazi - Direct/Ms. Ahmad

83

1 Q Where did you meet him that day?

2 A I believe he came to my house. I told him where my house
3 was. And so, he gave -- he said that the next morning he
4 would come and pick us up; or he said that the day after next
5 morning, he's going to come and pick us up.

6 Q Did he come and pick you up?

7 A He did.

8 Q From your house?

9 A Yes.

10 Q Around what time?

11 A Early morning. Like, arriving before sun rise.

12 Q Did he come on foot or in a car?

13 A No, he came in a car and somebody else with him. So he
14 came with the car.

15 Q Who was the other person who was with him?

16 A He introduced himself Ali.

17 Q And what was Ali's relationship to Zahid?

18 A He said that he would be our guide and also helped in
19 travel from here to Waziristan because he's, you know, he's
20 from this area, he knows the area, he could talk to police if
21 we ever been, not arrested, I mean, if we were being
22 questioned by police, he would be the one who would talk to
23 the police.

24 Q So Zahid would and Ali would help you navigate the area?

25 A That's correct.

N. Zazi - Direct/Ms. Ahmad

84

1 Q Did Zahid and Ali have a previous relationship or had
2 they met that day?

3 A No, they knew each other.

4 Q And so did you, in fact, depart Peshawar for Waziristan?

5 A We did.

6 Q Did you all get in the same car?

7 A Yes.

8 Q Who exactly was in the car?

9 A Myself, Adis, Zarein, Ali, and Zahid.

10 Q And approximately how long did that trip from Peshawar to
11 Waziristan take?

12 A We end up the next morning around 10:00, 11:00 a.m. We
13 stayed overnight in one place.

14 Q Did you have earlier discussions about your intended
15 destination with Zahid and Ali during this road trip?

16 A Yeah. The discussion we had was that we say he's going
17 to take us to Waziristan where he's going to give us the
18 training. And things that we need to do in Waziristan or we
19 get to Waziristan, stuff like that.

20 Q Was this Zahid who said this or Ali?

21 A No, Zahid said this.

22 Q And what kind of training did Zahid say you were going to
23 receive?

24 A He was giving us the indication of, you know, actual
25 military kind of training, like, how to fight with guns, the

N. Zazi - Direct/Ms. Ahmad

85

1 guns that I already had in my mind.

2 Q And which group is going to provide you with that
3 training?

4 A He mentioned al-Qaeda.

5 Q Did you have any conversation with Zahid on this trip
6 about security precautions?

7 A Yes. Yes, he did. And he mentioned a few things in this
8 trip.

9 Q What did he mention?

10 A One thing he said that he's going to travel through the
11 back -- the main road that goes, it's short and, you know,
12 it's a main road. He say he's not going to go on that road to
13 avoid police checkpoints and other. So he's going to go the
14 back road.

15 And another thing he said that choose our new names,
16 like, kunyas. Names that are other than our real names.

17 Q You used the word kunya, tell us what that is?

18 A An alias.

19 THE COURT: A kunya is an alias?

20 THE WITNESS: Yes, your Honor.

21 Q And based on the discussions you had with al-Qaeda
22 members about kunya, is it standard practice for al-Qaeda
23 members to choose kunya or aliases or not?

24 A What I acknowledge was that this was a common thing among
25 everyone that they choose a different name other than the real

N. Zazi - Direct/Ms. Ahmad

86

1 name.

2 Q And was Zahid, Zahid's kunya or his real name?

3 A No, that's his kunya. That's his alias.

4 Q And his real name was?

5 A Ahmed.

6 Q Okay.

7 And did you, Zarein, and Adis choose kunyas during
8 this drive?

9 A Yes, we did.

10 Q What kunya did you choose?

11 A When he give us the option, I choose Saddam Hussein. And
12 my other friends, Adis choose Mohamed and Zarein choose Omar.

13 Q Now, did Zahid tell you whether you had to use these
14 kunyas all the time when you were in Waziristan or not?

15 A Yes. He said you should never tell your real names or
16 where you came from. And these are your now names you will be
17 called in the whole trip.

18 Q Why did Zahid say that you should never discuss where you
19 came from?

20 A Because he mentioned even in the car that al-Qaeda might
21 send us back to America. But we took it as, like, you know,
22 maybe he's just playing around. But, you know, he didn't want
23 us, you know, ask my friends and myself that anybody know
24 about us where we came from in case that al-Qaeda send us
25 back.

N. Zazi - Direct/Ms. Ahmad

87

1 Q So he didn't want anyone to know you came from America?

2 A Yes.

3 Q What do you mean by al-Qaeda might send you back to
4 America? Send you back for what purpose?

5 A When he said that in a car, you know, I didn't take it
6 serious myself, I didn't take it serious. But I knew if they
7 send us back to U.S., it would be more for suicide operation
8 or martyrdom operation.

9 Q For you to conduct such an operation in the U.S.?

10 A That's what it meant to me.

11 Q And I think you told us that you stopped overnight
12 en route to your destination?

13 A Yes.

14 Q Where did you stop?

15 A We stopped in a place called Tull. And it was Zahid's
16 family house where we stayed overnight.

17 Q Did you meet members of Zahid's family at that house?

18 A I did.

19 Q What city was ultimate destination?

20 A Our ultimate destination was Waziristan but when we get
21 to Miramshah that's when I notice this was our destination.

22 Q Miramshah is a city in Waziristan.

23 A Yes, it is.

24 Q I'd like to show you what's been marked for
25 identification as Government Exhibit 801.

N. Zazi - Direct/Ms. Ahmad

88

1 THE COURT: 801?

2 MS. AHMAD: Yes, your Honor.

3 Q Can you tell us what this is?

4 A This is the province of Pakhtunkhwa Province of Pakistan.

5 Q Okay.

6 Is this a fair and accurate depiction of that region
7 based on your knowledge of it?

8 A It is.

9 MS. AHMAD: Your Honor, the Government would move to
10 admit Exhibit 801.

11 THE COURT: Any objection, Mr. Naseer.

12 MR. NASEER: Yes, sir.

13 THE COURT: And the basis of the objection simply.

14 MR. NASEER: Very general map. It's not specific to
15 what the witness is.

16 THE COURT: All right. Doesn't purport to be.

17 801 is in evidence. Objection overruled.

18 (Government's Exhibit 801 was received in evidence
19 as of this date.)

20 MS. AHMAD: May we publish to the jury?

21 COURTROOM DEPUTY: Certainly.

22 (The above-referred to exhibit was published to the
23 jury.)

1 EXAMINATION BY

2 MS. AHMAD:

3 (Continuing.)

4 Q Mr. Zazi, I would like to you point out for us some of
5 the locations that we've been discussing.

6 Did you see Peshawar City on this map?

7 A Yes, I do.

8 Q Can you circle it?

9 A (Circling).

10 Q And I believe you said that en route to Miramshah you
11 stopped in Zahid's house in Tull.

12 Can you point to Tull on this map?

13 A (Circling).

14 Q Is that the correct location?

15 A Yes.

16 Q Okay.

17 So this is -- so you drove from Peshawar to Tull?

18 A Yes.

19 Q And you spent the night there?

20 A Yes.

21 Q Where is Miramshah, your eventual destination?

22 A It's right here in North Waziristan.

23 Q Can you put a mark, there?

24 A (Marking).

25 Q Is that right here?

N. Zazi - Direct/Ms. Ahmad

90

1 A Yes.

2 Q Can you describe the general terrain in this region of
3 Pakistan?

4 A Yeah, it was dry. Not tall mountains but dry,
5 mountainous area. And mostly, you know, not developed.

6 Q Now, compared to Peshawar was Miramshah -- was
7 Waziristan, I'm sorry, more or less developed?

8 A Much less developed.

9 Q And what about the relative population. Was it more or
10 less populated than the City of Peshawar?

11 A It was less populated.

12 Q Now, during your drive from Peshawar to Waziristan, were
13 you stopped at any checkpoints?

14 A Yes, we were.

15 Q How many times were you stopped?

16 A We were stopped two times. One time for we did it
17 ourselves and one time by police.

18 Q Okay.

19 Tell us about the time that you were stopped by the
20 police. What happened?

21 A When we got to Kohat, police stopped us because it was
22 regular checkpoint. And police, you know, start to look at
23 our bags in our trunk of the car. And Zahid Ali went outside
24 and talked to the police. After five minutes, we were let go.

25 Q Okay. Can you point out Kohat on this map?

N. Zazi - Direct/Ms. Ahmad

91

1 A Kohat is right here.

2 Q When you arrived in Miramshah, where did you go?

3 A We end up in Miramshah in a store. There was a guy who
4 was a friend of Zahid named Shokaib and there was a small
5 store where we were told to stay there.

6 Q And did all five of you stay at Shokaib's store or did
7 anyone leave?

8 A No Zahid left. We four stayed there.

9 Q You, Zarein, Adis, and Ali?

10 A Yes.

11 Q Where did Zahid tell you where he was going?

12 A He said he's going for the people that -- who is going to
13 take us for, you know, that al-Qaeda members who is going to
14 take us for training.

15 Q He was going to find them?

16 A Yes.

17 Q And after Zahid left, how long did you spend in that
18 store?

19 A We spent five, six hours.

20 Q Where did you go after five, six hours?

21 A Zahid didn't show up, so Shokaib took us to one of his
22 friend's family's house occupied by family and said that this
23 would be our, you know, as a guest we're going to be staying
24 there for some time.

25 Q This is again the four of you?

N. Zazi - Direct/Ms. Ahmad

92

1 A Yes.

2 Q And did you meet any al-Qaeda members at that house?

3 A Yes, we did.

4 Q Who were they?

5 A There was two people showed up late that afternoon. One
6 of them introduced himself as Abdul Hafeez and the second one
7 introduced himself as Ibrahim.

8 Q Can you describe Abdul Hafeez for us?

9 A Abdul Hafeez, tall, black complexion. Had a beard, had
10 his weapons on himself, wearing traditional hat from the area.
11 Spoke English and a little bit Pashto. Arabic, too.

12 Q You said he had weapons on him?

13 A I mean, he was carrying his weapons, like, AK-47 and
14 handgun.

15 Q What is an AK-47?

16 A AK-47 is a rifle.

17 Q So he was carrying both an AK-47 and a handgun?

18 A Yes.

19 Q Now, did you have conversations with Abdul Hafeez at that
20 meeting about what your man was?

21 A Yes.

22 Q And what did you tell him about yourself?

23 A We all three told -- we, all four of us, three of my
24 friends.

25 MR. NASEER: Objection.

N. Zazi - Direct/Ms. Ahmad

93

1 THE COURT: Overruled.

2 A Two of my friends -- am I continue?

3 Q Yes.

4 THE COURT: Go ahead.

5 A Two of my friends and Abdul Hafeez and myself, we had
6 conversation together. So we all tell him that we came from
7 United States and our plan is to come and do Jihad over here.

8 Q And what was Abdul Hafiz's reaction to when you said you
9 were from the United States and wanted to do Jihad?

10 A He had already knowledge of us where we came from because
11 we already told Zahid our whole identity and everything. So
12 he was happy and glad to see us and being there.

13 Q Did he explain why he was glad that you were there?

14 A No. The face -- he was happy to see us the reason was
15 that we are from U.S. And in that conversation the reason he
16 was happy is that he was also having intention for us to go
17 back to U.S. which he said to us was that we should think
18 about going back to United States. So that's why I say that
19 he was happy to see us.

20 Q Now, what did you tell Abdul Hafeez your plan was to
21 fight Jihad?

22 A We told him that --

23 MR. NASEER: Objection --

24 A -- that the U.S. Government.

25 THE COURT: Overruled. Go ahead.

N. Zazi - Direct/Ms. Ahmad

94

1 A The U.S. Government is in Afghanistan and their allies.
2 And this is the duty of Muslims to go and fight and defend
3 their countries.

4 Q What did he suggest to you should be your course for
5 Jihad?

6 A He said that he's going to give us the training, training
7 in weapons and whatever military training is. And -- but, at
8 the same time, he was also telling us to think about going
9 back to the U.S. on behalf of their organization.

10 Q Meaning al-Qaeda?

11 A Yes.

12 Q Going back to the U.S. to do what was your understanding?

13 A He was referring to go back and, you know, to do a
14 martyrdom operation.

15 Q What do you mean by martyrdom?

16 A Martyrdom is the means in which you give your life in
17 operation.

18 Q So, like a suicide operation?

19 A Yes.

20 Q And was there an Arabic term for martyrdom?

21 A In Arabic, we call it Shehadeh.

22 Q And is there an Arabic term for martyr?

23 A It is called Shahid.

24 Q Did you discuss taking any security precautions with
25 Abdul Hafeez?

N. Zazi - Direct/Ms. Ahmad

95

1 A Yes. The security precaution was the same as Zahid said,
2 that we will not tell nobody our real names. And he give us
3 the instruction not to tell nobody our real names and not to
4 tell anybody about where we came from. And he also asked us
5 if we have our passports with us so that he could, you know,
6 secure our passports.

7 Q Now, when Abdul Hafeez said not to tell anybody your real
8 names, did he mean anybody at all or just people who are not
9 members of al-Qaeda?

10 A No. Actually, he was referring more to, in general, to
11 anybody except that he authorized a person or people -- people
12 that he authorized that we could reveal our names to.

13 Q So could you tell your real names to al-Qaeda members who
14 Abdul Hafeez had not authorized to tell them to?

15 A No.

16 Q Why Abdul Hafeez want your passports?

17 A Because he wanted to secure our passports in case we lose
18 it or, you know, something happens; that somebody has, you
19 know, somebody gets our passports. So he wanted to secure our
20 identifications.

21 Q Now, when Abdul Hafeez suggested to you that you, Zarein,
22 and Adis should consider going back to the U.S. to conduct a
23 suicide operation, how did you respond?

24 A We said to Abdul Hafeez that we came to do Jihad over
25 here we don't want to go back. Our plan was never to go back

N. Zazi - Direct/Ms. Ahmad

96

1 to U.S. Our intention was we would stay in that region.

2 Q What did he say to that?

3 A He said that, you know, don't -- he said go ahead and
4 think about it and you have time to think about it more and we
5 will discuss further.

6 Q I think you told us the other al-Qaeda member you met at
7 this safe house was an individual named Ibrahim?

8 A Yes.

9 Q Can you describe Ibrahim to us?

10 A Ibrahim was Middle Eastern skin colored, light, you know.
11 Shorter than me. Had heard, long hair. Had a traditional,
12 from that area, hat. He spoke Arabic well, English, too.
13 That's about it.

14 Q Did Abdul Hafeez seem senior to Ibrahim, or did he appear
15 to be same level, same rank?

16 A The reason I noticed that Abdul Hafeez was senior was
17 because he entered first into the room. So I thought of him,
18 Abdul Hafeez, to be more senior than Ibrahim.

19 Q Did you have any discussions with Ibrahim about your
20 intentions?

21 A Yes.

22 Q What did you talk about with Ibrahim that day?

23 A We talked --

24 MR. NASEER: Objection.

25 A -- mostly just the normal talk.

N. Zazi - Direct/Ms. Ahmad

97

1 THE COURT: Overruled.

2 Go ahead.

3 A Normal talk, you know, just general talk about Middle
4 East. About himself, who he is. And we told him, yes, we are
5 from New York. We are, you know, from United States. And we
6 are here to go to Afghanistan and fight Jihad.

7 Q How long did you three stay at Shokaib's friend's house?

8 A We spent two nights.

9 Q Was Ali with you that whole time?

10 A No, he left the following night.

11 Q And what about Abdul Hafeez and Ibrahim, did they stay at
12 the house or did they visit you there?

13 A They visited us and they gave us the instructions that
14 they would be back when the time is ready or the whole thing
15 is ready, their plans.

16 Q And where did you go when you left that house?

17 A We, actually, Shokaib came back. He took us back to the
18 store, and from the store we went to a hotel. We spent
19 another night over there.

20 Q And what did you do when you went to Shokaib's store?

21 A I noticed when we arrived at the first day that Shokaib's
22 store was making, you know, fake identities or nationalities
23 card of Pakistan.

24 So when we get there, I told Shokaib's friends who
25 was present there I said would you please make three of us,

N. Zazi - Direct/Ms. Ahmad

98

1 you know, the Pakistani identification cards.

2 Q Did you get these Pakistani identification cards made in
3 your real names or other names?

4 A No, we made them on our kunyas or alias.

5 Q And you said after that Shokaib took you to a hotel?

6 A Yes.

7 Q Is that also in Miramshah?

8 A Yes.

9 Q Can you describe that hotel?

10 A The hotel was, I believe, four floors. The first floor
11 was a restaurant and the other three floors was rooms for
12 rent.

13 Q Were there a TV in that hotel?

14 A There was a TV on the restaurant.

15 Q Do you recall what, if anything, was playing on that
16 television?

17 A I noticed that there was a Taliban, the local Taliban of
18 Waziristan. Their fighting videos was on.

19 Q And how long did you stay at that hotel?

20 A Just one night.

21 Q And where did you go the following morning?

22 A Shokaib already had told us previous day that at
23 9:00 a.m., or I think it was 10:00 or 9:00 a.m., came straight
24 to the store which was just a you couple of hundred yards.

25 Q So did you actually go to Shokaib's store the next

N. Zazi - Direct/Ms. Ahmad

99

1 morning?

2 A Yes, at the exact time that he mentioned.

3 Q And what happened when you got there?

4 A We sat there for a few hours until Abdul Hafeez showed up
5 and we had a small, you know, conversation there.

6 Q Abdul Hafeez came and met you at the store?

7 A Yes.

8 Q What conversation did you have when you first came?

9 A All we had was that he told us that, you know, just relax
10 for a couple of more hours, few more hours. I'll be back
11 later afternoon, you know, and I take you with me.

12 Q Did he return later that day?

13 A He returned later that evening early evening.

14 Q And did you go with him somewhere?

15 A We did.

16 Q And how did you travel?

17 A He came with a car and we got into his car. And then,
18 from that point, we traveled at night for over six hours or
19 five, six hours.

20 Q Now, over the course of your time in Pakistan in 2008,
21 did you take multiple -- just this car journey with Abdul
22 Hafeez or multiple car journeys with Abdul Hafeez?

23 A I took many other journeys with him.

24 Q Were these journeys always at the same time of day?

25 A It was always at nighttime.

N. Zazi - Direct/Ms. Ahmad

100

1 Q And what was your understanding of why Abdul Hafeez
2 always traveled at nighttime?

3 A He said that night is better, less people around and hard
4 to recognize, hard to be recognized by, you know, people on
5 the streets. So it's more of a, you know, safety measures.

6 Q When Adbul Hafeez came to pick you up at the store that
7 evening, was he alone or with other people?

8 A No he had two people with him in the car.

9 Q Who were those people?

10 A One was a young black kid, Taufiq. Another kid, I don't
11 recall his name. It was a young, I believe it was a young
12 male.

13 Q Who drove the car?

14 A Taufiq was driving the car.

15 Q And so, can you give us the list of everybody who was in
16 the car for that trip?

17 A Starting with Taufiq, driver; Abdul Hafeez, the third
18 person; and myself, Adis, and Zarein.

19 Q And what was the ultimate destination of that trip?

20 A The destination, he didn't exactly say that where we're
21 going or where we heading. But he was taking us to a place
22 where we could get training, weapons.

23 Q What kind of training?

24 A For weapons training.

25 Q What kind of training, sorry?

N. Zazi - Direct/Ms. Ahmad

101

1 A Weapons training.

2 Q And how long did the trip take?

3 A Six hours.

4 Q Did you stop at all along the way?

5 A Yeah we stopped I think different house.

6 Q Did you meet any al-Qaeda members at the place you
7 stopped?

8 A The first one, no. The second one, we met two people,
9 two individuals.

10 Q Can you tell us which two individuals you met at the
11 second house?

12 A It was one of the guys who introduced himself was Hamad.
13 And other person, I don't recall his name?

14 Q Can you describe Hamad for us?

15 A Hamad was shorter than me. Long hair, beard. Spoke
16 Arabic, English, also very well. And that's about it.

17 Q Now, I'd like to show just the witness what's been marked
18 as Government Exhibit 17?

19 Mr. Zazi, do you recognize this photograph?

20 A Yes, I do.

21 Q Who is this?

22 A It's Hamad.

23 Q Is it a fair and accurate depiction of Hamad?

24 A Yes.

25 MS. AHMAD: Your Honor, the Government moves to

N. Zazi - Direct/Ms. Ahmad

102

1 introduce Government Exhibit 17.

2 THE COURT: Any objection?

3 MR. NASEER: Yes, sir.

4 THE COURT: 17 -- overruled -- in evidence.

5 (Government's Exhibit 17 was received in evidence

6 as of this date.)

7 EXAMINATION BY

8 MS. AHMAD:

9 (Continuing.)

10 Q Now, when you met Hamad, did you have any discussions
11 with him about your plans?

12 A We had some discussion about some issues.

13 Q What did you generally discuss?

14 A Later, we discussed about the missions. About what's
15 next for us, next step. And explosive training and all that
16 kind of -- I would also say about operations that happened
17 already and things like that.

18 Q So these discussions happened later in time, not the
19 night you met him?

20 A No. Later in the process.

21 Q Did you talk about anything of substance the first night
22 you met him?

23 A The first night because there was other individuals
24 there, we didn't go to that much discussion about our plans.
25 I told him about my, you know, where I'm from but other than

N. Zazi - Direct/Ms. Ahmad

103

1 that not about any other plans.

2 Q And so, when you left that second location where you met
3 Hamad to go to the location where you would receive weapons
4 training, who was with you for that part of the journey?

5 A There was we drove in two cars. Myself, Abdul Hafeez,
6 Taufiq. And other car, I believe Hamad, Zarein, and Adis.

7 Q Now, can you describe the weapons training location you
8 eventually arrived at?

9 A We arrived, you know, in Waziristan there's houses were
10 pretty much alike. And this house was -- had tall walls with
11 three rooms in one row and a big yard and an extension of two
12 rooms for guests. So we end up in this compound on this
13 house.

14 Q Did Abdul Hafeez and Hamad drop you off there, or did
15 they stay with you?

16 A No they dropped us there. I believe Hamad stayed there
17 with us but they dropped us off.

18 Q Did you have any conversation with Abdul Hafeez before
19 you left about what would happen next?

20 A Yes, he did.

21 Q Can you tell us what Abdul Hafeez said that you should
22 expect?

23 A Abdul Hafeez said that in this house we're going to have
24 weapons training. And the people that are here who is going
25 to give us training we should not tell our names and our real

N. Zazi - Direct/Ms. Ahmad

104

1 names and our -- where we came from. And the only person that
2 we going to have a discussion and knows about it is going to
3 be Hamad. So we just have to follow the rules of that
4 compound and the person who is going to give us the training.

5 Q So you were allowed to tell your real names and purpose
6 to Hamad but not to the al-Qaeda trainers who would be giving
7 you weapons training?

8 A That's correct.

9 Q Now, did you meet other al-Qaeda members at that weapons
10 training compound?

11 A Yes, I did.

12 Q Tell us who you met?

13 A I met three people there which were in that compound.
14 One was Yousef. Another one was Pakistani Pashtun kid from
15 that area. And another was Ahmed.

16 Q Tell us about Yousef can you describe him for us?

17 A Yousef, you know, his color complexion was black. Had
18 beard, hair, long hair. Wearing the traditional hat from the
19 area. Shorter than me, about five-eight. And that's about
20 it. Spoke English and Arabic.

21 Q What was Yousef's role?

22 A He was the man in charge of our training, our weapons
23 training.

24 Q You said there is another Pakistani guy there. Do you
25 remember his name?

N. Zazi - Direct/Ms. Ahmad

105

1 A No, I do not.

2 Q Can you describe him for us?

3 A About my height. Light skin. Beard, long hair. He
4 spoke English, too, and Pashto. And he was -- he would have
5 been our martial arts trainer.

6 Q Martial arts you said?

7 A Yes.

8 Q And you said that there is individual named Ahmed. Is
9 this the same Ahmed also known as Zahid?

10 A No, it is a different Ahmed.

11 Q What was his role?

12 A He was a cook and a cleaner at that time and, you know,
13 just there as an extra man.

14 Q Now, how long were you at this weapons training compound?

15 A Somewhere around two weeks, little over. Maybe two
16 weeks.

17 Q Were you receiving training for the majority of those two
18 weeks?

19 A We did, yes.

20 Q How frequently did you meet Hamad during that training?

21 A I have seen him four times. Even one time he spent the
22 night with us. He was there.

23 Q And what kind of things did you discuss and do with Hamad
24 when he was there?

25 A We discussed broad --

N. Zazi - Direct/Ms. Ahmad

106

1 MR. NASEER: Objection.

2 THE COURT: Overruled.

3 A We discussed many things. Our location of our residence
4 in U.S., about a few operations that already happened,
5 martyrdom operations. About our plans should be. Watching
6 videos. Talk about, you know, other fighting that happening
7 in those areas.

2 Q The videos that you watched, who chose those videos?

3 A The videos was brought by Hamad in a laptop that he
4 brought with him, and he was the one who had all these videos
5 in his laptop.

6 Q What kind of videos did he play for you on his laptop?

7 A He started with the videos of martyrdom operations that
8 happened in England, and then there are the videos that he
9 showed of martyrdom operation in Pakistan, 9-11 attack and
10 the -- some operation videos of Afghanistan.

11 Q The videos that he showed you of martyrdom operations,
12 those are martyrdom operations conducted by which group?

13 A On behalf of al-Qaeda, al-Qaeda group.

14 Q Who produced the videos that you watched?

15 A To my understanding, those were from al-Qaeda themselves.

16 Q Why did you believe that they were from al-Qaeda
17 themselves?

18 A Because he said that this was their -- and also I knew
19 one of the local that they usually -- that he had from
20 Afghanistan on their videos. So to me, was like obvious that
21 that's their production.

22 Q In particular, the al-Qaeda logo, you said?

23 A Yes.

24 Q You said one of the videos he showed you depicted a
25 martyrdom operation that occurred in England?

N. Zazi - Direct/Ms. Ahmad

108

1 A Yes.

2 Q Can you tell us about that video and operation?

3 MR. NASEER: Objection.

4 THE COURT: Overruled.

5 A The video was --

6 THE COURT: Go on.

7 A The video was of young kids from the UK who did their --
8 who did suicide mission to blow up their London subways, and
9 the video, you know, showed that those kids are giving their
10 speech beforehand, and then it shows the cartoon men, the
11 animation of the actual bombing happen and the damage, that
12 how much damage did it cause to England.

13 Q What did Hamad say about the damage that was caused to
14 England by that attack?

15 A He said that this was a very successful attack and it was
16 a attack that damaged the UK. It cost them billions of
17 dollars in a matter of few seconds. He was referring to the
18 stock market over there, and he said it kind of shut down the,
19 you know, London.

20 Q Did Hamad tell you why al-Qaeda had targeted England?

21 A Yeah. He was pointing towards the UK, their allies, the
22 U. S. Allies, and their equal actually responsible in every
23 aggression towards the Muslims and to them.

24 Q Now, what other al-Qaeda martyrdom operations did Hamad
25 show you videos of?

N. Zazi - Direct/Ms. Ahmad

109

1 A One was video -- was like an hour video of a young kid,
2 Arab who attacked a Danish embassy in Pakistan, Islamabad.
3 There's a documentary of 9-11, how 9-11 happened and what is
4 the reason behind that 9-11 happen.

5 Q Did Hamad explain to you why Denmark had been a target of
6 al-Qaeda's?

7 A Yeah. The conversation was that, you know, that we were
8 having was that the Danish embassy was targeted was because of
9 they made a, you know, a cartoon of our prophet, Alayhi
10 as-Salam.

11

12 Q Alayhi as-Salam is Arabic for "peace be upon him."

13 A Yes.

14 Q Is that a standard honor --

15 A For all the prophets and messengers, from Jesus to all --
16 Adam. We say, "Peace be upon them."

17 So the Danish embassy in Islamabad was targeted
18 because some people in Denmark had published a cartoon of the
19 Prophet Muhammad, is that what you're saying?

20 MR. NASEER: Objection.

21 THE COURT: I'll permit it, and then we're going to
22 take our lunch break.

23 Go ahead.

24 A Yes. The cartoon was -- they were making fun or mockery
25 of our prophet, so it was retaliation for that.

N. Zazi - Direct/Ms. Ahmad

110

1 THE COURT: Retaliation. Okay.

2 Okay. Is this a logical point to break?

3 MS. AHMAD: It is, your Honor.

4 THE COURT: We'll take our lunch break, folks and
5 resume at 1:45. Enjoy your lunch. Do not discuss the case.

6 THE CLERK: All rise.

7 (Jury exits.)

8 THE COURT: All right, folks, 1:45. I'll be out a
9 few minutes early if anybody wants to discuss anything.

10 (Witness left the stand.)

11 (Lunch recess.)

1 (In open court.)

2 THE COURT: I am ready for Mr. Naseer.

3 (Witness takes the stand.)

4 THE WITNESS: Good afternoon, your Honor.

5 THE CLERK: You can bring him out.

6 (Defendants enters the courtroom.)

7 THE COURT: All right. We have just two minutes
8 before the jury returns. I wanted to alert Mr. Naseer and
9 government counsel that one of our jurors, alternate number
10 three, may have, believe it or not after, all the time and
11 attention, may have an employment issue.

12 With your permission, I will interview him with the
13 court reporter at the close of business today and let you know
14 the specifics of it first thing in the morning. Does not
15 appear that that he wants to get off the jury. So it's an
16 issue that may not yet be fully developed.

17 Mr. Naseer, did you want to say anything for the
18 record, I came up early, in the event you wanted to.

19 MR. NASEER: Sir, I object to the witness' testimony
20 so far. Throughout the whole morning, the witness has been
21 testifying to what his activities, what he did in New York,
22 and in Pakistan, and he mentioned a few names that
23 individuals --

24 MR. CANTY: You have -- the witness is present.

25 THE COURT: All right, gents. We may have the jury

N. Zazi - Direct/Ms. Ahmad

112

1 there. So Nick, just see if the jury's there. Are they
2 there?

3 (Witness leaves the witness stand.)

4 THE COURT: Come on. Let's go. I came up early for
5 that purpose. I know it's not your fault. You hadn't been up
6 here. I thought I made it clear I would be on the bench
7 early, because I had the sense you wanted to say something.
8 Go ahead.

9 MR. NASEER: So throughout the morning, the witness
10 has been testifying about his activities, what he did, growing
11 up in New York and what he did in Pakistan, and he mentioned
12 individuals he met in Pakistan during the training camps, is
13 all testimony irrelevant to the defendant. The activities,
14 the things that he did and was up to in Pakistan or he was
15 intending to do in New York has nothing to do with the
16 defendant that was residing in England back in 2008 and 2009.

17 THE COURT: On its face, that's quite right, but go
18 ahead.

19 MR. NASEER: I ask the Court to strike his whole
20 testimony because it's just absurd that he's being allowed to
21 testify for the whole morning and nothing has come up that is
22 credible. He testified to something that is his own
23 activities and his own whole background.

24 THE COURT: Well, it is the Government's view -- I
25 don't share it or not share -- it's the Government's view that

N. Zazi - Direct/Ms. Ahmad

113

1 we will hear evidence connecting his -- the activities of this
2 witness with other activities, alleged activities that you
3 were involved in that were part of a common plan or scheme or
4 conspiracy, if you will, orchestrated and supervised by high
5 level members of al-Qaeda. So if that is, in fact, the way
6 the evidence is presented and if that factual conclusion is
7 valuable to the jury, then of course, it's entirely relevant.

8 I can understand at this point, on its face, it
9 doesn't appear to be relevant because he hasn't mentioned your
10 name. He hasn't alluded to anything that you're alleged to
11 have done. But we'll have to -- we'll have to see as it goes.
12 The Government has alleged a conspiracy, and so they have the
13 burden of proving the existence, first of all, of a
14 conspiracy.

15 Additionally, significantly, they have the burden of
16 proving that at some point, you became part of that
17 conspiracy. They haven't done that with the witness, I grant
18 you that, but they are in the process of alleging through the
19 testimony of this witness and proving through the testimony of
20 this witness, if it accepted by the fact finder the existence
21 of a conspiracy.

22 So in that context, the testimony is relevant, but I
23 note for the record your objection.

24 All right, Ellie.

25 MS. AHMAD: Your Honor, whenever the Court wishes,

N. Zazi - Direct/Ms. Ahmad

114

1 we have an update from the MDC regarding the issue.

2 THE COURT: All right. At the close of business.

3 Okay. What time do you want to take a break,

4 Mr. Naseer?

5 MR. NASEER: 3:30, sir.

6 THE COURT: 3:30, quarter of four? Does that work?

7 MR. NASEER: That's fine, too.

8 (Witness takes the stand.)

9 THE COURT: We're waiting for one tardy juror. Stay
10 right where you are. I just want to make sure he or she is
11 greeted by the judge when they return. I won't say anything.

12 (Pause in proceedings.)

13 THE COURT: The juror reports that he was on the
14 wrong side of the building. Couldn't understand where the
15 rest of his colleagues were.

16 Did you get copies of the documents that Mr. Naseer
17 shared with me this morning?

18 MS. AHMAD: Yes, your Honor, the emails. We did.

19 THE COURT: And Mr. Naseer, did you get your copies
20 back?

21 MR. NASEER: Yes, sir.

22 THE CLERK: All rise.

23 (Jury enters.)

24 THE COURT: All right. Please be seated, everyone.

25 Whenever you're ready.

N. Zazi - Direct/Ms. Ahmad

115

1 MS. AHMAD: Thank you, Judge.

2 BY MS. AHMAD:

3 Q Mr. Zazi, when we broke for lunch, we were talking about
4 the videos that Hamad showed you at the weapons training
5 compound.

6 A Yes.

7 Q And I believe you described that there were videos of
8 martyrdom attacks al-Qaeda had conducted in London, Denmark
9 and New York on 9-11?

10 A Yes.

11 Q I know we talked about the first two, so I wanted to talk
12 to you about the third, the video Hamad showed you about the
13 attack on New York on 9-11. Could you describe what that
14 video generally depicted?

15 A In general, that video was -- that video was like up to
16 the point of 9-11, what exactly leads to the 9-11 all, you
17 know, it shows -- that videos show the aggression American
18 have taken against the Muslim -- Muslim world. And, you know,
19 how they support all the kings and dictators in the Middle
20 East.

21 And you know, these were the reason, another reason
22 was that the U. S. Was occupying Arabian Peninsula where they
23 had bases, too. All these things were shown in the beginning
24 and it leads to the 9-11. So that was like retaliation or
25 revenge for all the actions of the United States.

N. Zazi - Direct/Ms. Ahmad

116

1 Q Now, had you told Hamad at any point previous to this
2 what type of jihad you, Zarein and Adis were interested in
3 doing?

4 A We had told to Hamad that we're planning to -- actually
5 came to do the jihad in Afghanistan.

6 Q To fight U. S. Troops in Afghanistan and NATO forces?

7 A Yes.

8 Q And when Hamad showed you these videos, did he express an
9 opinion as to what type of jihad he believed you should be
10 doing?

11 A Yes, he did.

12 Q What did he say?

13 A He was pointing towards that we should go back to the
14 United States and do the martyrdom operation as it shows in
15 the videos, instead of staying in Afghanistan and fight in
16 Afghanistan.

17 Q Now, did Hamad explain to you why he thought that you
18 three in particular should do an attack in the U. S. Rather
19 than Afghanistan?

20 A He did mention that. He said that for us, we're a very
21 valuable commodity to them because we're from the
22 United States. We do have the passport, which means that we
23 could go back to U. S., United States without any
24 difficulties. And because they don't have nobody in U. S., we
25 were the only ones and if you do this, it would do a huge

1 benefit to them and to Afghanistan.

2 Q When you say you were a valuable commodity to them, who
3 are you referring to?

4 A To al-Qaeda.

5 Q Was there any other advantage Hamad said derived from
6 your being from the U. S.?

7 A Yes. He said that because we lived in U. S., we know the
8 area. We have families, so it's less expensive and it's much
9 better in assurance, you know, that if you're trying to do
10 something, it would be easier and very effective.

11 Q Now, why did Hamad say that it would be more valuable for
12 al-Qaeda for you to do an attack in the U. S. As opposed to
13 the Afghanistan?

14 A We asked him that question, why would you not send your
15 own guys from Waziristan or Afghanistan. He said that it's
16 very expensive to them. And they don't have, you know, the
17 capabilities to do that to send somebody and -- to America.
18 And they can't give guarantee that would even be successful,
19 so for us to be from U. S., it was like the perfect situation
20 to them. And also he said that being us, fighting in
21 Afghanistan would just act like three extra personnel to the
22 front line, mean that we will not be as useful as in
23 Afghanistan compared to the United States.

24 Q What did he mean when he said that you'll just add extra
25 people to the front line?

N. Zazi - Direct/Ms. Ahmad

118

1 A He was pointing towards that there are enough people
2 already in Afghanistan and Pakistan who are going to
3 Afghanistan and fighting America. And for us to be there, is
4 would just add another three extra, you know, personnel to the
5 front line, I mean it would not do any good.

6 Q Good for whom?

7 A It wouldn't do any good to the cause. The fighting cause
8 in Afghanistan to al-Qaeda.

9 Q Now, you have told us that your original motivation to
10 fight jihad was to convince U. S. Forces to exit Afghanistan.

11 A Yes.

12 Q Did Hamad explain to you how you could serve that
13 particular goal by doing a martyrdom operation in the U. S.?

14 A He did, he mentioned that the U. S. Is very powerful and
15 they have the money to support themselves by continue the war
16 in Afghanistan. So the only reason for them if they -- we
17 could kick them out from Afghanistan would be if you hit them
18 in U. S. Would cause them a huge economic difficulties,
19 economic damage, and would also make them consider policies
20 towards Afghanistan.

21 Q Now, did you discuss with Hamad where a martyrdom
22 operation conducted by your group in the U. S. Would take
23 place, meaning what city within the U. S.?

24 A When we were talking we told him that we were familiar
25 with the area where we're from and we just don't have too much

N. Zazi - Direct/Ms. Ahmad

119

1 knowledge of the rest of the U. S. Because we haven't traveled
2 a lot in the country. So he was fine with us being in New
3 York. And carried operation in New York.

4 Q Did you discuss the particular types of locations in New
5 York that you would target?

6 A We were talking on one time, to -- like what is -- what
7 kind of location and what kind of targets would have -- do the
8 most damage in financially and he mentioned some, and my
9 friends and I we mentioned some locations that were in New
10 York. I mentioned Wall Street, because I knew a little bit
11 about Wall Street -- Wall Street, how important it is to U. S.
12 And my other friends wanted to say that New York Times, Times
13 Square, it's very important as very -- the world, one of the
14 most destination place for tourists and for the country. And
15 another friend of mine said subways and buses. So we were
16 mentioning these names among ourselves.

17 Q Now, when you mention Wall Street, how were you familiar
18 with Wall Street?

19 A I knew -- I was working in Wall Street, so I had an idea
20 that Wall Street -- I mean stock market, actually I was
21 referring, I was talking about stock market and how important.
22 If we are going to hit financial site, this stock market is
23 like the most important site would be.

24 Q When you talked about public transportation systems like
25 subways and buses, what did Hamad say about those potential

N. Zazi - Direct/Ms. Ahmad

120

1 targets?

2 A He was listening to our, you know, ideas. And he had no
3 rejection to those ideas. I mean, he was fine of us saying.
4 He never said that that would be a wrong place to hit, so he
5 was like okay with it.

6 Q Did Hamad himself suggest any potential target locations?

7 A Yeah. When we start to conversation about the location
8 he started with the Wal-Mart. He said the Wal-Mart is like
9 the heart of the U. S. Economy which, you know, gives
10 supplies, house supplies, and people needs, that come from
11 Wal-Mart, which Wal-Mart it's like a big factor in their
12 economy. So he started a conversation with something that,
13 you know, that economies depend on.

14 Q Now, did Hamad tell you anything in this training
15 sessions about the history of al-Qaeda?

16 A Yeah, he did.

17 Q What did he tell you about it?

18 A He said that how al-Qaeda started, you know. In the
19 Soviet war, al-Qaeda started then, they stationed in
20 Afghanistan, and they start training camps in Afghanistan and
21 until the U. S. Start bombing, you know, Afghanistan and
22 overthrow the Taliban government. And later, how they move
23 from Afghanistan to Pakistan and end up in Waziristan.

24 Q Now, did you and Zarein and Adis immediately agree to
25 conduct a martyrdom operation or did you take some time to

1 think about it?

2 A No, we didn't agree to their suggestion. We said we here
3 to fight in Afghanistan. We don't want to go back, but
4 eventually we agreed upon it.

5 Q Now, the other training that you received in this
6 compound, you told us it was generally weapons training?

7 A Yes.

8 Q Which weapons were you trained on?

9 A Use of stock, giving us instructions on pistol. And then
10 he moved to AK47, then Pika, which is a Russian machine gun,
11 then he showed us rocket launcher and then grenade, how to
12 throw a grenade.

13 Q And did you receive theoretical instruction on shooting
14 weapons or did you actually get to practice shooting weapons
15 or both?

16 A We did both.

17 Q Now, when you practiced shooting the weapons, where did
18 you go to do that?

19 A We went outside of the compound, maybe like 20 to 30
20 minutes away from the compound. We worked where we get to,
21 you know, there was a hill, mountains where we did the
22 training.

23 Q Which weapons did you shoot during that training?

24 A I shot with the pistol, AK-47, one piece of rocket
25 launcher, grenade.

N. Zazi - Direct/Ms. Ahmad

122

1 Q Did Zarein shoot the same weapon?

2 A He did.

3 Q What about Adis?

4 A Adis did the same thing except with that he had a chance
5 to shoot one bazooka.

6 Q A bazooka, you said?

7 A Yes.

8 Q Now, at the end of this training, did you, Zarein and
9 Adis make a decision as to whether or not you would conduct a
10 martyrdom attack in the United States?

11 A We did.

12 Q What did you decide?

13 A After them coming back and forth, you know, telling us
14 how important it is for us to go back and we got the training.
15 And after, you know, my friends and I we start to have a
16 little conversation on it. That, you know, they would keep
17 saying how important it is for them to, you know, to have this
18 because of all the drone strike, all the, you know, killing,
19 all the air strikes, how pressure was on them.

20 So weekend after our training over, we came to the
21 conclusion that, yeah, we should go back, you know. I think
22 the reality shows that they are under very extreme situation.

23 Q When you saw they kept telling you how much pressure
24 there was on them, who are you referring to?

25 A They were directly saying to themselves, like al-Qaeda,

N. Zazi - Direct/Ms. Ahmad

123

1 but at the same time, they were also pointing to other groups,
2 like Taliban and other groups. Everybody is under constant
3 pressure.

4 Q What do you mean that they were under pressure because of
5 drone strikes?

6 A We could see in Waziristan at night time and daytime, you
7 see drones were flying on those areas. And we heard couple of
8 times that there was a drone strike in which some others were
9 killed, too, and they mentioned that such and such person died
10 in a drone strike.

11 MR. NASEER: Objection.

12 A They show it to us --

13 THE COURT: Overruled.

14 Go ahead.

15 A They showed it to us that this is real.

16 BY MS. AHMAD:

17 Q Now, if you heard that Arabs were killed in Waziristan,
18 what would your conclusion be as to what group that it
19 belonged to?

20 A They say they were brother mean they're part of their
21 group al-Qaeda.

22 Q Now, when you three decided that you would, in fact,
23 return to U. S. And do a martyrdom operation, had you made any
24 final decision as to a target of that operation?

25 A No. We -- our understanding was that we're going to go

N. Zazi - Direct/Ms. Ahmad

124

1 back and do the suicide mission, but the target was never
2 finalized.

3 Q Did you communicate your decision to Hamad?

4 A We did.

5 Q What was his reaction?

6 A He was glad that we say yes.

7 Q Did he tell you that you would need to undertake any
8 additional training in order to do that kind of operation?

9 A Yes, he did, he said that their group and their, you
10 know, their al-Qaeda would provide us with the second training
11 of explosive, how to make a bomb.

12 Q And did all three of you plan to attend that explosives
13 training and learn how to make bombs?

14 A We wanted to attend all three us, but we had a situation
15 with Adis that we decided that Adis, be better that he leaves
16 now before his visa expires. So we end up with me, myself and
17 Zarein that we're going to take the explosive training.

18 Q Why did you think it was better for Adis to leave before
19 his visa expired?

20 A Because we want Adis to have like, the visa he had for a
21 month and the ticket, he had it for a month. So he could go
22 back on time. This way, there be less question in
23 immigration, and from the law enforcement to suspect him of
24 doing anything wrong.

25 Q So you and Zarein decided that you would go get the

N. Zazi - Direct/Ms. Ahmad

125

1 training and he would go back?

2 A That's what we decided.

3 Q Now, did you ask Hamad to convey the fact that you
4 decided to do a suicide operation in the U. S. To anybody else
5 within al-Qaeda?

6 A We told Hamad that, yes, you could tell that to Abdul
7 Hafeez we're okay with going back to the United States.

8 Q Did you eventually yourself discuss with Abdul Hafeez
9 that fact?

10 A Yes, we did.

11 Q What did you say to Abdul Hafeez?

12 A I told Abdul Hafeez we're ready, we want to do, we want
13 to go back to U. S. Meanwhile, we want Adis to go now.
14 Myself and Zarein will attend the second training. But
15 meanwhile, meantime we should go back to our families because
16 it's been over close to a month, Zarein hasn't seen his wife
17 and his family in Afghanistan and for me it's almost two weeks
18 now in Waziristan, it's better that we go back to see our we
19 wives and then later come back and he said, you know, that's a
20 better plan and that's what we should do.

21 Q And what did he say in response to learning that you were
22 willing to do a suicide operation in the U. S.?

23 A He was already told by Hamad that we are, you know, and
24 when he came back to see us, he was happy and he was okay with
25 our decision. But then the he said that the training would

N. Zazi - Direct/Ms. Ahmad

126

1 be, you know, of explosives. I will arrange that for you guys
2 later.

3 Q Now, of all the people you met in al-Qaeda up to this
4 point, Abdul Hafeez, Hamad, Ibrahim and weapons trainer, what
5 was your understanding of who was the highest ranking among
6 them?

7 A My understanding was Abdul Hafeez was in charge of us, so
8 he must be the highest ranking person. Of the other two guys,
9 you just mentioned, Hamad and Ibrahim, I just didn't know what
10 rank they have, but I knew they also have high ranking in
11 al-Qaeda.

12 Q Why did you get the impression that Abdul Hafeez was the
13 highest ranking?

14 A Because he was the one who was paying for the food. You
15 know, taking us from one place to another place. Every time
16 we were in Waziristan or in the compound, he's the one who's
17 coming to get us and take us, you know, whichever way we, you
18 know, he's directing his destination to. So that's why I
19 notice him to be a, you know, high ranking and he was also
20 called -- everybody was calling him Sheikh, meaning a
21 respected words in arabic to a person. So I thought he must
22 be the highest ranking.

23 Q What did Zahid -- what was your understanding of what
24 Zahid's role was?

25 A I had two impression about Zahid. One, that I thought

N. Zazi - Direct/Ms. Ahmad

127

1 he's the messenger, you know, a guy that gives many message.
2 He delivers it to whomever he -- they send him. And a second
3 was that because he took us from Peshawar to Waziristan, I
4 also thought of him to be a, you know, transport, you know,
5 transporting people left and right.

6 Q Who did Zahid report to within al-Qaeda?

7 A He always say that he -- when I get to Waziristan, he
8 said that I'm coming back to give the message to Abdul Hafeez.
9 I know he's reporting to Abdul Hafeez.

10 Q Now, how long were you at the weapons training compound?

11 A I would say two, two weeks, a little maybe over.

12 Q And who came to pick you up from that compound and take
13 you back?

14 A It was Abdul Hafeez and his driver, came and pick us up.

15 Q Was he -- I'm sorry. He was with his driver?

16 A Yes.

17 Q Was there anyone else with him?

18 A I don't remember if there was a third person or not, but
19 the driver was definitely with him.

20 Q Where did Hafeez and his driver take you?

21 A They drop us very close to Bannu, but they were still in
22 Waziristan. That area was still a part of Waziristan, but we
23 were very close to Bannu. That's where we spend the night.

24 Q I'm going to show you Government Exhibit 801 again.

25 THE COURT: Your voice dropped. Could I hear it

N. Zazi - Direct/Ms. Ahmad

128

1 again?

2

3 MS. AHMAD: I'm going to show the witness
4 Government Exhibit 801, which has previously been admitted.

5 BY MS. AHMAD:

6 Q Can you tell us where Bannu is on this map?

7 A A little --

8 Q Sorry. We'll erase those markings and make a new one.
9 Okay. Well, is the arrow on top of Bannu there?

10 A That's Bannu.

11 Q If you were starting from Miramshah or around Miramshah
12 where the weapons training compound was?

13 A The weapons compound was six hours from Miramshah, so we
14 traveled that night from the compound to been Bannu, when we
15 left from our training camp.

16 Q That what's with Abdul Hafeez?

17 A Yes.

18 Q Did he go on with you from there or did he leave you
19 there?

20 A He left us with another in charge.

21 Q Now, before Abdul Hafeez left you, did you have any
22 further conversations with him about your planned operation?

23 A Yes.

24 Q And what did you discuss?

25 A The discussion we had was that first of all they had a

N. Zazi - Direct/Ms. Ahmad

129

1 passport of my friend that I was asking him and he was asking
2 him to, that if get his passport right now because we want him
3 to go to U. S. Adis. And he said that Zahid has his passport
4 and he will extend his visa and will get your passport on
5 time. You know, in Peshawar, so he will come to get you
6 there.

7 Second of all was that Adis should go back and he
8 told you him just stay normal as you should be in U. S. And
9 don't act like, you know, differently than you used to be
10 and -- for us and he said that you and Zarein would be coming
11 back, but for that, Zahid would give you a appointed date,
12 that for on that date, you two will come back to Waziristan.

13 Q And so, Abdul Hafeez told you that Zahid would be a point
14 of contact for arranging the further training?

15 A Yes.

16 Q Did he say anything else about Zahid?

17 A He said that Zahid would be the person that you guys
18 would have a, you know, contact with. And then, he's the
19 trust -- my trustworthy is him.

20 Q Now, you said that Zahid was going to bring Adis his
21 passport. Why, did Zahid have Adis' passport?

22 A Because Adis had one month visa and we brought that issue
23 with Hamad and we also had that topic or that conversation
24 with Abdul Hafeez, that now that we want to go back to
25 United States, we need we need Adis' passport back because he

N. Zazi - Direct/Ms. Ahmad

130

1 has his visa and he can't travel without his passport. So
2 that is the reason why Abdul Hafeez took this is passport, to
3 extend his visa.

4 Q Now, did you discuss with Abdul Hafeez anything that you
5 would be giving to al-Qaeda?

6 A I told him when we were in Bannu, next to Bannu, I mean,
7 that I told him that I did max out some credit cards because I
8 wanted, you know, because I wasn't planning to go back to
9 U. S.

10 So I have some of the money and I have some of the
11 electronics that I brought with me. I said if there are
12 interested in, you know, all those electronics and he said
13 that he would be willing to get the electronics from me. But
14 I can keep some of the cash that I have, keep it for myself.

15 Q Did you tell you how ask you should get the electronics
16 to him?

17 A He said that that the person that is going to accompany
18 us from Bannu to Peshawar, which his name was Asim, would be
19 our guide who's going to give the electronics.

20 Q So did Asim, in fact, accompany you three to Bannu to
21 Peshawar?

22 A He did.

23 Q What did you give him when he dropped you in Peshawar?

24 A I give him I believe two cameras and a laptop and some
25 other maybe some small batteries and memory cards.

N. Zazi - Direct/Ms. Ahmad

131

1 Q That was all intended for Abdul Hafeez and al-Qaeda?

2 A Yes.

3 Q Now, after you returned to Peshawar, what's the next time
4 you saw Zahid?

5 A I saw Zahid maybe two days later.

6 Q What did you discuss with him at that meeting?

7 A We discussed that we are planning to go back to
8 United States, and if you have Adis passport and he said yes,
9 he has. So he handed his passport to us. And we also
10 discussed about our planning back to Waziristan to get
11 explosive training, me and Zarein. And we described the whole
12 situation, how we're going to go forward from here on.

13 Q Did Zahid know why you were going back to the
14 United States?

15 A Yes, he knew why we were going back to the United States.

16 Q And what date did you fix for him to pick you up for
17 explosives training?

18 A I think it was like six weeks from that day we saw him,
19 six, seven, between those, I don't know the exact date, but it
20 was that kind of range of the time that we fixed the date and
21 time that Zarein will come back from Afghanistan and then we
22 go to Waziristan with him.

23 Q Was that the reason for the delay to allow Zarein to make
24 the trip to Afghanistan?

25 A That's correct.

N. Zazi - Direct/Ms. Ahmad

132

1 Q What did you do during that approximately six-week
2 period?

3 A I just went with my normal life in Peshawar with my wife
4 and family there.

5 Q Did Adis end up leaving for New York?

6 A Yes, he did.

7 Q Did he give you anything before he left?

8 A Yes, he did.

9 Q What did he give you?

10 A He had some money with him. Like we all took money with
11 us from U. S. And when he was coming back to United States,
12 he decided that he don't need the money no more because he's
13 okay in the U. S. And he could work, too. So I could have the
14 money and give it to Abdul Hafeez when I go back there.

15 Q Approximately how much money was it?

16 A He left a little over \$3000.

17 Q What did you do with that money?

18 A I had that money with me in Peshawar until I give it to
19 Zahid to give it to Abdul Hafeez.

20 Q Now, did Zarein, in fact, go to Afghanistan?

21 A Yes, he did.

22 Q What happened when Zahid returned to get to go for
23 exclusive training, was that at the date you arranged six
24 weeks later?

25 A Yes, it was. He came and he was asking about Zarein if

N. Zazi - Direct/Ms. Ahmad

133

1 he's here. And I told him he's not. So we waited a few more
2 days. Zarein didn't show up again. And then eventually we
3 decided or he decided that he's going to take me alone to
4 Waziristan.

5 Q Did you know at that point why Zarein hadn't returned
6 from Afghanistan for explosives training?

7 A I didn't know by then. I had no idea why he didn't come
8 back.

9 Q And did anyone else accompany you and Zahid to the
10 explosives training?

11 A From Peshawar to Waziristan, we're along with public
12 transportation and Miramshah, Waziristan, Abdul Hafeez pick us
13 up.

14 Q How did -- what form of public transportation did you
15 take from Peshawar to Miramshah?

16 A There is called plain coach, which is a similar to 15 or
17 20 passenger van.

18 Q Plain coach, you said?

19 A Yes.

20 Q And did you have any discussions about al-Qaeda or the
21 training you were going to receive while you were in that
22 coach?

23 A No, we would not -- we were not talking about any
24 explosive or anything in that public transportation.

25 Q Why not?

N. Zazi - Direct/Ms. Ahmad

134

1 A Because it was not good for -- it's not -- even in
2 Pakistan, Pakistan is similar like any other country, to talk
3 openly about bombs or anything, you know, they have
4 government, they have security forces. So we didn't want
5 anybody to even hear us talk about any jihad or bombs.

6 Q Now, when you arrived in Miramshah, where did you go?

7 A I stayed in the store that -- the first time my trip, the
8 Shokaib store. He met, we came and stopped there, and Zahid
9 told me to stay there for some time until he returns.

10 Q Did Zahid tell you where he going when he dropped you at
11 the store?

12 A He said he's going to look for Abdul Hafeez.

13 Q What happened next?

14 A I stayed there for maybe like two to three hours. Then
15 Abdul Hafeez and Zahid, and a driver of Abdul Hafeez showed up
16 and picked me up.

17 Q And where did you go from that store?

18 A The same direction at nighttime. Again, five to six
19 hours of drive. And end up straight in a training compound,
20 explosive training compound.

21 Q Was the explosives training compound the same as the
22 weapons training compound you had previously been to or
23 different?

24 A No, it was a different compound, different house.

25 Q Did you and Abdul Hafeez ever have any conversations

N. Zazi - Direct/Ms. Ahmad

135

1 during that drive about your mission?

2 A Not in the drive, we had no conversation about anything
3 to do with the plan.

4 Q So what did you talk about or listen to on that drive?

5 A We were listening to tapes. Mostly was all nasheeds,
6 like religious songs, religious songs, spiritual, religious
7 songs, then there are military nasheeds, military songs.
8 That's what we were listening to.

9 Q Nasheed is the word for religious songs?

10 A Yes.

11 Q Some are spiritual and some are militant?

12 A I mean fighting.

13 MR. NASEER: Objection.

14 THE COURT: Objection is?

15 MR. NASEER: Leading.

16 THE COURT: Overruled.

17 Go ahead.

18 BY MS. AHMAD:

19 Q What type of nasheeds amongst those two types were you
20 listening to primarily on the drive to the explosives training
21 compound?

22 A There was that nasheeds were more using the videos of
23 fighting, situation fighting nasheeds.

24 Q What language are those nasheeds in?

25 A A lot of them were in Arabic and some them were in

N. Zazi - Direct/Ms. Ahmad

136

1 Pashto.

2 Q Can you describe the explosives training compound you
3 eventually arrived in?

4 A The compound was similar to the compound we got training
5 for weapons, again, like three rooms in one row, a yard and an
6 extension of guesthouse, two rooms with tall walls.

7 Q Did Zahid and Abdul Hafeez stay with you there or did
8 they just drop you off and leave?

9 A They all left. They dropped me just there.

10 Q Did you have any final conversations with Abdul Hafeez
11 when he dropped you off about what would happen next?

12 A Yeah, he said that I just do whatever they teach me to
13 do. And there are some guys that I'm not -- that I still I
14 don't have to reveal my name and my place where I'm from, and
15 he would also send Hamad to the compound and he would talk to
16 me further.

17 Q He told you not to reveal your name or where you're from
18 to whom?

19 A To the guys who was going to give me training of
20 explosive.

21 Q What was your expectation regarding how long the
22 explosives training was going to last?

23 A I thought of it that it would be less than two weeks.
24 That's it.

25 Q Now, who were the al-Qaeda members you met at the

N. Zazi - Direct/Ms. Ahmad

137

1 explosives training compound?

2 A There was three guys including an additional two or three
3 guys was Hamad, I met Jahangir, Muhammad, Younis.

4 Q Jahangir, Muhammad and Younis?

5 A Yes.

6 Q Starting with Jahangir, is that his real name?

7 A No.

8 Q Can you describe him for us?

9 A My height, Arab, long hair, beard. Spoke English and
10 also Arabic, and that's about it.

11 Q What was his role at the compound?

12 A He said that he's in charge of those three guys of that
13 compound.

14 Q And what about Muhammad? Can you describe him for us?

15 A Yes. Muhammad about five-seven, from -- it looked like
16 he was from the south Indian continent, and had a very long
17 hair, dark skin color.

18 Q What was his role at the compound?

19 A Muhammad was actually the one who taught me the whole
20 process of explosive, how to make a bomb.

21 Q And what about Younis, can you describe him?

22 A Yeah, Younis, about the same height, from the same area,
23 same complexion of color. He had long hair too and a beard,
24 long beard, and, you know, he spoke a little bit English and
25 had a different language they were speaking.

N. Zazi - Direct/Ms. Ahmad

138

1 Q He was the same -- from the same area, had the same
2 complexion as who?

3 A Of Muhammad.

4 Q And what was Younis' role?

5 A To my knowledge, he was experimenting his own weapons how
6 to make, you know, bomb. He was trying to get better in his
7 skills.

8 Q Now, were there any other students at this explosives
9 training course other than yourself?

10 A No.

11 Q And was it your understanding that that was by design or
12 that was just coincidental?

13 MR. NASEER: Objection.

14 THE COURT: Sustained.

15 BY MS. AHMAD:

16 Q Do you -- did anyone in al-Qaeda explain to you why you
17 were the only individual in the explosives training course at
18 this time?

19 A Yes, he said that that training is just for me, I'm
20 getting alone that training, not with somebody else.

21 Q Did he explain to you why that was -- sorry. Who are we
22 talking about when you said he?

23 A Abdul Hafeez said that this whole thing is for me, and
24 not like they're there because of me, but the training that
25 was going to be -- I'm going to be alone and I'm just going to

N. Zazi - Direct/Ms. Ahmad

139

1 get the training by myself with these guys.

2 Q Now, what kind of setting was this training provided in?

3 A Very simple like we were doing all the learning process.

4 Was all we were doing in a room. Normal living room.

5 Q And did you take notes during the training?

6 A I did.

7 Q Where did you take notes?

8 A I had a notebook with me, and I took my notes in that
9 notebook.

10 Q Who began the training?

11 A Jahangir started the training, but then by midday after
12 the lunch, it was all Muhammad that -- from then on, he was
13 the one who was doing it.

14 Q What did Jahangir teaching you during his course?

15 A He was just giving me the instruction how to start, you
16 know, the -- how to start the process, mean like safety stuff,
17 the safety precaution you need goggles, you need gloves, you
18 need an area, you need chemicals from -- you know, separate
19 from each other, stuff like that.

20 Q And then it was Muhammad who provided the main explosives
21 training?

22 A Yes. He started again from beginning. So actually he --
23 he went through everything.

24 Q Now, I'd like to talk to you generally about what you
25 learned during these explosives training that Muhammad

N. Zazi - Direct/Ms. Ahmad

140

1 provided to you.

2 Can you tell us first what you learned in the main
3 component of a bomb are?

4 A Yeah. The -- he have said that there are few steps like,
5 for example, how to make a detonator and what kind of chemical
6 you need, then the bomb itself. What kind chemical you need,
7 how to make it, the ball bearing or nails or other metal stuff
8 that for the casualty purpose, and the electronics that you
9 need to connect, you know, these wires, and batteries.

10 Q Let's start with the detonator, what is a detonator?

11 A He said the detonator is a small explosive piece that
12 detonates the main bomb, which for the main bomb to explode,
13 you need a detonator.

14 Q What is the main bomb?

15 A The main bomb, the main explosive is the bomb itself that
16 does the damage, that does the blast.

17 Q Okay. And you also mentioned ball bearings, what role do
18 ball baring play in a bomb?

19 A Muhammad say that ball bearings is for human casualty.

20 Q How do ball bearings serve to cause human casualty?

21 A He said when you put ball bearings, that the bomb pushes
22 the ball bearings towards the target which acts like bullets,
23 that penetrates human body.

24 Q You talked about electronics, what electronics go into a
25 bomb?

N. Zazi - Direct/Ms. Ahmad

141

1 A Like wire, light bulb, batteries. Those are electronic.

2 Q What is the purpose of the light bulb?

3 A The light bulb is what explodes the detonator.

4 Q And what kind of light bulb do you need to use to explode
5 a detonator?

6 A The smallest light bulb I can find which would be, the
7 perfect one would be Christmas lights that are very small.
8 And the detonator itself is a small piece. He said that's the
9 perfect bulb.

10 Q Now, were you taught to actually make detonators during
11 this course?

12 A Yes.

13 Q Which detonators were you taught to make?

14 A I was taught two different kind of detonators. One is
15 called as acetone peroxide detonator and the second one is
16 hexamine peroxide detonator.

17 Q What are the ingredients of an acetone peroxide
18 detonator?

19 A For acetone you need the acetone itself, hydrogen
20 peroxide, hydrochloric acid and baking soda with water for
21 cooling purpose.

22 Q Were you taught where you could obtain the ingredients in
23 the U. S.?

24 A Yes. I was told where to get.

25 Q Starting with acetone, where were you taught you could

N. Zazi - Direct/Ms. Ahmad

142

1 buy acetone?

2 A You could find that in a hair salon or you could find it
3 in a beauty supply stores that they sell easily those two
4 clean their nails polish.

5 Q So acetone is an ingredient in nail polish remover?

6 A Yes.

7 Q What kind of stores were you thought that you could find
8 hydrogen peroxide?

9 A I was told that you could find it in a pharmacy, you
10 could find it in a beauty salon, you could find it in a beauty
11 supply store like this.

12 Q And do you understand what hydrogen peroxide is used for
13 by beauty supply store customers?

14 A They told me what it was used for. I believe they say
15 it's used to, you know, if you have a color on your hairs, to
16 clean your hairs with it.

17 Q And what about hydrochloric acid, where were you taught
18 you could find that in the U. S.?

19 A They say in a hardware store.

20 Q What kind of product is hydrochloric acid found in?

21 A I don't remember what exactly they told me it's used for.
22 I think I had an idea that it's used for like cleaning toilets
23 and stuff.

24 Q And what was the purpose of baking soda in this
25 detonator?

N. Zazi - Direct/Ms. Ahmad

143

1 A They told me that this use two different purpose. One is
2 to if there were chemicals touchings your skin, you clean that
3 with, like, you know, to clean your -- the chemicals. And
4 another, they told me that it's used to cool down the
5 temperature of the chemicals that when you mix it, the
6 temperature rises. So you cool it down in that water.

7 Q Now, going back to the hydrogen peroxide for a moment,
8 were you taught that you needed a certain concentration of
9 hydrogen peroxide in order to build a detonator?

10 A Yes.

11 Q What concentration is that?

12 A I believe it's from 25 to 30 percent or from 20 to 30
13 percent you need the concentration for that.

14 Q Could you buy that -- if you could not find hydrogen
15 peroxide at that concentration, what could you do to procure
16 it?

17 A He showed me that how to increase the concentration by
18 boiling the hydrogen peroxide, you know, take out the water
19 from it. The more water you take out, the higher the
20 concentration.

21 Q What do you mean by he?

22 A Muhammad.

23 Q Can you walk us generally through the process of building
24 an acetone peroxide detonator with these ingredients?

25 A What I was told is that when you take ten milligrams of

N. Zazi - Direct/Ms. Ahmad

144

1 acetone, ten milligrams of hydrogen peroxide, and then ten
2 milligram of hydrochloric acid, you mix them slowly, slowly,
3 you know, slowly, slowly to the point that it becomes a little
4 hard liquid, you know, and then you dried it up to become
5 solid powder.

6 Q How would you package that powder?

7 A To keep it stored, you need it in a glass bottle with a
8 cap tight, and if you trying to put in a detonator, then you
9 need a piece of hard pepper, pepper, roll it like a cigarette
10 and then you close one side. And put the powder in that thing
11 you make.

12 Q How would you attach that to rest of the bomb?

13 A Well, what he showed me was that you connect the light
14 bulb into the detonator, that to the battery, and the piece,
15 the detonator piece to the main bomb and you stick it in the
16 main bomb.

17 Q The light bulb is a Christmas light bulb you were talking
18 about earlier?

19 A Yes.

20 Q You said you were taught to make another detonator, I
21 think it was hexamine peroxide?

22 A Yes.

23 Q Were you taught that that detonator was easier to make or
24 harder to make than acetone peroxide?

25 A They were both were easy, but it just had a little longer

N. Zazi - Direct/Ms. Ahmad

145

1 process to makes hexamine peroxide, the drying it and mixing
2 it was a little harder I would say.

3 Q Moving on from detonators, let's talk about the main
4 charge or the main bomb that you mentioned earlier. How many
5 different types of main bombs were you -- did you either make
6 yourself during this training or observe others make during
7 this training?

8 A I saw two made by Younis, and I was shown like I
9 participate in making it with Muhammad, two. So that's two
10 and two.

11 Q What are the two types of main bombs that you yourself
12 made during the training?

13 A Me and Muhammad made one was hydrogen peroxide bomb and
14 the isn't was flour and ghee bomb, hard oil.

15 Q So the hydrogen peroxide bomb, what are the main
16 ingredients in that?

17 A Which one you say?

18 Q Hydrogen peroxide bomb?

19 A The hydrogen peroxide bomb is the hydrogen peroxide
20 itself. And the second ingredient is flour that you need to
21 mix with.

22 Q What concentration of hydrogen peroxide did you need to
23 make a hydrogen peroxide box?

24 A I was told that you need 80 to 90 percent concentration.

25 Q How did that compare to the concentration that was

N. Zazi - Direct/Ms. Ahmad

146

1 required for the hydrogen peroxide that's used to make a
2 detonator?

3 A There's a difference in concentration. One is a lower
4 concentration, much lower, and the other one is three times
5 higher concentration.

6 Q Which one is higher?

7 A The hydrogen peroxide, the main bomb.

8 Q And now you mentioned the other bomb that you yourself
9 made with flour and ghee, can you tell us what ghee is?

10 A Ghee is, you know, in Pakistan we use it a lot, but in
11 America everybody use just liquid oil for cooking. Ghee is a
12 hard oil. The concentrated oil.

13 Q Now, were you taught, were you told that either of these
14 bombs had previously been used in successful al-Qaeda attacks?

15 A Muhammad pointed towards the London bombing, that the
16 guys in London used the same hydrogen peroxide bomb.

17 Q What were the two bombs that you observed Younis make
18 making during training?

19 A I don't recall the names and how exactly the whole
20 process went, but I, what I saw was that one of them, one of
21 them was that he mixed two chemicals, two or three chemicals,
22 and put in a plastic bag. And then he tied the plastic bag,
23 shook it and it turned into a crystal -- like crystal kind.
24 And the second one was that he was telling me that this is
25 like bomb from -- the chemicals taste like spices, you know,

N. Zazi - Direct/Ms. Ahmad

147

1 and even he made me taste a little bit, it tasted like he used
2 spices for cooking. He said this -- I call it spice bomb. So
3 I exactly don't know the name of it.

4 Q So one was a spice bomb and the other bomb that turned to
5 crystal, do you remember any of the chemical ingredients that
6 were part of it?

7 A He called it some kind of nitrate bomb. And he probably
8 mentioned the names, but because I had nothing to do with his
9 work, he was not my, like the instructor. I really didn't pay
10 attention or took any notes from his bomb. I knew he was
11 trying to make his skills better because he was doing for his
12 skills to be better in those bombs. So those are much
13 advanced bombs from mine.

14 Q Did any of these bombs have a particular Pashtu name?

15 A When I spoke to Zahid, later on in Peshawar, he mentioned
16 that the flour and ghee bombs sounds, like he mentioned
17 something about hadeen bomb. It's called hadeen bombs.
18 That's what it's recalled.

19 Q What does hadeen mean in Pashtu?

20 A Hata is basically first to call mud.

21 Q What does it mean?

22 A Mud.

23 Q Mud or muddy?

24 A Yeah.

25 Q All right. Now, I would like to talk to you about how

N. Zazi - Direct/Ms. Ahmad

148

1 these bombs would be packaged once they were constructed. So,
2 starting first with the hydrogen peroxide bomb. What form did
3 that take once it was made?

4 A It turned into a liquid form.

5 Q And how were you taught to package that liquid bomb?

6 A It is a simple thing. You into need a two liter soda
7 bottle, plastic soda bottle, and you just mix it in the soda
8 bottle and put the detonator in it, that's it.

9 Q And how would you carry that soda bottle around to the
10 site of your attack?

11 A He give indication of two different kind I could do, book
12 bag or he showed me a simple carton that they made like a
13 shirt, but a nice big pocket in front of it, which you just
14 put it into those pockets with holes in it -- to for the
15 wires.

16 Q So this shirt, was it something you could buy ready made
17 or something you had to sew?

18 A No. The way it looked like that was a simple made sewing
19 by them.

20 Q What was sewn on to the shirt?

21 A Sewn on --

22 Q What was different between the shirt you saw and the
23 typical shirt you buy in a store?

24 A A typical shirt is a shirt that has no pocket in front of
25 it which would hold the bomb.

N. Zazi - Direct/Ms. Ahmad

149

1 Q And this shirt that you were taught did have that pocket?

2 A It had a pocket in front of it, like they call it waist
3 coat. It was like, you know, something that was could hold a
4 bomb or could hold anything you put it in.

5 Q A waist coat you said?

6 A Yes.

7 Q What material was the waist coat you were taught to make
8 made out of?

9 A It was normal cotton cloth. It was nothing fancy.

10 Q And you said that the wiring would also be a part of that
11 waist coat, can you explain how the wiring would fit in?

12 A He showed that the, it had a like three or four pockets
13 with the two pockets on each side for the wires to connect it
14 to the batteries. So whichever side do you want, so, you
15 know, it was like very simple pocket with four holes in it.

16 Q Now, what about the flour and ghee bomb, what form did
17 that take once it was completed?

18 A That, the form was it was solid. It turned into like a
19 dough, like a hard dough like you're making, like trying to
20 make cake or bread, hard, you know.

21 Q And how would that then best be packaged?

22 A He showed me how to make a nice square hard press, you
23 know, once the dough is mixed. And then wrap it up in a
24 plastic.

25 Q And how would you transport that to the site of your

1 attack?

2 A He showed me how to put it, the rest of it then you use
3 it in the backpack.

4 Q You talked earlier about adding ball bearings to a bomb
5 to increase casualties. How would you include ball bearings
6 in the two bombs you described to us?

7 A I saw him, you know, show me already made ball bearing
8 and then he showed me the loose ball bearings, he said that
9 when you put ball bearings like flat and make them like not
10 one plate, then you use glue to connect them. And just put in
11 front of the bomb for the casualty purpose.

1 EXAMINATION BY

2 MS. AHMAD:

3 (Continuing.)

4 Q So you would buy loose ball bearings and do what exactly
5 with them?

6 A To connect, like, put them together and glue them and
7 just put it in front of the bomb.

8 Q Now, these four bombs, did you have to detonate -- when
9 you exploded them or detonated them, would you have to do it
10 manually or were you taught to do it by remote control?

11 A It was manually, that I was shown how to do it.

12 Q Did you have an understanding as to why you were taught
13 these four bombs as opposed to any others?

14 A I would say the two bombs the other two bombs was not
15 part of my experiment. Those two bombs were for the purpose
16 of -- it was that I would, you know, me and my friend would
17 put it in our -- to our body and then press the body so it
18 would be used for a suicide operation.

19 Q Were you taught that those two bombs that you made
20 yourself had any advantage over other types of bombs for your
21 purposes?

22 A Yes. The advantage of it is that the chemicals of those
23 are easy and in everywhere to find it. So to go and look for
24 chemicals, like, you just buying to normally simply from
25 simple stores.

N. Zazi - Direct/Ms. Ahmad

152

1 Q Did you ever have any discussions with Mohammed about car
2 bombs?

3 A We talked about car bombs, that how car bombs are. And
4 car bombs are higher in learning process, meaning, it's not
5 easy and you need advanced knowledge for that.

6 Q Now, did you ever test the bombs you built while you were
7 in the explosive training course?

8 A Yes.

9 Q Where did you go to test them?

10 A We went outside to a mountain area and there we actually
11 explode those two bombs.

12 Q And how many bombs did you explode that day?

13 A I pressed the button of two of the bombs.

14 Q And were other bombs exploded that day?

15 A Yes. Younis made some experimental bombs that he did
16 himself.

17 Q Who all was there that day that you tested these four
18 bombs?

19 A Those three guys in the compound John, Mohammed, Younis,
20 myself. Hamad showed up that day and Pakistani driver from
21 local Waziristan who came to take us to the mountain.

22 Q Can you describe the explosion that resulted when you
23 detonated your hydrogen peroxide bomb?

24 A The bomb was probably about two pounds and it had an
25 explosion, big boom. Sounded like, you know, a blast and it

N. Zazi - Direct/Ms. Ahmad

153

1 had a -- we were 50, 40 yards away. It gives us the shockwave
2 and it damaged the big stone that we put it underneath of it.

3 THE COURT: I'm sorry, damaged what?

4 THE WITNESS: The stone, the rock. The rock I mean.

5 Q What do you mean by shockwave?

6 A You know, it had a shockwave, like, you feel like the air
7 come upon you.

8 Q And you were how far away when you felt that?

9 A 30 to 40 yards away.

10 Q Can you describe the explosion that resulted when you
11 detonated your flower and ghee oil bomb?

12 A It was a similar one. Maybe a little. Maybe five
13 percent bigger blast than the first one.

14 Q And did Younis also detonate his two bombs?

15 A Yes, he did.

16 Q Were those detonations successful?

17 A Yes.

18 Q Now, what was Mohammed doing while and you Younis
19 detonated your bombs?

20 A It was like 40 to 50 yards on top of the mountain
21 recording the whole process.

22 Q Recording it how?

23 A By camera, video camera.

24 Q And was your face covered or uncovered while Mohammed was
25 recording it?

N. Zazi - Direct/Ms. Ahmad

154

1 A My face was uncovered.

2 Q Was anyone else there at the time?

3 A Yeah. I mean, John was with me, his face was covered
4 with me. And he was wearing a black cover mask. And the
5 other guys were. Younis came in camera, he covered his face,
6 too, so that's about it.

7 Q Now, while you were at the explosives training compound,
8 did you ever see Hamad?

9 A Yes.

10 Q Approximately how many times?

11 A Two times.

12 Q What did you discuss with Hamad when you saw him?

13 A The first time he came for greeting, and the second time
14 we discussed few things such as the making videos of our
15 farewell videos, the plan of attack, the timing of attack, and
16 the area where we're going to do it and how it, you know, go
17 with the process.

18 Q What do you mean by "farewell videos"?

19 A He told me to give a speech, like, your martyrdom,
20 farewell speech. Like, you're leaving a message to the world
21 and to the United States and similar videos from my friends in
22 America.

23 Q Now, is it your understanding that this was standard
24 practice within al-Qaeda, or is this something special that
25 Hamad wanted you to do?

N. Zazi - Direct/Ms. Ahmad

155

1 A To my understanding this was, like, the protocol of every
2 person. I'm not going to say every person but people who are
3 doing a martyrdom operation that they give them a video taping
4 or make them a video to give a message and why he did it.

5 Q And when would that video be released typically?

6 A I asked him that. I'm worrying about the safety of the
7 video. He said that do not worry about it, the video will be
8 safe, and they have a safe location that they will keep the
9 video until the operation or the suicide mission is done then
10 they're going to release the video.

11 Q Now, did you, in fact, make a farewell video with Hamad?

12 A I end up making one which, you know, I wasn't prepared
13 for it nor had in my mind that I was going to make one.

14 Q But you did end up making one?

15 A Yes.

16 Q And what did you say -- who filmed the video?

17 A He filmed the video.

18 Q And what was the setting for it? Where were you standing
19 and what were you wearing?

20 A I was wearing normal clothes, traditional clothes from
21 that area. He let me have AK-47 and a flag behind hanging on
22 a wall and sitting next to the wall and he put the camera and
23 start recording.

24 Q Now, who prepared what you would say during that video?

25 A When he asked me that day when we were planning to go and

N. Zazi - Direct/Ms. Ahmad

156

1 actually practice the bombs he asked me that I should give a
2 speech and I ask him that I'm not prepared for the speech. I
3 haven't -- there's nothing in my mind to, you know, give what
4 kind of speech.

5 So we eventually decided that I told him that you
6 write a speech for me and, yeah, I'm going to make later my
7 own video. But out here, you just give me a speech and I will
8 go over your speech whatever you write in it.

9 Q Did you deliver that speech for the camera?

10 A Yes.

11 Q And what generally did that speech talk about?

12 A That talked about the U.S. aggression, the
13 U.S. involvement in Afghanistan and Iraq. The revenge for
14 what they did in Iraq to the prisoners and to one of the lady
15 in Iraq that was captured by the U.S. and was raped, too. I
16 mentioned her name in it, it was written, and the message to
17 the United States was basically.

18 Q And who kept that video after you filmed it?

19 A He took the camera then he gave the camera to John so we
20 could take it outside.

21 Q Where did Hamad tell you the video will be stored?

22 A He said he had a safe location. So I don't know where
23 that location is.

24 Q And what was the plan for when the video would be
25 released?

N. Zazi - Direct/Ms. Ahmad

157

1 A Like I said, in the conversation to me that this video
2 will not be released until you went through the actual bomb
3 suicide mission.

4 Q Now, did you have further conversations with Hamad about
5 your suicide mission?

6 A Yes, we did.

7 Q Did you discuss the timing of the attack?

8 A He said that that he needs to give -- I need to do this,
9 like, the earliest I can. Like, in 2009, the earliest I can
10 to send a message to the new president so he made me show that
11 I did with it quickly.

12 Q And who was the new president you were sending a message
13 to?

14 A I knew then and he knew, too, that the new president was
15 elected in United States and that would be President Barak
16 Obama.

17 Q And you had this discussion with Hamad after the election
18 occurred the presidential election had occurred in the
19 United States?

20 A Yes.

21 Q But it was still in 2008?

22 A Yes.

23 Q And why did Hamad say that they wanted to send a message
24 to president Obama?

25 A Because he want the U.S. to reconsider their whole war in

N. Zazi - Direct/Ms. Ahmad

158

1 Afghanistan and Iraq and let the Muslim world free from
2 U.S. occupation.

3 Q Now, did you discuss with Hamad, did you have any further
4 discussion was him about the actual target of our attack or
5 when that target would be finalized?

6 A No, not the targets but he told me that my video was not
7 the only video, that he needs he also needs the videos of my
8 friends and the attack would be more about six with the other
9 guy, Zahid, and Abdul Hafeez. Those would be the main guys
10 who will give me the targets if there is going to be a
11 potential target. So my contacts would be later on with Zahid
12 not with Hamad.

13 Q I see.

14 So Hamad told you he decided who your point of
15 contact would be?

16 A Abdul Hafeez, yes.

17 Q And when you said your friends also had to make videos,
18 which friends are you talking about?

19 A He asked me of Adis and Zarein Admedzay.

20 Q He asked you to make a farewell martyrdom video?

21 A Yes.

22 Q Now, did you have any discussion was Hamad about your
23 explosives training?

24 A Yeah, I told him that my training was okay. I got what I
25 need and he just said that, you know, just it's easier just do

N. Zazi - Direct/Ms. Ahmad

159

1 it in a safe location. You could use your own apartment if
2 you have a secure room. So just go with it the way he taught
3 you how to make it.

4 Q So when you said when Hamad said, just do it in a safe
5 location he meant do what?

6 A Make the bomb. Make the bomb in a safe location. I
7 don't need big lab or a big area. You know, he just told me
8 that you just need a place with ventilation. That venting.

9 Q Ventilation?

10 A Yeah. And a place where a stove is present. Stove so
11 you could increase the concentration or decrease the
12 concentration.

13 Q Now, how long were you at this explosives training
14 approximately?

15 A A little over a week.

16 Q When you were ready to leave, who did you inform?

17 A I informed Hamad. When Hamad came, I told him that go
18 tell Abdul Hafeez that he should come and pick me up.

19 Q Did Abdul Hafeez be immediately after you gave that
20 message to Hamad?

21 A He took a few days.

22 Q Did you grow impatient over those few days?

23 A Yeah. The training was over, he knew. Went again on the
24 training so I kind of went in and was a little impatient. I
25 wanted to go back to my family.

N. Zazi - Direct/Ms. Ahmad

160

1 Q So was there a reason that you wanted to return back to
2 your family?

3 A Yes. The first time when we went to the training we met
4 and excused our family that we never went to Afghanistan or
5 Waziristan. We never got any Jihadi or military weapons or
6 any kind of training.

7 So we made some excuses and I didn't want any of my
8 family or friends to know again that I'm gone for over a week
9 or two weeks now for them to find out that, you know, I'm not
10 at home.

11 So I kind of went a little impatient there. So I
12 want to go back to not have any suspicions of my family.

13 Q When you were originally planning to join the Taliban,
14 did you tell your family in Pakistan that you were planning to
15 join the Taliban?

16 A Yes, I did.

17 Q When you joined al-Qaeda instead, did you tell them that
18 you had joined al-Qaeda?

19 A No, I did not.

20 Q Why not?

21 A The reason behind this is that al-Qaeda is not welcome
22 in, you know, anywhere in the country of Pakistan.

23 MR. NASEER: Objection.

24 THE COURT: Go ahead. Overruled.

25 A They are not welcome in Pakistan. They are, like, the

N. Zazi - Direct/Ms. Ahmad

161

1 police will treat them like any other criminal organization or
2 something. They will arrest them; and so, to me, it was
3 al-Qaeda was like the group that you don't want to join. But
4 once you join, you have to keep it secret because it's not
5 welcome over there in that area.

6 Q Now, as you were waiting for Abdul Hafeez to come pick
7 you up from your explosives training, did you express your
8 impatience to anyone at the compound?

9 A I told Mohammed that I said Abdul Hafeez is not showing,
10 I don't know what happened. I already told him Hamad that he
11 should come and pick me up.

12 Q What did Hamad say in response?

13 A He was giving me, you know, to -- he said be patient,
14 you're not the only person who comes for training and then
15 leaves. There are many people comes from other countries like
16 Europe --

17 MR. NASEER: Objection.

18 A -- and West that they come and get training and then they
19 leave --

20 THE COURT: Overruled.

21 A -- and nothing happens to them.

22 THE COURT: Okay. Go ahead.

23 Next question, please.

24 Q So, Mohammed, did Mohammed tell you how long he, himself,
25 had been at the compound?

N. Zazi - Direct/Ms. Ahmad

162

1 A Yes, he did.

2 Q How long had he been there?

3 A He said -- in that compound, he said that he hasn't left
4 the compound for over three months now. But he said that he's
5 with al-Qaeda, approximately, two years.

6 Q And did Mohammed tell you whether or not he trained other
7 people while he'd been with al-Qaeda?

8 A No, he did not say exactly that he trained other people.
9 He just said that other people comes here.

10 Q Had Mohammed personally observed other people coming for
11 training to that compound?

12 A I do not recall if he said like that. He just mentioned
13 that, be patient, you're not the only one comes from other
14 countries that leaves back, you know.

15 Q Okay. Now did Abdul Hafeez come to pick you up?

16 A Yes, he did.

17 Q And did he come along or with others?

18 A No, he came with his driver.

19 Q And what happened when he arrived?

20 A He arrived at nighttime and told me to pack up. Let's
21 go.

22 Q And where did you go with him?

23 A He took me from that compound to Miramshah, the center,
24 the City of Miramshah in Waziristan.

25 Q Did you have any discussion was him about what would

N. Zazi - Direct/Ms. Ahmad

163

1 happen next?

2 A Yes, I did. I had some conversation with him.

3 Q And what did you discuss?

4 A We talked few things. One thing that we talk about was
5 that Zahid would be my main communication person in Pakistan
6 when I'm in the U.S. The only contact that I'm going to have
7 with him that was one thing.

8 Second thing, I talked to him about the money that
9 Adis left for me and some of the electronics that still I have
10 that I need to give it to them. And that was second thing.

11 And the third thing was that when I go back to the
12 United States, I make sure that we make videos.

13 Q Who makes videos?

14 A Myself and my two friends.

15 Q And whether or not you to transmit those videos to once
16 you made them?

17 A He clearly said that I would have that contact with
18 Zahid.

19 Q Adbul Hafeez said that?

20 A Yes.

21 Q Now, why did Adbul Hafeez say that Zahid would be the
22 point of contact?

23 A He said you can't call me in Waziristan because we don't
24 have direct communication and Peshawar is a city and they have
25 a telephone system and he is main guy there, my main contact

N. Zazi - Direct/Ms. Ahmad

164

1 that any time I have any issues I would have with him.

2 Q Did you ever observe anyone in Waziristan on the
3 Internet?

4 A No, I did not.

5 Q And why was that?

6 A I did not see any Internet café so I have no idea that
7 there was Internet there or not.

8 Q What about Peshawar? Was there Internet access in
9 Peshawar?

10 A Yes, there was.

11 Q And were there Internet cafés there?

12 A Yes.

13 Q And speaking of telephone communication, did you observe
14 al-Qaeda members using the telephone in Waziristan?

15 A No, I observed that they didn't have no telephones with
16 them.

17 Q Did they explain to you why not, why they didn't use the
18 telephone there?

19 A Yes. They say that they don't use, like, electronics
20 such as telephone for the purpose of it is not to be targeted
21 by U.S. so they don't use that kind of communication system.

22 Q Did you observe al-Qaeda members using telephones in
23 Peshawar?

24 A I saw Zahid had a phone with him. So, yes, I saw Zahid
25 had a phone with him.

N. Zazi - Direct/Ms. Ahmad

165

1 Q Did you have any discussion with Abdul Hafeez before he
2 left you regarding the timing of your attack?

3 A He said the same thing Hamad said that if I can do it,
4 like, quickly.

5 Q And any further discussions regarding the target?

6 A No, the target was not mentioned with him. I never
7 mentioned targets with him.

8 Q Now, Abdul Hafeez took you from the explosives training
9 compound to Miramshah?

10 A Yes.

11 Q And where did you go from there?

12 A I took the public transportation, the same van of --
13 passenger van -- direct from Miramshah to Peshawar.

14 Q Did you make that journey alone or with others?

15 A I personally took it alone but there was other public,
16 other people that I did not know.

17 Q Now, when you get -- when you got back to Peshawar, did
18 you still have the notes you had taken during your bomb making
19 course?

20 A Yes, I did.

21 Q What did you do with those notes?

22 A What I did was that I had those notes with me and I
23 decided that I'm going to copy those -- copy different notes
24 which would be brief notes of the notebook that I had. So I
25 copied the notes that I needed for myself to different

N. Zazi - Direct/Ms. Ahmad

166

1 notebook or different piece of papers.

2 Q What did you do with the original notebook?

3 A I had it and then eventually I gave it to my friend,
4 Zarein.

5 Q And what did you do with the shortened version that you
6 copied?

7 A I did kept it, too, but at the same time I also used it
8 for my e-mails. I had e-mails that I created and what I can
9 was I scanned those notes into my e-mails.

10 Q Now, before you traveled to Pakistan in 2008, did you
11 have any e-mail accounts?

12 A Yes.

13 Q And did you use those e-mail accounts?

14 A No, I did not use those e-mails. I made new kind of
15 e-mails.

16 Q So the e-mail accounts that you had before you travelled
17 to Pakistan, were you using them when you were still in the
18 U.S. before you left?

19 A Yes.

20 Q And what were those e-mail accounts?

21 A Those were -- you mean the name of my accounts?

22 Q Yes?

23 A Njbzazi@yahoo.com and zazmjhd@yahoo.com.

24 Q You created new e-mail accounts when you got to Peshawar?

25 A Yes.

N. Zazi - Direct/Ms. Ahmad

167

1 Q Did you create those after the explosives training or
2 before?

3 A No, after the explosives training.

4 Q And why did you create a new e-mail account to send your
5 bomb making notes to rather than use the ones you already had?

6 A I wanted to make those e-mails that they're not belonging
7 to me. So if I ever open it, it will be like one times or two
8 times and then done with it so I will never be caught with it.

9 Q I would like to show you some exhibits that have been
10 marked for identification beginning with
11 Government Exhibit 513.

12 (The above-referred to exhibit was published to the
13 jury.)

14 Q I'm showing you again Government Exhibit 513, Mr. Zazi.

15 Do you recognize the e-mail account mentioned here?

16 A Yes.

17 Q Does that belong to you?

18 A Yes, it does.

19 Q And is this a subscriber information that you filled out
20 for that account?

21 A Yes.

22 Q And I'm showing you now Government Exhibit 517.

23 Can you tell me what this is?

24 A These are my, these are my mails that I have created
25 myself.

N. Zazi - Direct/Ms. Ahmad

168

1 Q And is this a subscriber information for that other
2 account?

3 A Yes.

4 Q And finally, I'd like to show you what's been marked as
5 Government Exhibit 511.

6 Can you tell us what this is?

7 A This is one of the e-mails that I created in Peshawar
8 Pakistan in 2008.

9 Q Okay. And is this a subscriber information for that?

10 A Yes, it is.

11 MS. AHMAD: Your Honor, the Government would move to
12 admit Exhibits 513, 517, and 511.

13 THE COURT: Any objection?

14 MR. NASEER: Yes, sir.

15 THE COURT: Any objection? Relevance? Is that the
16 objection?

17 MR. NASEER: The authenticity of the documents.
18 Somebody from the Yahoo can actually authenticate the
19 document.

20 THE COURT: Well, certainly, this witness can do
21 that as well. The objection is overruled. 511, 513, and 517
22 are now in evidence.

23 (Government's Exhibits 511, 513, and 517 were
24 received in evidence as of this date.)

25 MS. AHMAD: Thank you, your Honor. May I publish

N. Zazi - Direct/Ms. Ahmad

169

1 them to the jury.

2 THE COURT: Go ahead.

3 (The above-referred to exhibit was published to the
4 jury.)

11 blurry?

12 I have little secret for you folks. In the arm
13 rests between you, you opened them up there's another screen,
14 pick it up. That might help you decipher it and it might just
15 be. Okay sorry to interrupt.

1 Q Remind us what that means?

2 A A fighter.

3 Q And did you create this e-mail account, Mujahideen, in
4 Pakistan or did you have to before you went there?

5 A I did create this in Pakistan.

6 Q And subscriber name Kado Khan. Is that your real name?

7 A No, it's not.

8 Q Now, I'd like to show just the witness what's been marked
9 as Government Exhibit 514.

10 (The above-referred to exhibit was published to the
11 jury.)

12 Q Now, Mr. Zazi, this exhibit is ten pages long I'm just
13 going to quickly flip through those pages for you so you can
14 tell us if you recognize what this document is, okay?

15 A Okay.

16 Q This is the cover page. Do you recognize this document,
17 Mr. Zazi?

18 A Yes, I do.

19 Q What is it?

20 A These are the notes that I took from any original
21 notebook in Waziristan. In Peshawar, I took -- this is a
22 brief version of my original notebook and these are the same
23 notes that I sent through Internet café from his computer to
24 my e-mails.

25 Q Did you wrote those notes yourself?

N. Zazi - Direct/Ms. Ahmad

172

1 A I did.

2 MS. AHMAD: Your Honor, the Government would move to
3 admit Exhibit 514.

4 THE COURT: Any objection?

5 MR. NASEER: Yes, sir, as to relevance.

6 THE COURT: Objection is overruled. Received 514 in
7 evidence.

8 (Government's Exhibit 514 was received in evidence
9 as of this date.)

10 MS. AHMAD: May I publish it to the jury, your
11 Honor.

12 THE COURT: Go ahead.

13 (The above-referred to exhibit was published to the
14 jury.)

15 EXAMINATION BY

16 MS. AHMAD:

17 (Continuing.)

18 Q Before we get to the attachment, Mr. Zazi, this e-mail if
19 you look at the bottom caption to indicates that the document
20 the e-mail was went from Adbul Zuckermal to NJBMJHD and then
21 to ZAZMJHD?

22 A Yes.

23 Q Who is ZAZMJHD?

24 A That's the e-mail that I created and stands for Zazi
25 Mujahid at hotmail.com.

N. Zazi - Direct/Ms. Ahmad

173

1 Q Who is Abdellah Zuckermal?

2 A It's the person who was working in that Internet café. I
3 don't know him.

4 Q And what date was this e-mail sent on?

5 A I believe it says December 3, 2008.

6 Q And why did the Internet café person e-mail your notes to
7 you?

8 A Because he had the scanner that I paid for each note,
9 like, 10 Rupees so he basically had the scanner.

10 Q Okay.

11 So he scanned it and then sent to to you?

12 A Yes.

13 Q Was he aware of what these notes were?

14 A No, I told him not to look at my notes.

15 Q Okay.

16 Now, I'd like to discuss with you briefly the notes
17 themselves.

18 Is this your handwriting?

19 A Yes, it is.

20 Q Now, I'm on Page 2 of this exhibit and there is a
21 reference?

22 THE COURT: Page 2 of Exhibit 514.

23 MS. AHMAD: Yes, your Honor.

24 THE COURT: Okay.

25 Q And there is a reference to diacetone peroxide. What is

N. Zazi - Direct/Ms. Ahmad

174

1 that?

2 A That's the acetone peroxide detonator construction.

3 Q And what is the asterisk which says only three months.

4 What does that mean?

5 A Means that if you once it's made and dry it lasts good
6 for three months.

7 Q Okay. Going to Page 3 of Exhibit 514.

8 I direct your attention to the reference to acetone
9 in the middle of the page. When it says use for nail
10 polishing. What does that mean?

11 A I just wrote this for my future understanding that where
12 I could find the product in area where, you know, hair color
13 remover, like, stores where you could find, you know, stuff
14 like that.

15 Q Now, underneath that there is my reference to H₂O₂?

16 A That actually stands for hydrogen peroxide.

17 Q And I think next to that it says, "Pharmacy to clean
18 wounds."

19 What does that mean?

20 A I was told that I could find it in a pharmacy but it
21 would be a very low concentration which I put that if I'm
22 going to look in pharmacy I could find up to seven percent.

23 Q So the reference to two to seven percent next to that
24 line means the concentration of hydrogen peroxide?

25 A Yes.

N. Zazi - Direct/Ms. Ahmad

175

1 Q And underneath that it says, "Hair color salon, 20 to
2 30 percent."

3 What does that mean?

4 A I was told that, you know, if I go to a hair color salon
5 I could find hydrogen peroxide in a concentration from 20 to
6 30 percent. So that's why I wrote that down here.

7 Q Okay. Now, at the bottom of this page, Mr. Zazi, and I
8 think we're still on Page 2, there says sensitive matter and
9 underneath to says fire explode, electric shock, and then
10 knocking infliction.

11 What does that mean?

12 A You mean all three?

13 Q Yes. If you could just explain them to us?

14 A I was told that the acetone peroxide or acetone detonator
15 can be explode or, you know, by three things, like, fire, if
16 you put a match to it, it will explode it; electric shock
17 would explode that material because it's sensitive; and
18 knocking, friction, whatever it is, I forgot what was that
19 about.

20 Q I'm turning now to Page 6 of this same exhibit.

21 Directing your attention to the middle of the page
22 where it says mixture requirements for explosive to blow?

23 A Yes.

24 Q Can you tell us what this section of your notes discuss
25 us?

N. Zazi - Direct/Ms. Ahmad

176

1 A This discussed each chemical how when you're making it,
2 how you mix it, and what you should do. Like, for example,
3 one is grind separately very well. I was told if you take
4 flour, make sure that flour is grinded very well like nice and
5 smooth and, you know, to the most, like, not to be pieces in
6 it. You know, everything has to be equal. So that's what it
7 means.

8 Even hydrogen peroxide itself has to be nice and
9 liquid. It should not have bubbles or hard pieces in it. So
10 you need to grind it well.

11 Q Okay.

12 At the bottom of the page, next to the number nine.
13 There is a reference to use the detonator at last as you can
14 before operation.

15 What does that mean?

16 A Because detonator explodes the bomb. I was told not to
17 put it until the bomb is ready and you are about to go and
18 commit the suicide. So then that's when you try to connect
19 those two together.

20 Q Okay.

21 Now, directing your attention to Page 10 of your
22 notes which is Exhibit 514. This page is captioned "H₂O₂."
23 And, again, what does that mean?

24 A From where do you want me to start.

25 Q Tell us again what is H₂O₂?

N. Zazi - Direct/Ms. Ahmad

177

1 A That's hydrogen peroxide.

2 Q Okay?

3 A The hydrogen peroxide bomb itself.

4 Q And again can you explain the numbered instructions that
5 come underneath that heading?

6 A One to concentrate area should be opened which means that
7 when you boil it, it has a smell and it has a chemical scent
8 that has to go out ventilation system. When you store it, the
9 container should always be dark because of the sunlight.

10 I was told that if it's in a bright thing, you know,
11 if it's opened to sun, sun might give that light might explode
12 it. So I was told that if that's the case the container
13 should be dark.

14 And the three is the cap should have a small hole in
15 the bottle which means that the two-liter bottle sort of
16 already has a hole on top so that's the thing what it means
17 here. Try best to concentrate before operation.

18 The fourth meaning is that when the time is nearby,
19 like, you are about to do it that's when you need to mix it,
20 you know, because you don't want to have it more than two or
21 three days because then it would not work.

22 Check the concentration before mixing it, meaning,
23 that the concentration of hydrogen peroxide you should know
24 what's the concentration is before you mixing it.

25 Sixth is the concentration of main load should be 65

N. Zazi - Direct/Ms. Ahmad

178

1 to 80 percent. That's the concentration I needed for it.

2 Seven, should wear mask, goggles, gloves.

3 Eight, mixing flour with H₂O₂. Mix well, well the
4 bubbles should go away. That's what I mean by earlier that I
5 say that when you mixing it, you should mix it very well that
6 the bubbles are not in the bomb, in the H₂O₂ bombs, because it
7 produce bubbles.

8 And the last one is don't store to more than two
9 days after mixing to it will expire so that's what basically
10 it means.

11 Q This pertains to the hydrogen peroxide main bomb?

12 A Yes.

13 Q So that bomb itself wouldn't be good two days after you
14 mixed it?

15 A The most up to three days, that's it. That's what I was
16 told so I put it two days.

17 Q Now, when you returned to Peshawar, did you see Zarein
18 again?

19 A Yes, I did.

20 Q And where did you see him?

21 A I saw him when he came back to visit his family members
22 in Pakistan and then he visit me in Peshawar. That's where I
23 saw him in my own house.

24 Q Okay.

25 And did you discuss with Zarein why he didn't come

N. Zazi - Direct/Ms. Ahmad

179

1 to the explosives training?

2 A We did and I asked him why.

3 Q What did he say?

4 A He said that his wife, when we were in the beginning we
5 spent a month in Peshawar, in Waziristan. He said his wife
6 was worrying then and his wife was not letting him go again.

7 So, for that reason, he didn't come back for the
8 second training that his wife was in the letting him leave.

9 Q Did you tell Zarein what had transpired during the
10 explosives training?

11 A Yes, I did.

12 Q What did you generally tell him?

13 A I showed him the whole notes that I took and I talk about
14 the whole experience in not maybe every single detail but I
15 have spoke about the whole chemical stuff and how I got the
16 explosive training in Waziristan.

17 Q Okay.

18 Now, did you see Zahid again when you returned to
19 Peshawar?

20 A Yes.

21 Q How many times did you see him between the time you
22 returned and the time you left for the U.S.?

23 A Maybe close to three times.

24 Q And you told us earlier that Abdul Hafeez had instructed
25 you to keep Zahid as your main point contact to al-Qaeda; is

N. Zazi - Direct/Ms. Ahmad

180

1 that right?

2 A Yes.

3 Q And did you discuss with Zahid how you would stay in
4 contact with each other?

5 A Yes.

6 Q What did Zahid say about that?

7 A Zahid asked me that he needed my information in the
8 United States, like, e-mail address or phone number. So I
9 told him that I don't have it at the moment and I don't have
10 any phone numbers or e-mail because I cancelled everything and
11 I never planned to go back so that was a discussion we had
12 about our contacts.

13 Q Was it true that you didn't have any e-mail addresses at
14 that point in time?

15 A No it's not true. I had some e-mails address.

16 Q So why did you tell Zahid that you didn't have anything?

17 A The reason I didn't want him to send me any e-mails from
18 him to my regular e-mails in case that my e-mails is under
19 surveillance.

20 Q Did you eventually give Zahid an e-mail account at which
21 to contact you?

22 A I did.

23 Q When did you create that e-mail account?

24 A I created right maybe the day or the next day when I saw
25 him.

N. Zazi - Direct/Ms. Ahmad

181

1 Q So first you told him you didn't have any e-mail accounts
2 then you created one to give to him?

3 A Yes.

4 Q Is the e-mail account that you gave to Zahid any of the
5 three that we discussed so far: Najib Zazi, njbzaz, zazmjhd?

6 A None of those. Zazmjhd I made them later, like, a week
7 later or so. No, I did not give the other 2-E-mails to him.

8 Q Why did you create an entirely separate e-mail account to
9 communicate with Zahid?

10 A I wanted this whole thing to be separated from my regular
11 life. That's why I didn't want, you know, anything to do with
12 this e-mail in case anything happens.

13 THE COURT: At some point, we'll take our afternoon
14 break. Would this be appropriate.

15 MS. AHMAD: Yes, your Honor.

16 THE COURT: All right, then folks take a break.
17 Don't discuss the case we'll resume in about 12 minutes.

18 COURTROOM DEPUTY: All rise.

19 (Jury exits courtroom at 3:27 p.m.)

20 (Witness leaves the witness stand.)

21 (A recess in the proceedings was taken.)

22 (Defendant enters the courtroom at 3:42 p.m.)

23 THE COURT: Bring the witness in.

24 (Witness takes the witness stand.)

25 THE COURT: Do you expect to finish with the witness

N. Zazi - Direct/Ms. Ahmad

182

1 before we break?

2 MS. AHMAD: I'm not sure, your Honor. I think there
3 is a possibility we may take 'till the morning break tomorrow.

4 COURTROOM DEPUTY: All rise.

5 (Jury enters courtroom at 3:45 p.m.)

6 THE COURT: Please be seated. Continue.

7 MS. AHMAD: Thank you, your Honor.

8 EXAMINATION BY

9 MS. AHMAD:

10 (Continuing.)

11 Q Mr. Zazi, when we broke, we were talking about the e-mail
12 address you created to communicate with Zahid?

13 A Okay.

14 Q Did you discuss with Zahid the type of language you would
15 use in your e-mail communications to refer to suicide
16 missions?

17 A Yes, we did.

18 Q What did you discuss?

19 A We discussed that we're not going to use any words, like,
20 chemicals itself, the word "bomb," the words that could bring
21 attention from law enforcement. So we would always use if you
22 were going to discuss operation or anything a code, a words
23 that actually represent normal situations.

24 Q Words that represent normal situations, meaning, words
25 that sound the normal?

N. Zazi - Direct/Ms. Ahmad

183

1 A Yes.

2 Q That they would, in fact, be code?

3 A It would be.

4 Q Did you discuss with Zahid what code you would use to
5 discuss, to communicate when the attack itself was ready to
6 occur?

7 A Yes, we did. And we agreed upon a word that would be our
8 code for the mission, like, wedding. Wedding is our code.

9 Q Wedding?

10 A Wed yes.

11 Q So what would you say when you wanted to communicate to
12 Zahid that the attack was about to happen?

13 A I would say that the wedding is ready which would
14 represent that the bomb and the suicide mission is ready.

15 Q Now, did Zahid give you his e-mail account or an e-mail
16 account at which you could contact him?

17 A No, he did not give me his e-mail. I believe he give me
18 his phone number but previously I had his phone number with
19 me.

20 Q Did Zahid keep the same phone numbers forever or did he
21 often change them?

22 A I don't know about that.

23 Q Now, if Zahid didn't give you his e-mail address, how did
24 you expect to know when it was Zahid who was e-mailing you?

25 A Because I had, you know, by then, I had enough dealing

N. Zazi - Direct/Ms. Ahmad

184

1 with him. I know how, you know, how what kind of language he
2 would use. And also, because me and him know each other by
3 their -- his name, the kunya, which is Zahid. So that would
4 be another thing that I will know that it's him.

5 Q Meaning, if he signed using his kunya?

6 A Yes.

7 Q Did you discuss with Zahid before you left the explosives
8 training that you had undergone?

9 A Yes, I did.

10 Q And what did Zahid say about that?

11 A Zahid said that this is, yeah, that kind of explosive
12 training usually everybody gets, and these are the explosive
13 training that he himself had to and he knows these bombs, too.

14 Q Okay.

15 And is this when Zahid told you, you use the phrase
16 "hadeen bomb," when you told?

17 A Describing some of the bombs to him. The two bombs,
18 that's when I heard it for the first time.

19 Q Did you give Zahid anything before you left Pakistan?

20 A Yes, I did. I gave him the money previously. I already
21 spoke to Abdul Hafeez and Adis left money. And so, when I saw
22 Zahid, I give him the money and also I give him some
23 electronics.

24 Q And what was the purpose of your giving him the money and
25 electronics?

N. Zazi - Direct/Ms. Ahmad

185

1 A The electronics we previously talked about with Abdul
2 Hafeez that if he wanted the electronics I would be happy to
3 give it to him and he say yes. And the money was that Adis
4 left money and I add 3,000 more dollars with this money so
5 that they have enough money.

6 Q You added 3,000 of your own money to the 3,000 Adis had
7 left?

8 A Yes.

9 Q When you said the purpose was so they had enough money,
10 who do you mean by "they"?

11 A You know, it's strange that if I'm, you know, going to
12 say my words that, you know, when Zarein didn't show up, I
13 said, like, he might not go with the plan because Adis and
14 Zarein didn't show up.

15 So I decided to give 3,000 extra dollars they spend
16 a lot of money on us by giving us the training and everything
17 so in case we don't go with it, you know, at least we would be
18 giving them something, you know, that they would be okay with
19 it.

20 Q Okay. And who is them?

21 A Al-Qaeda.

22 Q Now, did there come a time that you returned from
23 Peshawar to New York?

24 A Yes.

25 Q And, approximately, when was that?

N. Zazi - Direct/Ms. Ahmad

186

1 A I think it was January 3rd or 4th of 2009.

2 Q And when you returned to New York, did you stay in New
3 York City or did you eventually move somewhere else?

4 A I stayed for few days and then I moved to Colorado.

5 Q And why did you decide to move to Colorado at that point?

6 A I had a couple reasons that I wanted to go to Colorado.
7 In Pakistan, I decided when I was in Pakistan that I'm going
8 it move to Colorado. My other relatives are already
9 established themselves in Colorado. So my purpose was that
10 I'm going to go to Colorado and work. And, at the same time,
11 I would go to Colorado to have less suspicion or less
12 surveillance from the Government on us if I be in New York
13 with my other two friends.

14 Q Why did you think there would be less surveillance if you
15 lived in different it's from your two friends, Zarein and
16 Adis?

17 A Because that would show our trip to Pakistan was just a
18 normal trip and we are not up to anything wrong. And we're
19 not conspiring or doing anything that to harm U.S. interests
20 or anything.

21 Q Between the time when you arrived in New York and left
22 for Colorado, did you see Zarein and Adis at all?

23 A I saw Adis alone. Zarein hasn't returned by then.

24 Q Did you discuss your explosive training with Adis?

25 A I did.

1 Q What did you discuss?

2 A I told him -- first of all, I told him the greeting of
3 Abdul Hafeez that I sent to him. And then, I told him about
4 my training and I told him about Zarein that he didn't show
5 up. But then later he came and what he told me what was the
6 reason he didn't show up. And I told him about the training,
7 that I got training in al-Qaeda camp, and I know how to make a
8 bomb.

9 Q What did Adis say when you told him that Abdul Hafeez had
10 sent him greetings?

11 A When I told him Abdul Hafeez said he's sending his him
12 greeting to you he said, "Do you know his real name and who he
13 is?" And I told him I already don't know him other than Abdul
14 Hafeez, the name that he told us. He said that his name is
15 such and such and there is a money reward on him by the
16 U.S. Government.

17 Q What did Adis say Abdul Hafiz's real name was?

18 A He mentioned that his name as Saleh al-Somali from
19 Somalia.

20 Q Now, when you moved to to Colorado, where did you live?

21 A I lived in Aurora, Colorado.

22 Q And where is that generally?

23 A That's next to Denver in Colorado state.

24 Q Who did you live with in Aurora?

25 A I lived with my aunt, family, her husband, you know, I

N. Zazi - Direct/Ms. Ahmad

188

1 call it uncle. So I live there.

2 Q You refer it your aunt's husband as your uncle?

3 A I would say, yeah.

4 Q And did you get a job in Colorado?

5 A Yes, I did.

6 Q What did you do?

7 A I start working as a shuttle driver for airport. I
8 started as a Big Sky Shuttle driving and then I started at ABC
9 Shuttle Airport.

10 Q Big Sky and ABC are the names of companies you worked
11 for?

12 A Yes.

13 Q Now, you had told us earlier this morning that when you
14 originally left for Pakistan you racked up a lot of credit
15 card debt because you weren't planning ever to come back to
16 the U.S.

17 Did that credit card debt caused any difficulty when
18 you did, in fact, end up coming pack?

19 A There was, yes, some phone calls that keep coming to my
20 family. They did met some difficulties.

21 Q What did you decide to do to address the debt that you
22 had accrued?

23 A I decided that I'm going to file a bankruptcy through the
24 bankruptcy office. So I could file, you know, declare
25 bankruptcy. I could not pay the debt.

N. Zazi - Direct/Ms. Ahmad

189

1 Q And when you filed for bankruptcy, when entirely honest
2 in your filing about the debt that you had accrued?

3 A No, I did not.

4 Q After you moved to Colorado, did you ever return to New
5 York City?

6 A Yes, I do.

7 Q How many times?

8 A Approximately three times.

9 Q When were those three trips?

10 A One trip was somewhere in spring. The second trip was, I
11 believe, in July. And the third trip was in September.

12 Q Of what year?

13 A Of 2009.

14 Q Let's talk about your first trip, the one that occurred
15 in the spring.

16 How did you get from Denver to New York?

17 A I flew in airline to LaGuardia.

18 Q And where did you stay in New York on at that trip?

19 A I stayed with my family, my immediate family, my father
20 and parents.

21 Q What was the purpose of that trip?

22 A The purpose of that trip was that my court date was fixed
23 and I had to come for the Court date of my bankruptcy.

24 Q Bankruptcy Court you're talking about?

25 A Yes.

N. Zazi - Direct/Ms. Ahmad

190

1 Q Did you see Zarein and Adis on that trip?

2 A I did see them, yes.

3 Q Once or more than once?

4 A I don't recall the number of times but more than once.

5 Q And where did you see them?

6 A I saw them in the same neighborhood, in the same mosque,
7 called Abu Bakr Mosque and in that area.

8 Q What's the neighborhood?

9 A Flushing.

10 Q Did you have any discussions with them about your planned
11 suicide attack?

12 A Yes, I did had a conversation.

13 Q What did you discuss?

14 A We were in a car and, you know, I brought the topic of
15 the mission. I wanted to know if they were still on board,
16 you know, because I wasn't sure. I haven't seen Zarein for
17 almost three you for four months, and when I brought the
18 conversation they said they are still on the mission, meaning,
19 that they were still in yes to the mission.

20 Q Okay.

21 Did you discuss the timing of when you would conduct
22 the attack?

23 A Yes. We talked about that and Adis said that it would be
24 better we did in Ramadan and we agree upon it?

25 Q What is Ramadan?

N. Zazi - Direct/Ms. Ahmad

191

1 A Ramadan is a holy month of Muslims in Islam. Where all
2 Muslims fast for 30 days.

3 Q And what was the significance of your doing the attack on
4 Ramadan?

5 A You know, the reason about the significance of Ramadan is
6 that we Muslim fast as one. Second is that every deed counts
7 multiplied by ten or even more. So every good deed you do is
8 more reward in that month because the person is fasting. Adis
9 said it will better month and a blessed month and let's do it
10 in that so we agree upon it.

11 Q So, in your view, the suicide attack would be a good deed
12 whose blessings would be multiplied if you did it that month?

13 A Yeah, it would have -- the reward would be doubled.

14 Q Now, when was Ramadan, approximately, in 2009?

15 A I think it was in September, yeah, that's where it was.

16 Q Now, where did you have these conversations with Zarein
17 and Adis during this trip?

18 A They were on board for the mission. I believe it was in
19 a car that we were -- I asked them and they say yeah. And
20 then we had conversation in a park walking around in the
21 street in those areas.

22 Q Was there a reason that you chose those public, outdoor
23 areas to have those conversations?

24 A Yes. Like I mentioned earlier, was that we didn't want
25 it to be around people that are close by. We didn't want to

N. Zazi - Direct/Ms. Ahmad

192

1 be in a place where walls around, where could be microphones.
2 We thought that the Government is always, you know, watching
3 and listening and they have spice and informants.

4 Q Did you discuss with Adis and Zarein on this trip after
5 constructing, how you would actually construct the bombs for
6 the attack?

7 A We had a brief discussion on that, too.

8 Q Did you discuss who among you would build the bomb?

9 A Yes. I spoke to Zarein that me and him would make the
10 bomb.

11 Q Why did you want only Zarein to be involved with you in
12 the bomb making?

13 A The one reason was that we want Zarein to be with me
14 because I already shared the information on my notebook that
15 it details in my notes from Waziristan that he has an idea.
16 And the second thing is that if I make mistake, I know that
17 Zarein will not get mad with me or get nervous.

18 I didn't want Adis to be involved in it because I
19 know he's a simple guy and I don't want him to get mad. And
20 he's, like, the religious motivated person for us. So I
21 wanted Adis to be motivated for us and not to be involved in
22 our making bombs.

23 Q Did you discuss on this trip where you would build a
24 bomb?

25 A Not exactly. A lot of detail but we discussed a few

N. Zazi - Direct/Ms. Ahmad

193

1 places, yes.

2 Q Who sort of criteria were you looking for in the location
3 where you built a bomb?

4 A We were looking for a safe and secure and less crowded or
5 no crowd of people. Place where apartment or hotel or a park
6 or a basement.

7 Q Why did you think you would be able to build it in a
8 park?

9 A Because I was already told that apartment is a perfect
10 place for it because you would have access to water. You
11 would have access to stove which means kitchen area.
12 Apartment has kitchen if I wanted to increase the
13 concentration. So that would be the perfect place.

14 Q And besides an apartment did you also discuss building a
15 bomb in a park?

16 A Not the whole bomb. We were talking about if you need to
17 increase the concentration we would just take it to the park
18 and do it there.

19 Q How would you do it in a park?

20 A We know that Flushing Meadows had a barbecue place. So
21 you take it there and just boil the concentration.

22 Q Now, after this trip when you went back to Colorado, did
23 you make any attempts to start securing the ingredients you
24 would need for the bomb?

25 A Yes, I start.

1 Q What did you do?

2 A When what I start doing is that I first opened my
3 account, my e-mail account, from Pakistan for the first time
4 and I took the notes out and then I start searching on
5 Internet, on Google and Yahoo, looking for the ingredients,
6 chemicals and then I went outside to see them or find them in
7 the stores.

1 BY MS. AHMAD:

2 Q And what sort of stores did you look in for these
3 ingredients?

4 A I was looking for these ingredients in hair salon,
5 hardware store, pharmacy, Wal-Mart and places like that.

6 Q Did you find what you were looking for right away or did
7 you have to shop around?

8 A No, I had to shop around.

9 Q Did you eventually make any purchases --

10 A I did.

11 Q -- of the ingredients?

12 A Yes.

13 Q What did you buy?

14 A I buy acetone peroxide, hydrogen peroxide. I bought
15 baking soda. I bought toilet cleaning liquid, which contain
16 hydrochloric acid. I bought some other items like Scotch
17 tape, calculator, I believe, and scale.

18 Q Where did you get the acetone from?

19 A I bought it from hair salon.

20 Q And what about the hydrogen peroxide?

21 A I believe I bought it from hair salon, too.

22 Q What about the hydrochloric acid? That was toilet
23 cleaner, you said?

24 A I bought it from -- I bought it from Lowe's.

25 Q And what is the purpose of getting a calculator?

N. Zazi - Direct/Ms. Ahmad

196

1 A Because I knew that if I need to increase the
2 concentration, I need to calculate the measurement.

3 Q What did you do with these chemicals once you bought
4 them?

5 A I brought it to my aunt garage or her house.

6 Q And what happened after you brought them there?

7 A She was working in the backyard and she saw me bringing
8 two bags, plastic bags -- shopping bag, I mean. When I went
9 into my room, she went into the garage and checked out these
10 chemicals, and I know she didn't know those chemicals, but she
11 was they were unusual. So she told her husband that that I
12 brought some chemicals into the garage.

13 Naqib, which is, you know, I call him my uncle --
14 approached me and told me, "What is this? What the hell is
15 this?" So I told him that these are the stuff that I'm trying
16 to make something of it.

17 Q What did you tell him you were planning to make with
18 those ingredients?

19 A I told him that in Pakistan, I saw one Indian, you know,
20 Singh. He told me that if you mix such and such, it will
21 change it into male enhancement drugs, male enhancement pills
22 that would help a person have a better sex life.

23 Q Is that true?

24 A No.

25 Q What did Naqib tell you to do with the chemicals?

N. Zazi - Direct/Ms. Ahmad

197

1 A He said, "I don't want to have -- you know, I don't want
2 to do anything with it and I don't want to have this in the
3 garage." So I told him, I said, no problem. I would just
4 dump it right in front of you, because there's nothing like,
5 you know, wrong that I'm trying to do, you know, something
6 that is illegal. So I went outside and I just dumped it on
7 the road.

8 Q And after that, did you go back to New York?

9 A Yes, I did.

10 Q Approximately when is that, again?

11 A I think it was either the end of July or the early
12 August.

13 Q And how did you get to New York?

14 A I went in airline. I bought an airline ticket and I flew
15 to New York.

16 Q And what was the purpose of this trip?

17 A This time, the purpose of my trip was that I had a -- I
18 had a coffee vendor, coffee cart, where I used to sell coffee
19 in the street at Stone and Broadway, and I rented that to the
20 person that I know, and he start calling me, that there's
21 another competition came close by and he's giving him a hard
22 time and taking business from him, and he's illegal to stand
23 there at our building. So he told me to come over and see the
24 situation.

25 Q Did you see Zarein and Adis on that trip?

N. Zazi - Direct/Ms. Ahmad

198

1 A Yes, I did.

2 Q Did you have any conversations with Zarein and Adis about
3 the suicide mission?

4 A Yes. With Adis, just briefly and with Zarein, I went
5 into details.

6 Q What topics did you discuss with Adis?

7 A I told Adis that, you know, I tried -- I tried and the
8 bomb, it's like I told him, I give him satisfactory, that
9 don't worry. I think we could figure it out and we could make
10 it. That's about with Adis, but with Zarein, I went into
11 detail.

12 Q With Adis, did you have any conversations about the
13 potential locations for building the bomb?

14 A Yes, we had some locations, yeah.

15 Q And what potential locations did you discuss?

16 A We discussed like places, for example, apartment or a
17 basement, a park or a hotel or motel, something like that.

18 Q Did Adis have any suggestions?

19 A He threw one suggestion that he said that his basement in
20 New York where he work in Manhattan, it's usually nobody
21 around on the weekend. On the weekend, nobody ever come
22 there. So that would be a nice place to use. I say, no
23 Manhattan. No, we're not going to use somebody's apartment or
24 somebody's building that we don't know, and you never
25 guarantee of people. So we said that's out of the -- off the

N. Zazi - Direct/Ms. Ahmad

199

1 table.

2 Q What kind of work did Adis do in this building in
3 Manhattan?

4 A He was a doorman and a security guard at the same time.

5 Q And it was an apartment building?

6 A Yes. I don't know if it was apartment or office.

7 Q Okay. Did Zarein have any suggestions about where you
8 could build a bomb?

9 A Yes. Zarein had said, because I already mentioned to him
10 what happened in Colorado. He was telling me that his
11 brother-in-law is going home to Pakistan, and so his apartment
12 would be vacant for two weeks. So I'm going to talk to him
13 and I'm going to make sure we get that apartment for two
14 weeks, and that's when we're going to make it there.

15 Q Did that end up working out, using Zarein's
16 brother-in-law's apartment?

17 A No, it did not.

18 Q You said you went into further discussion with Zarein
19 about the mission. What else did you discuss with him?

20 A Me and him talked about how to find chemicals, where to
21 make it and how to make it, and what targets we might choose.

22 Q Okay. Now, with respect to where to find chemicals, what
23 did you and Zarein talk about?

24 A I talk about the acetone peroxide, hydrogen peroxide,
25 hydrochloric acid and how to find them, and we actually went

N. Zazi - Direct/Ms. Ahmad

200

1 in on a expedition to find it.

2 Q Where did you go on this expedition to?

3 A We traveled to a pharmacy in a Pathmark, and they had a
4 pharmacy and look in those shelves, how to find those two
5 items, three items.

6 Q Pathmark, the grocery store?

7 A The Pathmark that was close by, in Flushing.

8 Q And when you went, there did you actually purchase the
9 items or did you go to see whether or not they were available?

10 A No, we were just trying to see if it's easy to available,
11 and if they have a lot of it.

12 Q And you said you and Zarein also had some conversations
13 about the target of your attack?

14 A Yes, we did.

15 Q Did Zarein have any suggestions regarding what areas or
16 locations you could target?

17 A Yeah. We talked. First of all, he said that he's a
18 taxicab driver, and he knows the New York City like on his,
19 you know, like he knows -- he knows everything in New York
20 City. He's been driving for a long time.

21 But then we move into a subway and we talked about
22 that subways like one of the -- our main target, it could be.

23 Q Do you mean you moved to discussing the subways as a
24 potential target?

25 A Yes.

N. Zazi - Direct/Ms. Ahmad

201

1 Q Did you discuss any particular subway stations or any
2 particular subway lines?

3 A We did discuss some lines that crosses Grand Central
4 area, which is like the heart of Manhattan and they're busy
5 and crowded, and very famous.

6 Q Do you mean Grand Central Station in Manhattan?

7 A Yes.

8 Q What was the significance of targeting Grand Central
9 Station?

10 A Not the actual Grand Central itself. I mean, we say that
11 these are the lands that are very busy and very famous, and
12 these are shut down, that mean the whole New York City could
13 be shut down with it.

14 Q Is there a reason that you focused on lines that went
15 through Manhattan?

16 A Yes, because it's a lot of people are using it. They
17 would have fear, and it would have a better economic damage
18 and impact.

19 Q Did you discuss what time of day would be best to conduct
20 the attack?

21 A Yeah. We discussed that -- which would be better, the
22 morning or the evening, and it was okay. We were going
23 towards morning more than the evening.

24 Q Why the morning?

25 A Because that's the start of the day, so you just shut

N. Zazi - Direct/Ms. Ahmad

202

1 down the subway from morning.

2 Q Was there any particular reason that after debating all
3 the locations you told us that you discussed with Hamad in
4 Pakistan that you eventually settled on the subway?

5 A Can you repeat that please, again?

6 Q Yes. You had told us that with Hamad in Pakistan, you
7 discussed multiple locations and you gave us examples of that,
8 right?

9 A Yes.

10 Q And can you explain to us why you eventually settled on
11 the subway as a target, what it was about the subway that led
12 you to think it would be the ideal target?

13 A Because he already put it in our mind -- in my mind, I
14 would say, that he showed the subway bombing in London, and it
15 was a very useful and had a big impact. So it was obvious to
16 us, too, that the New York is connected with the subway, so if
17 subway shut down, the whole city is shut down.

18 Q Now, did you have an understanding as to what effect
19 choosing busy subway lines -- attacking busy subway lines
20 during busy times of day would have on the number of
21 casualties that occurred?

22 A We knew that morning time, all the trains are crowded,
23 but, you know, they're all pretty much fully crowded. What
24 important to us was the line that is very famous or more
25 important to people. That was the main reason.

N. Zazi - Direct/Ms. Ahmad

203

1 Q Now, were you, Zarein and Adis each planning to carry a
2 bomb onto the subway?

3 A That was the intention of ours, that we're going to make
4 separate bombs and we would go individually either to one
5 subway line or different subway lines.

6 Q Was the plan at this point still to conduct the attack
7 during Ramadan?

8 A Yes and no. Our initial was yes to Ramadan, but when
9 Zarein -- I told Zarein that my attempt didn't succeed in
10 Colorado. So he was looking for his brother-in-law apartment.
11 If that was available, we would have started then.

12 Q You told us it didn't end up being available, so what
13 decision did you make in light of that fact?

14 A We were talking and tried to figure it out, and then I
15 told Zarein that, hey, you know what? I go back to Colorado
16 and I would figure it out. I would find -- Colorado is less
17 crowded and less, you know -- so I will do something in
18 Colorado to figure it out.

19 Q Why did you think that Colorado was less crowded, to make
20 it a better place to build a bomb?

21 A Because colorado is, you know, wide. It's not so close
22 like New York City is millions of people in very small area.
23 Colorado is more open and very good area, you know, very
24 uncrowded, I would say.

25 Q Did you plan to build the entire bomb in Colorado or just

N. Zazi - Direct/Ms. Ahmad

204

1 a portion of it?

2 A No, I was planning to just to make the detonator part.

3 Q Why only the detonator?

4 A The reason for that was because in my notes, I already
5 put that my main bombs would not last more than three days,
6 the most, three days. So if I made those, I would not have
7 enough time to bring it with me to New York.

8 Q So where were you planning to build the main bomb?

9 A I was planning to make in New York.

10 Q You were going to do that within three days of the
11 attack?

12 A If the bomb got, you know, every compound is ready and
13 the bomb is ready, then right away.

14 Q Now, when you returned to Colorado, did you again attempt
15 to acquire the ingredients you needed for the detonator?

16 A Yes, I did.

17 Q Remind us again what these ingredients are.

18 A This time, I got all the ingredients correctly. The
19 ingredients were acetone peroxide, hydrogen peroxide,
20 hydrochloric acid, baking soda. I had a calculator and a
21 scale and other items that I brought with it.

22 Q So starting with the hydrochloric acid, did you again buy
23 the version that was in toilet cleaners?

24 A No, this time, I find in Lowe's the pure form of it.

25 Q Lowe's, you said?

N. Zazi - Direct/Ms. Ahmad

205

1 A Yes.

2 Q The home goods store?

3 A Hardware store.

4 Q Okay. And what about the acetone, where did you get the
5 acetone from?

6 A I think I got it from the hair salon.

7 Q What about the hydrogen peroxide?

8 A I got it from that beauty supply store.

9 Q What was the approximate concentration of the hydrogen
10 peroxide that you found in the beauty supply store?

11 A I think it was close to 20 percent. I don't recall the
12 exact, but I know it was higher than previously I know or what
13 I had experience.

14 Q Did you find that hydrogen peroxide at a lower
15 concentration is available in other places?

16 A Yes.

17 Q What locations, what other locations was a lower
18 concentration of hydrogen peroxide available at?

19 A Pharmacy, hair salon. Those are the two places I found.

20 Q What was the approximate concentration of the hydrogen
21 peroxide that was available in pharmacies?

22 A It was very low, I just don't know. It was three or four
23 percent, something in that range.

24 Q Were you at all concerned that it might look strange to
25 the people who worked in the shops for you to be purchasing

N. Zazi - Direct/Ms. Ahmad

206

1 all these beauty supply ingredients?

2 A I didn't think it would be strange, because I know people
3 uses it. I mean, people buys it for their house, you know.
4 So I try not to buy it at one time all of it. I tried it in a
5 different occasion. So I didn't thought of it to be any
6 reason for them to ask me anything about it.

7 Q Besides not buying it all at once, did you take any other
8 steps to make your purchases look normal?

9 A Yes. I bought extra items with it that I didn't needed,
10 like to polish your nail, lipstick and -- I don't remember
11 some stuff that it wasn't -- that I needed to.

12 Q Did you have a plan for what you would say if you were
13 questioned by anyone as to why you were purchasing these
14 things?

15 A Yeah. I would -- I had a plan that I'm going to say to
16 them that I'm buying it for a house. I was buying for my,
17 like our womans in our house.

18 Q The women in your house, you said?

19 A Yes.

20 Q Now, where did you store these ingredients once you
21 purchased them?

22 A I bought a very little of it beforehand, but I bought
23 these once -- once I found it, that where I could get it, I
24 rented a home -- I mean a suite. Once I rented that, then I
25 went into those stores and I just grabbed them and brought

N. Zazi - Direct/Ms. Ahmad

207

1 them to the -- directly to the suite that I rented.

2 Q You rented a suite at a hotel?

3 A Yes, I did.

4 Q Do you remember what hotel?

5 A Yes, Homestead Suites.

6 Q You rented that suite for what purpose?

7 A To make the acetone peroxide detonator powder.

8 Q And how many times did you rent a suite at the Homestead
9 Suites?

10 A I did it twice.

11 Q And the first time, how long did you rent it for?

12 A Somewhere -- either it was two or three days. I know it
13 was two days, but I just don't recall the third day.

14 Q So you said that you acquired most of the ingredients
15 once you already rented the suite?

16 A Yes.

17 Q Was there anything that you had gotten beforehand and
18 stored yourself?

19 A Yeah. I think I got acetone peroxide.

20 Q Okay. And where did you store that, if you remember?

21 A I stored it -- we have an apartment and then outside of
22 our apartment, we had a small storage room, and we had a house
23 boxes, luggages and I found one luggage and I just store it
24 there.

25 Q Besides the chemicals we've talked about, did you buy any

N. Zazi - Direct/Ms. Ahmad

208

1 other supplies in order to build the detonator?

2 A Yes, I did.

3 Q What were those?

4 A I bought light bulbs, Christmas light bulbs. I bought
5 batteries. I bought a scale. I bought goggles, gloves --

6 MR. NASEER: Objection.

7 THE COURT: Is there an objection?

8 MR. NASEER: Yes.

9 THE COURT: The objection's overruled.

10 Go ahead.

11 A Gloves, mask and stuff like that.

12 BY MS. AHMAD:

13 Q And what was the purpose of the scale?

14 A The scale, I bought it, if I need to increase the
15 concentration, you know, then I would use the scale to, you
16 know, to see the measurement and the concentration.

17 Q Increase the concentration of what?

18 A Of hydrogen peroxide.

19 Q Now, how did you pay for the hotel room that you rented
20 to build the detonator?

21 A I bought everything with cash.

22 Q You said you paid to stay there for two nights the first
23 time?

24 A Two or three nights. I can't recall. I don't know
25 exactly.

N. Zazi - Direct/Ms. Ahmad

209

1 Q Did you actually sleep in that hotel?

2 A No, I did not.

3 Q Why not?

4 A Because I would leave home, telling family like I'm going
5 for work and then I would come home eight, nine, ten o'clock
6 at night and stay in my own apartment with my family.

7 Q What did you do during the day in the hotel suite?

8 A What I did was, like I said, when you start doing these
9 chemicals, mixing the chemicals, you need to first mix them,
10 then filter it, then afterward, you dry it. So I did those
11 three things in order.

12 Q And after you had completed those steps, had you
13 successfully built a detonator?

14 A Yes.

15 Q How do you know that you were successful?

16 A I went -- I went to make the detonator itself, like the
17 way I was told or showed. And I went into a plain area where
18 there was no houses or anybody around. And I say you know
19 what? I'm going to test it there. So I test it and it
20 explode the way I seen it before, so it actually worked.

21 Q Now, how much acetone peroxide did you build?

22 A I made, you know, approximately was close to three or
23 four bombs, you know. I had like this is enough for three or
24 four bombs.

25 Q Enough to detonate three or four bombs?

N. Zazi - Direct/Ms. Ahmad

210

1 A Yes.

2 Q And what did you do with the acetone peroxide once you
3 made it?

4 A I stored it again in the same area where I stored my --
5 like I had a scale and calculator stuff in the luggage in the
6 storage room.

7 Q And what kind of container was it in?

8 A Clear glass. I mean, clear glass bottle.

9 Q Now, once you had successfully tested the acetone
10 peroxide, did you tell anybody --

11 A Yes.

12 Q -- about it?

13 A I called Zarein and I told him about it.

14 Q What did you say to Zarein?

15 A I told Zarein that the computer that I was working on,
16 the virus that the computer had, I successfully removed and it
17 worked.

18 Q Successfully removed the computer virus?

19 A Yeah. And it worked.

20 Q And what did you intend Zarein to understand by your
21 saying that?

22 A I intended that there was a -- I don't know if the
23 confusion of him to -- because I couldn't see him, but he
24 understood that I made the bomb successfully.

25 Q And why did you use the coded language of a computer and

1 the virus?

2 A Because you can't use the words on the phone or on the
3 email or in a text, bombs and stuff like that.

4 Q You said that you went to the Homestead Suites twice?

5 A Yes.

6 Q And what did you do on your second trip to Homestead
7 Suites?

8 A The second step, I did again. I said, you know what?
9 Let me go and do this. I want to make sure that I have enough
10 acetone peroxide for three bombs that, you know, that I don't
11 have to do it in New York again, this whole process. And I
12 did it. It was good and it was more easier in Colorado than
13 in New York, it would be. So let me do this one more time, so
14 I have enough acetone peroxide that I don't have to worry
15 again about it.

16 Q By the completion of your second acetone peroxide making
17 attempt, how much acetone peroxide did you have approximately?

18 A I would say it was enough that -- it would -- for six
19 bombs, five, six bombs or maybe a little over or under. I
20 can't recall it. But I know it was there. It was more than
21 five bombs.

22 Q Now, you told us that you were trained on making two
23 types of main charges, a flour and ghee or the ghee bomb and
24 the hydrogen peroxide main charge. What main charge did you
25 intend to use for the bombs you were building?

N. Zazi - Direct/Ms. Ahmad

212

1 A I had two. I was thinking about using the flour-ghee
2 bomb.

3 Q Uh-him (affirmative response)?

4 A And at the same time, I was thinking about hydrogen
5 peroxide bomb.

6 Q Which was your preference?

7 A The preference was the flour and ghee.

8 Q Why was that your preference?

9 A Because it was easier -- easier and the ingredients are
10 very simple.

11 Q What made the process of making a flour and ghee bomb
12 easier than the process of making the hydrogen peroxide bomb?

13 A Actually, they're both easier, but what it is for
14 hydrogen peroxide, you need a lot of hydrogen -- hydrogen
15 peroxide and then you needed to concentrate to 85 percent.

16 So I thought of it that that now again, I have to
17 look for a lot of hydrogen peroxide. So instead of doing
18 that, I would, you know, do the other one, the flour and ghee,
19 because you need a very little amount of hydrogen peroxide for
20 that.

21 Q Did you run into any problem when you were thinking about
22 how to construct the flour and ghee bomb?

23 A Yes, I did.

24 Q What was that?

25 A My original notes that Zarein had it, I had it in it,

N. Zazi - Direct/Ms. Ahmad

213

1 what ingredients do I need for it, the exact ingredients and
2 the exact mixture, and for some reason, I did not copy those
3 to my brief notes.

4 Q So what did you decide to do when you found out that you
5 were lacking that information?

6 A When I saw my notes that the ingredients for flour and
7 ghee was not there, I tried to contact Zahid, you know, to get
8 it from him.

9 Q How did you try to contact Zahid?

10 A What I did was, I called my relative in Pakistan. He's a
11 young boy, teenager. I told him that Zahid, a guy named
12 Zahid, and he owes me some money -- or I owe him some money,
13 and I would like to return his money. Would you please take
14 my information to the such and such store in the such and such
15 area and give it to him, and ask, so that he could contact me.

16 Q Had you had any contact at all with Zahid since the time
17 you returned from Pakistan in January 2009?

18 A I did not have directly contact with, but he did try to
19 contact me.

20 Q How do you know that Zahid tried to contact you?

21 A My cousin, Amanullah, when he came back to U. S. From
22 Pakistan, that's where he told me that -- when I saw him in
23 Colorado. He told me that Zahid contacted my family over
24 there couple of times, asking about me.

25 Q Did you ever check the email accounts that you had given

N. Zazi - Direct/Ms. Ahmad

214

1 Zahid to contact you at?

2 A No, I did not.

3 Q Why not?

4 A Because I had a notebook over there when I left Pakistan.
5 For some reason, I forgot to take that with me. And so I had
6 no contact information. His phone number was with me and his
7 email that I copied, I put it with his phone number.

8 Q His email, meaning an email --

9 A No, my email. I'm sorry. That one that I give it to
10 him.

11 Q Okay. So you had only written it down in that notebook
12 that you didn't have?

13 A Yes, I put it in Pakistan, but when I came to U. S., I
14 forgot to bring it with me.

15 Q Did you remember the email address you created?

16 A No, because I made a new unique email address that was
17 not closer to the ones that I had before. So it was a lot of
18 numbers and everything on it, so then I forgot to remember it.

19 Q Now, when you asked your cousin to find Zahid and tell
20 him that you wanted to pay him back the money, was that true
21 that you really wanted to pay Zahid back money?

22 A Yes. It was not true.

23 Q It was not true? Okay.

24 Was your cousin eventually able to contact Zahid?

25 A He did.

N. Zazi - Direct/Ms. Ahmad

215

1 Q And did Zahid reach out to you?

2 A Yes, he did.

3 Q How did Zahid reach out to you?

4 A He reach at my email and he send me his email.

5 Q Okay.

6 MS. AHMAD: Your Honor, I'd like to show the witness
7 an exhibit that's marked for identification as 500.01.

8 THE CLERK: Could you repeat that?

9 MS. AHMAD: Yes. It's 500.01.

10 BY MS. AHMAD:

11 Q Mr. Zazi, this is five-page exhibit, so I'm going to take
12 you through each of the five pages and then ask if you
13 recognize them. What are these documents?

14 A (Perusing documents.) These are the some of the emails
15 that I sent to Zahid and the emails that I received from him.

16 Q Were these sent and received from your email account?

17 A Yeah. I send it from my email account, right.

18 MS. AHMAD: Your Honor, the Government would move to
19 admit Government Exhibit 500.01.

20 THE COURT: Any objection?

21 MR. NASEER: Yes, sir.

22 THE COURT: May I see it?

23 MS. AHMAD: Yes, your Honor. (Hands to clerk.)

24 THE CLERK: (Hands to the Court.)

25 THE COURT: (Perusing document.)

N. Zazi - Direct/Ms. Ahmad

216

1 All right. The documents are in evidence. The
2 objection is overruled.

3 MS. AHMAD: May I publish them to the jury?

4 THE COURT: Go right ahead.

5 (Publishes exhibit to the jury.)

6 BY MS. AHMAD:

7 Q Mr. Zazi, I'm directing your attention to page one of
8 Government Exhibit 500.01. Let me ask you first in the two
9 lines whose email address is that?

10 A That's my email address.

11 Q And in the subject, in the "from" line, whose email
12 address is that?

13 A That's the email I received from Zahid.

14 Q And what is the date of this email?

15 A It's 9-6-2009.

16 Q Can you please read the email to us?

17 A "AOA" -- mean "As-Salaam Alaikum" -- "Hi. How are you?
18 How is your life going? I need to Muhammad email address or
19 phone number. If you have, then reply me on the same address
20 in which I mailed you."

21 Q All right. It says "AOA." It means As-Salaam Alaikum.
22 What does As-Salaam Alaikum mean?

23 A This is our greeting, Muslim greeting, peace be upon you
24 and blessings be upon you.

25 Q And the reference to needing Muhammad's email address,

N. Zazi - Direct/Ms. Ahmad

217

1 what is your understanding of who Muhammad is in this email?

2 A It's Adis Medunjanin, which his alias is Muhammad.

3 That's what he's asking about him.

4 Q Now, had you ever heard of this email address before,
5 sana_pakhtana?

6 A No, that was the first time I ever heard this email.

7 Q And what is "Sana"?

8 A I don't know what Sana is, but it seems like a female
9 name.

10 Q Have you heard of a female named Sana before?

11 A Not that I know. We have a -- we have a saying in the
12 words like "a" after a word, after a name, refers to a female.

13 Q Okay. And what about "pakhtana," what does that refer
14 to?

15 A That's a female Pashtun identity for a female. You say
16 "pakhtana."

17 Q And was Zahid Pakhtun?

18 A He's a male. He's Pakhtun.

19 Q Now, you hadn't heard of this email address before. How
20 did you know this email came from Zahid?

21 A The plain indication of this email is that the subject
22 itself, saying "Zahid" here and also, he knows, you know, Adis
23 and in it, which is Muhammad, which is a clear indication to
24 me that it's from Zahid himself.

25 Q And did you respond to the email?

N. Zazi - Direct/Ms. Ahmad

218

1 A Yes, I did.

2 Q Before we get to your response, I want to direct your
3 attention to another version of this email, which is page two
4 of this exhibit. Can you read the line beginning at
5 "moreover"?

6 A "Moreover, how is your business and family? If you need
7 something, then please tell me every time. Say my Salaam to
8 all friends and family members. Take your good care in
9 Allah."

1 EXAMINATION BY

2 MS. AHMAD:

3 (Continuing.)

4 Q And what is your understanding of what Zahid meant how is
5 your business and family?

6 A I took it from this at that time that he's just want to
7 make the e-mail more local legit and more like common e-mail
8 that a person would send to each other. So he's using words
9 that, you know, to say how I am and how's my family how's my
10 business.

11 Q You have the same understanding with the rest of the
12 e-mails. Pay my salaam to my friends and family members?

13 A When friends I knew that he said referring to my other
14 two friends. And family members he just adding that to it.

15 Q When you say he was referring, you knew he was referring
16 to your other two friends. Is that what you mean?

17 A I'm not going to say that that's what he means but I
18 noticed when he said friends I noticed that he's giving me
19 indication that how is my friends, you know, my two friends
20 Adis and Zarein.

21 Q And what is Allahu Akbar?

22 A It's basically a greeting of Allah. It means may God
23 protect you.

24 Q Directing you now to Page 3 of the next exhibit. Is this
25 your reply to Zahid?

N. Zazi - Direct/Ms. Ahmad

220

1 A Yes.

2 Q Can you please read it to us?

3 A I said Zahid, assalaam alaikum. How are you and good to
4 hear from you. And also salaam on our friends and family.
5 How is your work? Everything is all right? Zahid, listen, I
6 need amount of one mixing of flour and ghee oil and I do not
7 know the amount, please, right away and my phone number
8 is(303) 500-2877?

9 Q And so, what do you mean in the first half of the e-mail,
10 hi, how are you? Good to hear from you. Salaam to your
11 friends and family how is your work?

12 A The first part is just, you know, just, like, how are you
13 and just asking how are you, you know, how's everything with
14 you.

15 Q What was the purpose of including that in this e-mail?

16 A Again, I used it just to make the e-mail look normal.

17 Q When you ask him for the amount of one mixing of flavor
18 and ghee oil.

19 First thing, did you may mean flavor or you read it
20 flour?

21 A No, actually, I messed up the --

22 Q The spelling?

23 A The spelling. I didn't mean by that it's flour and ghee
24 oil.

25 Q So what did you mean when you asked him the amount of one

N. Zazi - Direct/Ms. Ahmad

221

1 mixing of flour and ghee oil?

2 A I wanted him to give me the measurement and the amount of
3 each one. Actually, measurement of each one to mix. Just
4 send me, please, the right measurement.

5 Q And this is for the bomb?

6 A That's for the flour and ghee.

7 Q Now, why were you nervous referring explicitly to flour
8 and ghee oil in this e-mail?

9 A Because flour and ghee oil I thought of it it's just
10 normal words. And, at the same time, I was referring to him
11 that the bomb I'm talking about is the flour and ghee bomb.

12 Q Now what's the date of this e-mail?

13 A It's the same, 9/6/2009.

14 Q Where were when you sent it?

15 A I do not rather exact location where I was.

16 Q Do you remember in you were in Colorado or New York
17 State?

18 A No that I remember I was in Colorado.

19 Q Directing you to the next page of this exhibit, Page 4.
20 This is an e-mail written by whom?

21 A That's written by myself.

22 Q Okay. Can you read it to us?

23 A Again, assalaam alaikum happy Ramadan to you and to your
24 family and friends. How are you? All of us over here are
25 good and working fine. Please reply to what I asked you right

N. Zazi - Direct/Ms. Ahmad

222

1 away. The marriage is ready flour and oil, meaning, flour and
2 ghee oil.

3 Q What does the marriage is ready mean?

4 A That's the word or that's the code that we agree upon in
5 Peshawar, me and Zahid, when the operation is ready that is
6 the word that I'm going to use.

7 Q Flour and oil, what does that mean?

8 A Again, I'm asking for the mixing, the mixture of flour
9 and ghee measurement.

10 Q And why did you include the rest of this the language in
11 this e-mail?

12 A Because I just want to make it again like the e-mail is
13 just normal, you know.

14 Q Okay.

15 Directing your attention to the last page of this
16 exhibit. This is an e-mail written by whom?

17 A This is again by me.

18 Q And sent to who?

19 A It Zahid.

20 Q Okay. Can you, read it to us?

21 A Assalaam alaikum, Zahid, brother. How are things going
22 on with you and how are you friends. Me and friends are all
23 okay and please send me details about ghee and flour mixtures
24 right away, please.

25 Q When you said, "Me and friends are all okay," what

N. Zazi - Direct/Ms. Ahmad

223

1 friends are you referring to?

2 A My other two friends, Adis Medunjanin and Zarein
3 Admedzay.

4 Q And seems to be in a larger font than the others.

5 A Yes. I just wanted to get his attention that just send
6 me that quickly by the time I get to New York.

7 Q You keep saying right away, please, in these e-mails what
8 is the urgency?

9 A I wanted to have the mixture before I make it to New York
10 and before I see Zarein. So I didn't want to, you know, be
11 confused there, you know which one. So if I get it by then by
12 I get to New York then we will start looking for this
13 mixtures. If not, then I'm going to start proceed with the
14 hydrogen peroxide bomb.

15 Q Now, what's the date of this e-mail?

16 A 9/7/2009.

17 Q So it's only 24 hours, approximately, after the first
18 e-mail you exchanged with Zahid?

19 A Yes, that's right.

20 Q Did you get a reply from Zahid to this e-mail?

21 A I was traveling after that so I don't know if I ever get
22 the additional e-mail from him.

23 Q Okay. And where did you travel after that?

24 A I traveled from Colorado to New York.

25 Q Okay.

N. Zazi - Direct/Ms. Ahmad

224

1 And were you still planning to build the main charge
2 once you got to New York?

3 A Yes.

4 Q Now, what was your plan regarding how to build the main
5 charge if you've never heard back from Zahid about the mixture
6 of flour and ghee oil?

7 A Then I would use my, like, the second preferred which is
8 hydrogen bomb.

9 Q Okay.

10 Now, approximately when did you travel from Colorado
11 to New York?

12 A I would say the 9th of September.

13 Q What year again?

14 A 2009.

15 Q And how did you plan to travel to New York at that time?

16 A I rented a car and I wanted to drive from Colorado to
17 New York.

18 Q Why did you want to drive rather than fly on that trip?

19 A Because I could not take with me the acetone peroxide
20 with me on a plane. That would be, like, easy caught and so I
21 wanted to come in a car with me.

22 Q Is there any other reason why you didn't want to fly?

23 A That's was one reason and thing is reason not to give,
24 not to come again in the computers of government that I'm
25 again in New York instead of being in Colorado.

N. Zazi - Direct/Ms. Ahmad

225

1 Q You mean the computers of the Government that
2 would -- monitor travel?

3 A The travel where your location is.

4 Q Okay. Now, how did you rent the car?

5 A I told my father that I needed the car to go to Chicago
6 and, you know, if you could help me out get a rental car.

7 Q Why did you need your father's help?

8 A The reason was that the car company the rental company
9 needs a credit card for you to get a card.

10 Q And did you have any credit cards?

11 A No, I did not.

12 Q Why not?

13 A Like I said earlier, I maxed to up so I had no cards at
14 that time.

15 Q Now, why did you tell your father that you were going to
16 Chicago?

17 A I told my father that in Chicago there is Imam came from
18 other country who is going to give lectures and speeches on
19 Ramadan which is our holy month and I will like to, you know,
20 go and attend. It will be, you know, appreciated from you if
21 you could give me a rental car.

22 Q Was that true?

23 A No, it was not.

24 Q At the time you left Colorado, did you expect to ever see
25 your family men?

N. Zazi - Direct/Ms. Ahmad

226

1 A No, I was that was the last time.

2 Q Around what day, time of day, was it that you started out
3 on your drive?

4 A Early morning after I pray my morning prayers before
5 sunrise.

6 Q Were you with anyone else?

7 A No I drove alone.

8 Q What did you bring with you on the trip?

9 A I had my luggage which had clothes, the calculator, the
10 scale, my laptop. I had water. I had hydrochloric acid with
11 a class. I had acetone peroxide that I made and I had other
12 items like scotch tape, light bulbs, gloves and stuff like at
13 that.

14 Q Where did you store the acetone peroxide?

15 A I did it. I put it in my luggage.

16 Q Was your luggage like a suitcase?

17 A Yes, it was a box luggage which I had in my trunk and I
18 put it inside.

19 Q And where did you store the hydrogen peroxide?

20 A That's where I put it in the luggage, hydrogen peroxide
21 in the luggage.

22 Q I'm sorry, I meant the hydrochloric acid?

23 A That was in the gallon I just wrap it up in a plastic bag
24 it was in the trunk next to my luggage.

25 Q What about the scale and the calculator and the light

1 bulbs?

2 A They were all in the luggage of mine.

3 Q Why were you bringing more hydrochloric acid with you
4 even though you already made detonator?

5 A You know, the reason I had that with me for two reasons.
6 One was that I thought the third ingredient for now and ghee
7 would be hydrochloric acid or it could be hydrogen peroxide.

8 So I didn't want to go back to Lowe's just to look
9 far hydrochloric acid again. But when I noticed in the
10 Internet when I was looking for hydrochloric acid it shows
11 only couple of Lowes that had to so I didn't want to again
12 look in New York for hydrochloric acid that's why I brought it
13 with me.

14 Q Why did you bring your laptop?

15 A The laptop I wanted to use it for my communication with
16 Zahid. If he wanted to make videos, we send it through my
17 computer, laptop. And, you know, use -- and also use for
18 locations, like, if I want to look for motel or hotel and
19 other places.

20 Q What kind of videos were you contemplating making?

21 A The videos that I was, you know, told by Abdul Hafiz and
22 Hamad that, when the operation is ready and you guys about it
23 go, you should make videos of your farewell, meaning, your
24 last words and your message. So those were the videos I was
25 looking for.

N. Zazi - Direct/Ms. Ahmad

228

1 Q Did you have a copy of your bomb making notes with you?

2 A No, I deleted them because I knew I could any time I open
3 my e-mail and bring it back in my computer.

4 Q Now, about how long did this car trip from Denver to
5 New York take?

6 A From 6:00 a.m. the morning that I left the house I
7 reached around 1:00 o'clock afternoon the next day in
8 New York.

9 Q Did you have any encounters with law enforcement along
10 the way?

11 A Yes, I did.

12 Q How many?

13 A Twice.

14 Q Tell us about the first time?

15 A The first time was in Colorado still in the highway close
16 to Kansas. I got pulled over for speeding.

17 Q Okay.

18 Did the officer ask you any questions?

19 A He did. He asked me where I was going and what was my
20 purpose of going to the location I was going.

21 Q And what did you tell him?

22 A I told him that I'm going to New York. I used to live in
23 New York and New York is like my hometown. And I'm going to
24 take care of my business that are under, you know, somebody
25 close by who are taking our business. So I'm going to fix the

N. Zazi - Direct/Ms. Ahmad

229

1 issue there.

2 Q Is that true?

3 A No, it was not.

4 Q Did you get a ticket?

5 A I get a warning from him but not a ticket.

6 Q So what day was it that you reached New York? You said
7 you left on September 9th?

8 A I reached Thursday. Thursday of that week.

9 Q And as you were approaching New York, did you contact
10 anyone?

11 A Yes, I did.

12 Q Who did you contact?

13 A I called Zarein and I called him that I'm about to cross
14 the bridge, George Washington Bridge, and I'll be at your
15 house in less than 30 minutes or 40 minutes.

16 Q And were you planning to stay with Zarein?

17 A No, I was not.

18 Q Why not?

19 A Because my intention was not to be known in New York,
20 that I'm back in New York. My intention, or our intention,
21 was that we are, you know, I'm going to look for a hotel or
22 suite and make a bomb and afterward go with the martyrdom
23 operation.

24 Q Were you planning to see anyone in New York other than
25 Zarein and Adis?

N. Zazi - Direct/Ms. Ahmad

230

1 A No, I was not.

2 Q And had you soon did you expect the martyrdom operation
3 would occur once you arrived in New York. How soon
4 thereafter?

5 A I knew that it would be less than two weeks because you
6 have to look for the items, bring the items. So I know it
7 would take -- my estimate was maybe close to a week but I knew
8 that it would not take more than two weeks, it would be less
9 than two weeks. So one, two, that's what I was guessing.

10 Q Okay.

11 And you hadn't made your martyrdom videos yet?

12 A No.

13 Q You hadn't made a main charge yet?

14 A No.

15 Q Where were you the second time you were stopped by law
16 enforcement?

17 A After I pay the toll on George Washington Bridge. That's
18 where I was stopped.

19 Q Tell us about that stop.

20 A I pay my toll and I saw police officer. He saw me in my,
21 you know, my eyes contacted his eyes, and he start pulling me
22 over to the side and that's where I noticed that, you know,
23 that this is kind of for me and not, you know, just general.

24 Q Okay. Did you have any discussions with the police
25 officer?

N. Zazi - Direct/Ms. Ahmad

231

1 A Yes, I did.

2 Q Were you inside the car or outside the car when you had
3 those discussions?

4 A No I was outside the car I had discussion with him.

5 Q What did he ask you?

6 A Oh, he asked me about what was my purpose in New York
7 coming from Colorado. So I explained to him about the whole
8 my purpose is, what I'm here for, so that was my conversation
9 with him.

10 Q What did you tell him you were there for?

11 A I told him that I'm here to visit and fix the issue of my
12 coffee cart that I had located on Stone and Broadway and I am
13 here for a couple of few days if I am going to stay at such
14 and such location just to pick the problem that I have in
15 Manhattan.

16 Q While you were talking to the officer, could you see your
17 car?

18 A Yes, I could see my car.

19 Q What did you observe was happening by your car?

20 A I saw that the officers were surrounding my car, looking
21 through the window, seeing the car if there is anything
22 unusual in it. And then I saw they took out a sniffing dog
23 from a room and met the dog, I believe, walked twice or take
24 around my car.

25 Q Where within your car was the acetone peroxide at this

N. Zazi - Direct/Ms. Ahmad

232

1 point?

2 A Everything was in the trunk, but acetone peroxide was in
3 my luggage.

4 THE COURT: In your luggage in the trunk?

5 THE WITNESS: Yes.

6 Q Did the officers open the trunk at all?

7 A No. The dog didn't find anything so they didn't open the
8 trunk.

9 Q And what happened after that? Did they stop you or did
10 they left you proceed?

11 A No they let me go.

12 Q And where did you go?

13 A I went directly to Zarein's house to meet him.

14 Q And what did you do when you got to Zarein's house?

15 A You know, I got already nervous from the encounter I had
16 with police. So, when I got to Zarein, I called him come
17 down. And, as soon as he came down, I gave him the acetone
18 peroxide to take it upstairs.

19 Q Why didn't you, yourself, go upstairs to Zarein's
20 apartment?

21 A I didn't want -- first of all, I didn't want to to be
22 known to anybody that I'm in New York. And, second of all,
23 that he has a family, he was living with his parents, so I
24 don't want to go upstairs.

25 Q Why did you give him the acetone peroxide?

N. Zazi - Direct/Ms. Ahmad

233

1 A To secure that right away, you know. Keep him safe in
2 case I'm stopped again.

3 Q What did he do with it?

4 A He took it upstairs.

5 Q Did he come back down?

6 A Yes, he did.

7 Q What did you do when you came back down?

8 A We got into a car, you know, I told him to get in and we
9 start -- I start telling him about the whole experience from
10 Colorado to all the way to George Washington Bridge and
11 explained to him what exactly happened to me.

12 Q Where were you when you were having this conversation. I
13 know you were in the car but were you parked outside his house
14 or were you driving around?

15 A No, we were driving around.

16 Q Did anything else happen as you were driving around and
17 talking about this?

18 A Yes. What happened was that we saw we noticed there
19 were, like, three cars, three or four cars, that keep, you
20 know, coming in our mirrors and we noticed that they're
21 following my car.

22 Q What, if anything, do you decide to do when you realized
23 you might be being followed?

24 A That was it. Once we saw that they're, you know, the
25 police are following us I told him I said that's it, man, our

N. Zazi - Direct/Ms. Ahmad

234

1 plan is over we done and let's get this thing, you know,
2 cleaned up and we're done with this whole thing.

3 Q What do you mean by getting this thing cleaned up?

4 A I mean, I told him that I have some of the stuff, like,
5 hydrochloric acid and other items in my car. And so, I told
6 him that I need to clean my stuff in my trunk. So, you know,
7 so that if I get stopped again I will not have these things
8 with me?

9 Q So what do you mean by clean?

10 A Clean meaning destroy or garbage it or, you know, throw
11 it way.

12 Q Where did you go?

13 A You know, we were driving around. We stopped for five
14 minutes then we drove, like, we come up with that timing for
15 prayer is close by and we were close to one of the mosques
16 that was in that area. We agreed upon that we shall go to
17 that mosque and destroy our items or throw our items there.

18 Q Why did you think the mosque would be a safe place to
19 destroy the items?

20 A Two reasons. One that we had no other mace to go because
21 the police were following. And second, we know that the
22 mosque has a garage which is closed, indoor garage. I said we
23 would go in, and then take our stuff, and just go straight to
24 the, you know, mosque downstairs or basement so we could throw
25 away the stuff.

N. Zazi - Direct/Ms. Ahmad

235

1 Q So what did you do when you got to the mosque?

2 A Got out from the car, we parked the car inside the
3 garage. Got out, took my stuff from the trunk, the
4 hydrochloric acid, and Zarein went into the basement to dump
5 the hydrochloric acid. And I went into the garbage can and
6 through my other stuff away.

7 Q What other stuff did you throw away?

8 A I throw away the plastic bag that contained gloves,
9 Christmas lights, scotch tape, some other minor things. I
10 don't recall what was in it but those were the stuff that I
11 throw away.

12 Q Did anyone follow you into the mosque's garage?

13 A Not that I recall that anybody if, you know, I didn't see
14 because we entered the mosque quickly.

15 Q And what did you do after you and Zarein had disposed of
16 all of these items?

17 A We stayed for, like, for hour or so. And then we prayed
18 our afternoon prayer and then we left for the mosque.

19 Q When you left, where did you go?

20 A We left, when I left from that mosque with Zarein and
21 there was one person, he needed a ride, give him the ride and
22 drop Zarein at his place and I went straight to Abu Bakr
23 Mosque which was the mosque I previously attended and was my
24 local mosque.

25 Q What happened when you got to Abu Bakr Mosque.

N. Zazi - Direct/Ms. Ahmad

236

1 MS. AHMAD: I'm sorry, let me ask you first.

2 Q Why did you decide to go to Abu Bakr Mosque?

3 A This is the mosque, I knew a lot of people in it, and it
4 was my local community mosque. And I know some of my friends
5 and other people would be there, too. So I was more secure
6 there than in Muslim Center because I didn't know too much
7 about the Muslim Center people.

8 Q Muslim Center was the mosque where you had thrown away
9 the bomb parts?

10 A Yes, that's correct.

11 Q Okay. So what happened when you got to Abu Bakr Mosque?

12 A I went inside the mosque. I met people from there, like,
13 my previously I known them. And I stayed there for the
14 evening prayer and then eventually I met my co-defendant, Adis
15 Medunjanin.

16 Q What happened when you see Adis Medunjanin there?

17 A We greet each other and then I told him that the police
18 are following me and the mission is over, it's done.

19 Q How did you express that to Adis?

20 A I expressed to him through, I wrote on my phone. I
21 wrote, you know, with those ABC, that alphabets. I wrote that
22 the police is following me and the mission is over and I show
23 it to him and he understood that.

24 Q You just showed him the screen of your phone on which you
25 typed that?

Colloquy

237

1 A Yes.

2 Q Did you actually send him the message?

3 A No, I did not.

4 Q Why not?

5 A You know, sending is different, you know, because when
6 you send something it stays in record. So I just wanted to
7 show it to him and then clear the screen.

8 THE COURT: All right. We're going to break. We're
9 almost finished with the testimony, direct testimony, of this
10 witness. We will complete it early tomorrow morning.

11 So you had your first day. You'll notice one thing
12 that sitting still for a long period of time concentrating on
13 what's being said involves enormous physical energy. You're
14 going to be tired, so get a good night's rest. We need you
15 well rested.

16 Tomorrow we go back for our 9:30 start. The weather
17 is projected to be good, not good. And, of course, don't
18 discuss the case.

19 It's likely, candidly, that after the first day of
20 trial there will be some stories. Please be as I said before
21 vigilant. Turn your attention away from those stories, don't
22 read them. When the trial is over you can read all about it
23 if you want but don't read the stories. Your job is here in
24 the courtroom the information that's important to you is here
25 in the courtroom.

Colloquy

238

1 And, with that, we thank you again for your timely
2 arrival. We look forward to seeing you for 9:30 start
3 tomorrow morning.

4 Good night.

5 COURTROOM DEPUTY: All rise.

6 (Jury exits courtroom at 4:57 p.m.)

7 THE COURT: All right. Just as soon as the witness
8 is out just I got a few things to say.

9 (Witness takes the witness stand.)

10 THE COURT: I remind you that Juror Alternate 3 has
11 some sort of an employment related concern and with your
12 permission I will interview him with the court reporter and
13 report to you in the morning.

14 Is that acceptable to the Government?

15 MS. AHMAD: That's fine, your Honor.

16 THE COURT: Mr. Naseer?

17 MR. NASEER: That's fine.

18 THE COURT: I'll be available early in the morning
19 should you need to speak to me for any reason. Have a good
20 night.

21 MR. CANTY: Your Honor.

22 THE WITNESS: No, sir. Sir.

23 MR. CANTY: With respect to the issue MDC, we've
24 heard back from legal counsel. They've informed us that any
25 pat-down searches of the defendant will now be down by a male

Colloquy

239

1 officer. So I believe that problem has been relieved.
2 Resolved.

3 THE COURT: How enlightening. But that's only part
4 of the problem. The other part of the problem it has to be a
5 male officer available.

6 MR. CANTY: They're going to make one available any
7 times he needs to go to the East Visiting Room.

8 THE COURT: Mr. Naseer, if there is any problem you
9 let me know.

10 MR. NASEER: I'll let you know.

11 THE COURT: Good night.

12 MS. AHMAD: Good night.

13 (Defendant exits from courtroom at 4:59 p.m.)

Robing Room Conference

240

1 (Discussion held in Judge's robing room.)

2 (Juror No. 91, enters the robing room.)

3 COURTROOM DEPUTY: Sir, have a seat right there.

4 THE COURT: Come in, we never had a chance to meet.

5 We won't keep you more than a few minutes.

6 What's your juror number?

7 JUROR: Yes. I have a bunch of papers.

8 THE COURT: Here we go. This is Juror No. 91.

9 JUROR: Yes, sir.

10 THE COURT: Have a seat. We're here because
11 Ms. Mulqueen informs me that you have shared with her some
12 difficulties you're having with your employer.

13 JUROR: Yes, sir.

14 THE COURT: And, first of all, I'm sorry that they
15 come up and I'm sorry that they come up now. So tell me about
16 it if you would.

17 JUROR: Well, it all makes sense. I get paid by the
18 hour so if I don't go he doesn't pay me.

19 THE COURT: Doesn't pay you all?

20 JUROR: No, sir.

21 THE COURT: For the two weeks, anything?

22 JUROR: No, sir. I was thinking it would be nice if
23 I called Unemployment and get that weekly pay which is smaller
24 than the amount that I get but at least it's something.

25 THE COURT: And you get a fee here.

Robing Room Conference

241

1 JUROR: That fee that I got here.

2 THE COURT: I don't want you to go into the poor
3 house over this.

4 Are you going to be able to manage this?

5 JUROR: It's better than nothing.

6 THE COURT: Well, I mean, if it's going to be a real
7 hardship, you know, I don't want to drive you into poverty.
8 Do you have family and everything?

9 JUROR: Yes, sir. I have only my wife but I own a
10 home, so.

11 THE COURT: You got some bills.

12 JUROR: I'm the head of the household so I pay all
13 the bills and mortgage.

14 THE COURT: The name of your mirror is what.

15 JUROR: The company is [REDACTED].

16 THE COURT: [REDACTED]?

17 JUROR: Yes.

18 THE COURT: Where are they located?

19 JUROR: The office is on [REDACTED].

20 THE COURT: I see. And their policy is they don't
21 pay you at all.

22 JUROR: It's a policy. It's just, you know, I
23 started with them when it was private, used to do private
24 jobs, so I was a long time ago. So he always pays by the
25 hour. So if I don't work then I don't get paid. Simple.

Robing Room Conference

242

1 THE COURT: Well, I tell you what. I'm going to try
2 to reach out to them, I can't promise you anything, and see
3 what, if anything, we'll do.

4 JUROR: Well, sir, if you cannot do anything else,
5 like, without contacting them then I'll just have to come
6 here. I know this is my duty and I respect it.

7 THE COURT: Your duty is fine, I appreciate it, but
8 we don't expect you to go to the poor house over jury duty.

9 JUROR: Yeah, well, see I feel like if you contact
10 him it's going to bring me more hardship.

11 THE COURT: Is that right?

12 JUROR: A greater hardship than it's already been
13 done by me coming in.

14 THE COURT: If that's the case, come in tomorrow
15 morning, I have to talk to everybody else about it. But if
16 there's no solution to this, I'm going to ask everybody to let
17 you go. I appreciate your attitude, it's wonderful, the
18 willingness to serve.

19 JUROR: It's my pleasure.

20 THE COURT: It's your pleasure but it's also a great
21 hardship for you. The difference in the amount of money
22 you're getting, I assume, is significant.

23 JUROR: Yes.

24 THE COURT: Come in tomorrow morning and we'll see
25 what we can do.

Robing Room Conference

243

1 JUROR: Thank you very much for having me.

2 THE COURT: Sorry to bring you back but you got to
3 do that. I can't make the decisions unilaterally. Thank you.
4 Thank you for your attitude, I appreciate it.

5 JUROR: Thank you.

6 COURTROOM DEPUTY: Okay, sir.

7 (Juror No. 91 exits the room.)

8 (WHEREUPON, this matter was adjourned to February
9 18, 2015, at 9:30 a.m.)
